Safety Information

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury to persons.

- Read all instructions before using this appliance.
- Do not operate any fireplace with a damaged cord or plug, or if the heater malfunctions.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings.
- To prevent a possible fire, do not block air intakes or exhaust in any manner.
- Always unplug the fireplace when not in use.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Setup and Assembly

The T4TREAM Farmhouse Fireplace TV Stand and its electric fireplace unit are shipped in two separate packages. Verify all components are present against the parts list before beginning assembly. Detailed assembly instructions are included with the product.

Package Contents:

- TV Stand components (wood panels, hardware)
- Electric Fireplace insert
- Remote control for fireplace
- Assembly instructions manual

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the separate assembly instructions.
2. Assemble the main TV stand frame according to the detailed diagrams.
3. Install the sliding arched doors onto their tracks.
4. Carefully insert the electric fireplace unit into the designated opening in the TV stand.
5. Connect the fireplace power cord to a standard electrical outlet.
6. Ensure all connections are secure and the stand is stable before placing a television or other items on it.

Operating Instructions

Electric Fireplace Operation:

The 23-inch electric fireplace features independent flame and heating controls. It is designed to warm spaces up to 400 sq.ft. and operates quietly, typically under 45 dB.

- **Power On/Off:** Use the power button on the control panel or remote.
- **Flame Effect:** The 3D flame effect can be activated independently of the heating function. Brightness levels are adjustable.
- **Heating Control:**
  - **Temperature Adjustment:** Set the desired temperature between 62°F and 82°F (17°C - 28°C).
  - **Wattage:** The heater operates at 1500W.
- **Timer Function:** A timer allows for automatic shut-off.

- **Remote Control:** A remote control is included for convenient adjustment of all functions. Ensure batteries are correctly installed.

Sliding Door Operation:

The TV stand features sliding arched doors. These doors can be moved along their tracks to either cover the electric fireplace or reveal the internal storage shelves. This allows for flexible configuration of the unit.

Image: Two close-up views of the TV stand's sliding arched doors, demonstrating how they can be positioned in the middle to cover the fireplace or slid to the sides to reveal storage compartments.

Maintenance and Care

Cleaning the TV Stand:

- Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- For the waterproof imitation woodgrain sticker on the desktop, a gentle wipe is sufficient.
- Regularly dust the unit to prevent buildup.

Cleaning the Electric Fireplace:

- Ensure the fireplace is unplugged and cool before cleaning.
- Use a soft, damp cloth to clean the exterior.
- Do not spray water directly onto the unit.
- Periodically check air intake and exhaust vents for dust or obstructions and clean as necessary.

Troubleshooting

Problem	Possible Cause	Solution
Fireplace does not turn on.	No power, loose connection, power switch off.	Check power cord connection, ensure outlet is functional, verify main power switch is on.
No heat, but flames are visible.	Heater function is off, temperature setting too low.	Activate heater function via control panel or remote. Increase desired temperature setting.
Remote control not working.	Dead batteries, obstruction, remote out of range.	Replace batteries. Ensure clear line of sight to fireplace sensor. Move closer to the unit.
Sliding doors are stiff or stuck.	Debris in tracks, misaligned door.	Clean tracks of any dust or debris. Gently re-align the door on its track.

Specifications

- **Model:** B0FYP1JSQN
