IRONCK HK-ZJJGB-LL01

IRONCK 71-inch Corner Bar Cabinet User Manual

Model: HK-ZJJGB-LL01

Brand: IRONCK

1. SAFETY INFORMATION

Always secure the cabinet to the wall using the provided anti-tipping mechanism to prevent accidental tipping. Follow all assembly instructions carefully to ensure safe and stable installation. Keep small parts away from children and pets during assembly. Do not overload shelves. Ensure all electrical connections are secure and follow local electrical codes.

2. PRODUCT OVERVIEW AND FEATURES

The IRONCK 71-inch Corner Bar Cabinet is designed to optimize corner space while providing ample storage and modern amenities. It features a marble-finish design with gold metal accents, suitable for various home decor styles.

- **Corner Design:** 90° right angle and curved line design for efficient use of corner spaces.
- **Integrated Power Outlets:** Includes two AC outlets, one USB port, and one Type-C port with a 3.9-foot power cord for convenient device charging and appliance use.
- **LED Lighting:** Stylish LED light strip with six adjustable colors, controllable via remote or a dedicated app, to enhance ambiance.
- **Ample Storage:** Features 3 open storage shelves, 2 rows of wine glass racks on the top shelf, and double-layer adjustable cabinet doors at the bottom for flexible storage of bottles, glasses, and accessories.
- **Durable Construction:** Made from high-quality, thickened medium-density fiberboard and a sturdy metal frame for stability and longevity.
- **Safety Features:** Smooth, rounded design and an anti-tipping mechanism for enhanced safety.

3. ASSEMBLY INSTRUCTIONS

This cabinet is designed for straightforward assembly. Please follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure all components are present before beginning assembly.

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify against the parts list in the assembly manual.
2. **Identify Parts:** Each component is labeled for easy identification. Refer to the diagrams in the assembly manual.
3. **Follow Step-by-Step Guide:** Assemble the cabinet sections in the order specified. Use the provided installation tools.
4. **Secure Anti-Tipping Mechanism:** Once assembled and placed in its final position, securely attach the anti-tipping hardware to the wall as instructed to prevent hazards.

4. OPERATING INSTRUCTIONS

4.1. LED Lights Operation

The integrated LED light strip offers customizable illumination for your cabinet. It can be controlled via a remote control or a dedicated mobile application.

- **Remote Control:** Use the included remote control to power the lights on/off, change colors (six adjustable options), and adjust brightness.
- **App Control:** Download the specified mobile application (refer to the separate LED light manual for app name and QR code) to access advanced controls, including a wider range of colors, dynamic lighting modes, and scheduling features.

4.2. Power Outlets Usage

The cabinet includes built-in power outlets for convenience.

- **AC Outlets:** Two standard AC outlets (120V/12A) are available for powering small appliances or charging devices.
- **USB & Type-C Ports:** One USB port and one Type-C port (5V/2A) are provided for direct charging of compatible electronic devices.
- **Power Connection:** Connect the cabinet's 3.9-foot power cord to a standard wall outlet.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your IRONCK Corner Bar Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining, especially on the marble-finish surfaces.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Electrical Components:** Ensure the power cord is not pinched or damaged. Do not attempt to repair electrical components yourself.

6. TROUBLESHOOTING

If you encounter issues with your cabinet, refer to the following common troubleshooting tips:

- **LED Lights Not Working:**

- Ensure the cabinet's power cord is securely plugged into a working wall outlet.
- Check if the remote control battery needs replacement.
- Verify that the LED strip connection is secure.

- **Power Outlets Not Functioning:**

- Confirm the cabinet is plugged into a live power source.
- Test the wall outlet with another device to ensure it is working.
- Avoid overloading the outlets; check the maximum current rating.

- **Cabinet Instability:**

- Ensure all assembly screws are tightened.
- Verify the anti-tipping mechanism is correctly installed and secured to the wall.
- Place the cabinet on a level surface.

For issues not covered here, please contact IRONCK customer support.
