Bellemave Twin Over Twin Low Bunk Bed Instruction Manual

Model: W504P1916 | Brand: Bellemave

INTRODUCTION

Thank you for choosing the Bellemave Twin Over Twin Low Bunk Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This low-profile bunk bed is designed with safety in mind, featuring a floor-level bottom bunk and full-length guardrails on the upper bunk, making it suitable for younger children.

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the recommended weight capacity for each bunk. Consult the product packaging or Bellemave customer support for specific weight limits.
- **Guardrails:** Ensure all guardrails are securely installed on the upper bunk to prevent falls.
- **Ladder:** Always use the built-in ladder for accessing the upper bunk. Do not allow jumping from the upper bunk.
- **Assembly:** Assemble the bed on a soft, clean surface to prevent damage. Ensure all fasteners are tightened securely before use. Periodically check and retighten fasteners.
- **Ventilation:** Ensure adequate ventilation around the bed.
- **Mattress Size:** Use only mattresses of the specified size (Twin) to ensure proper fit and safety.

SETUP AND ASSEMBLY

Assembly of the Bellemave Twin Over Twin Low Bunk Bed requires two adults. Please follow the detailed instructions provided in the packaging. Ensure all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Required Tools (Not Included):

- Phillips Head Screwdriver
- Allen Wrench (often included with hardware, but a personal set can be helpful)

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and hardware. Refer to the parts list in your included manual to identify each piece.
2. **Assemble Bed Frames:** Follow the step-by-step diagrams to construct the upper and lower bed frames. Ensure all bolts and screws are finger-tightened initially.
3. **Attach Ladder and Guardrails:** Securely attach the built-in ladder and all guardrails to the upper bunk as indicated in the instructions.
4. **Final Tightening:** Once all components are in place, fully tighten all fasteners using the appropriate tools. Do not overtighten.
5. **Placement:** Position the assembled bunk bed in its desired location, ensuring it is on a level surface.

OPERATING INSTRUCTIONS

The Bellemave Twin Over Twin Low Bunk Bed is designed for sleeping and resting. The low-profile design ensures easy access for younger children to the bottom bunk, which rests directly on the floor.

Using the Bunk Bed:

- **Upper Bunk Access:** Use the integrated ladder to safely access the upper bunk.
- **Convertible Design:** This bed can be used as a traditional twin over twin bunk bed. The bottom bed can also be removed, allowing the upper structure to function as a junior loft bed, creating space underneath for play or storage. If used as a loft, ensure the area below is clear and safe.
- **Mattress Placement:** Place twin-sized mattresses on both the upper and lower bunk platforms. Ensure the mattress on the upper bunk does not exceed the height of the guardrails.

MAINTENANCE

Regular maintenance will help prolong the life and ensure the safety of your Bellemave bunk bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they are tight. Retighten if necessary.
- **Structural Integrity:** Inspect the wood frame for any signs of damage, cracks, or wear. Discontinue use if significant damage is found and contact customer support.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose fasteners; uneven floor surface.	Check and tighten all assembly bolts and screws. Ensure the bed is placed on a flat, level surface.
Squeaking noises during use.	Loose connections; friction between wