SMOTURE VAC02

SMOTURE VAC02 Cordless Vacuum Cleaner User Manual

Model: VAC02 | Brand: SMOTURE

INTRODUCTION

Thank you for choosing the SMOTURE VAC02 Cordless Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new vacuum cleaner. Please read this manual thoroughly before first use and keep it for future reference.

The SMOTURE VAC02 Cordless Vacuum Cleaner, designed for versatile home cleaning.

SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury. This appliance is for household use only.

- Do not use outdoors or on wet surfaces.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp

edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.

- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up toxic material (chlorine bleach, ammonia, drain cleaner, etc.).
- Do not use in an enclosed space where vapors are present from oil base paint, paint thinner, some mothproofing substances, flammable dust, or other explosive or toxic vapors.
- Do not use on hard, sharp objects such as glass, nails, screws, coins, etc.
- Do not use without dust bag and/or filters in place.
- Prevent unintentional starting. Ensure the switch is in the off-position before connecting to battery pack, picking up or carrying the appliance.
- Charge only with the charger specified by the manufacturer.
- Under abusive conditions, liquid may be ejected from the battery; avoid contact. If contact accidentally occurs, flush with water. If liquid contacts eyes, additionally seek medical help.

PACKAGE CONTENTS

The SMOTURE VAC02 Cordless Vacuum Cleaner package includes the following items:

- 1 x 650W 55KPA Cordless Vacuum Main Body
- 1 x Battery
- 1 x Dust cup
- 1 x Telescopic tube
- 1 x Self-standing floor brush
- 1 x Crevice nozzle
- 1 x Mattress brush
- 1 x 2-In-1 Brush
- 1 x Mini cleaning brush
- 1 x Charger
- 1 x Chargeable wall mount
- 2 x HEPA filter (One installed)
- 1 x Quick User Manual

Self-standing Feature

Easy self-reliance, free your hands

All components included in the SMOTURE VAC02 package.

SETUP

1. Battery Installation and Charging

The vacuum comes with a detachable 2200mAh battery. Ensure the battery is fully charged before first use. A full charge takes approximately 4 hours.

- To install the battery: Align the battery with the slot on the main vacuum body and slide it in until it clicks securely.

- To remove the battery: Press the red release button on the battery pack and slide it out.
- To charge: Connect the charger to the battery (either attached to the vacuum or detached) and plug it into a power outlet. The LED screen will indicate charging status.

2. Assembling the Vacuum

The modular design allows for easy assembly and customization.

- Attach the desired cleaning head (e.g., self-standing floor brush) to the telescopic tube.
- Connect the telescopic tube to the main vacuum body. Ensure all connections click into place.
- Adjust the telescopic tube length by pressing the red button on the tube and sliding it to your preferred height.

3. Wall Mount Installation

The included wall mount provides convenient storage and charging.

- Choose a suitable location near a power outlet.
- Securely mount the charging base to the wall using the provided screws.
- The wall mount also features accessory storage slots to keep your cleaning tools organized.

Extra Mattress Cleaning Tool

The integrated wall charging mount provides convenient storage and charging.

OPERATING INSTRUCTIONS

1. Powering On/Off

To power on the vacuum, pull the trigger on the handle. To power off, release the trigger.

2. Suction Modes and LED Touch Screen

The LED smart touch screen allows you to easily switch between suction modes and monitor the vacuum's operation.

- **ECO Mode:** Provides up to 70 minutes of runtime for light cleaning tasks.
- **Max Mode:** Delivers up to 55KPa suction power for deep cleaning, with a runtime of 20-25 minutes.
- **Auto Mode:** The vacuum intelligently identifies carpets and hard floors, automatically adjusting suction power for optimal cleaning.

70min Long-Lasting Battery

70 mins

*Minimum operating time: 70 minutes

The LED touch screen allows for easy mode selection and monitoring.

3. Cleaning Different Surfaces

The self-standing floor brush is designed for effective cleaning on various surfaces.

- **Hard Floors:** The soft roller brush and green LED light help to easily pick up fine dust and debris.
- **Carpets:** The powerful suction and anti-tangle roller brush effectively remove embedded dirt and pet hair.
- **Furniture/Upholstery:** Use the mattress brush or 2-in-1 brush for cleaning sofas, beds, and other fabric surfaces.
- **Tight Spaces:** The crevice nozzle is ideal for reaching corners, edges, and narrow gaps.

The vacuum's powerful suction effectively cleans various floor types.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your vacuum cleaner.

1. Emptying the Dust Cup

The dust cup has a 1.5-liter capacity. Empty it regularly to maintain suction power.

- Press the dust cup release button to detach it from the main body.
- Hold the dust cup over a trash bin and press the bottom release latch to open the lid and empty the contents.
- Close the lid and reattach the dust cup to the vacuum body.

2. Cleaning and Replacing Filters

The VAC02 uses a HEPA filter system. Clean filters regularly and replace them as needed to maintain air quality and suction.

- To access filters: Detach the dust cup. Twist and pull out the filter assembly.
- Separate the HEPA filter and sponge filter. Tap them gently to remove loose dust.
- Wash the filters with cold water if heavily soiled. Ensure they are completely dry before reassembling.
- Replace filters every 3-6 months depending on usage. Two HEPA filters are included (one installed).

The washable HEPA filter ensures clean air output.

Official video guide on how to replace the HEPA filter for the VAC02.

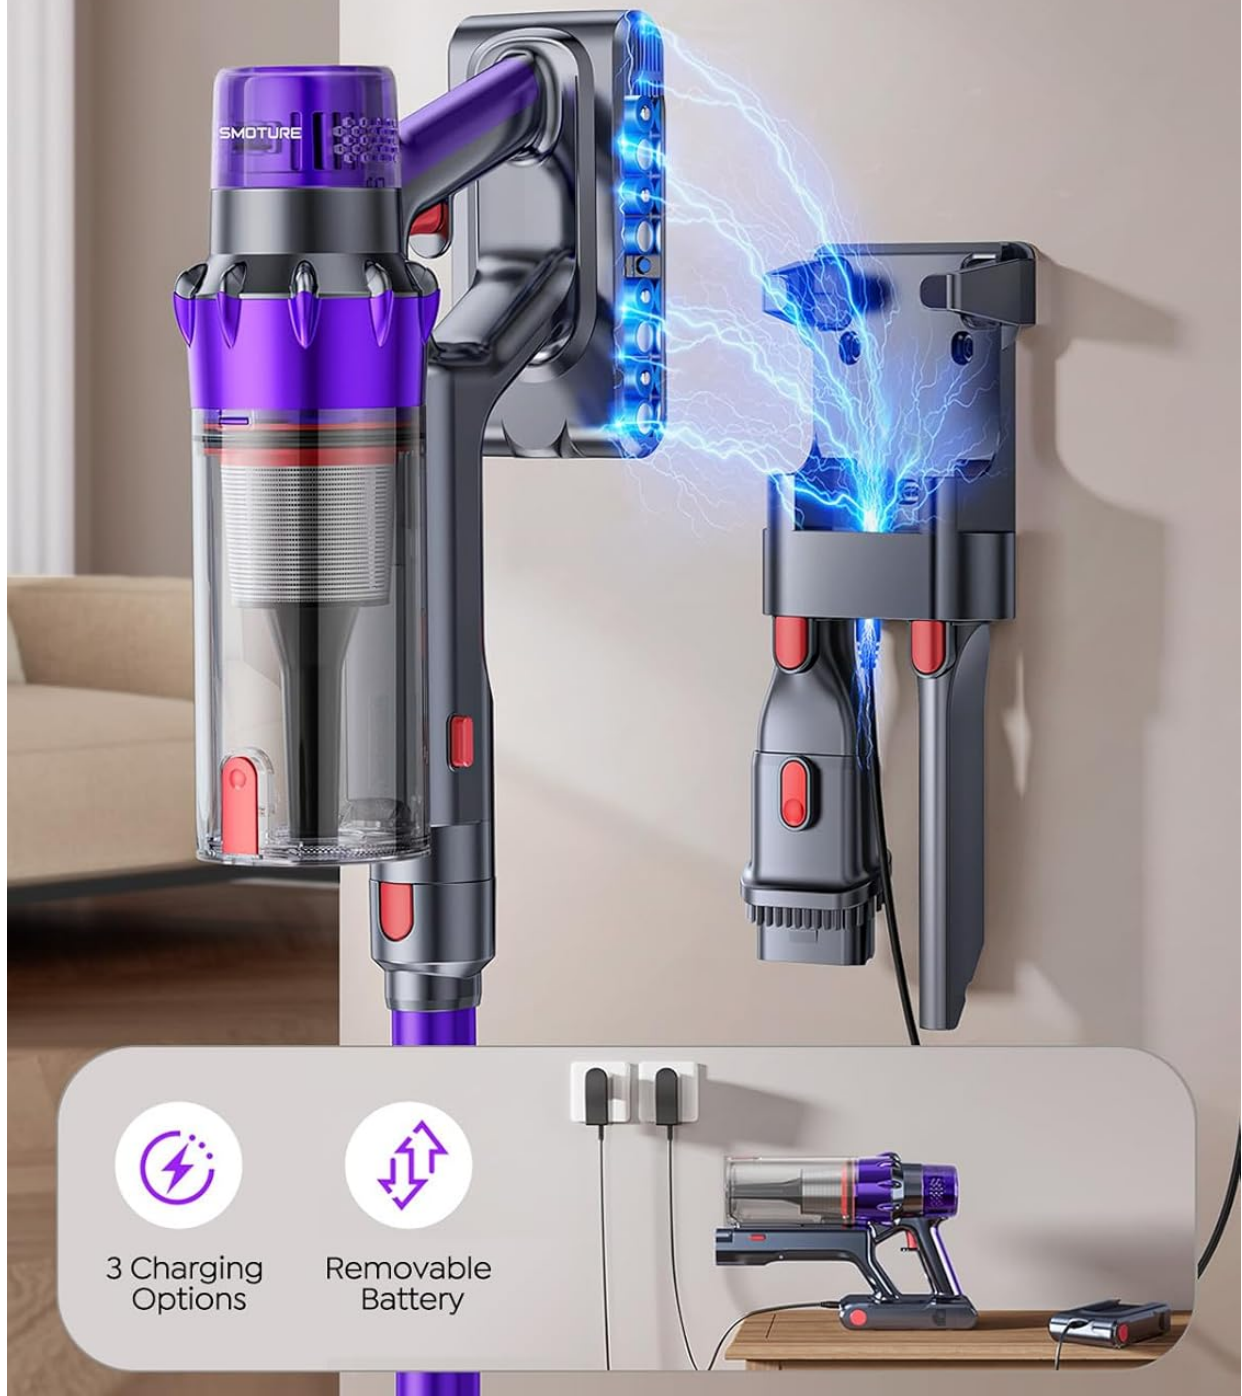

3. Cleaning the Anti-Tangle Roller Brush

The innovative anti-tangle roller brush with built-in comb teeth minimizes hair tangles, but occasional cleaning may be necessary.

- To remove the roller brush: Locate the release latch on the side of the floor brush head and open it. Pull out the roller brush.
- Use the included mini cleaning brush to cut and remove any tangled hair or fibers.
- Reinsert the roller brush and close the latch until it clicks.

Integrated Wall Charging Mount

Charging and storage 2 in 1

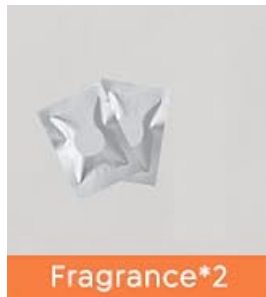

The anti-tangle roller brush is designed for easy maintenance.

4. Replacing Aromatherapy Tablets

The VAC02 features a fragrant filter layer design for a fresh scent during cleaning.

- Locate the aromatherapy tablet compartment, usually near the exhaust or filter area.
- Open the compartment and replace the old tablet with a new one.
- Close the compartment securely.

Aromatherapy tablets provide a fresh scent during vacuuming.

TROUBLESHOOTING

If you encounter any issues with your SMOTURE VAC02, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power/Vacuum not turning on	Battery not charged or improperly installed.	Ensure battery is fully charged and correctly installed.
Low suction power	Dust cup full, filters clogged, or roller brush tangled.	Empty dust cup, clean/replace filters, remove tangles from roller brush.
Roller brush not spinning	Hair/debris tangled in brush, or brush head blocked.	Clean the roller brush using the mini cleaning tool. Check for obstructions in the brush head.
Vacuum stops unexpectedly	Battery low, or motor overheating due to blockage.	Recharge battery. Check for and clear any blockages in the vacuum path.
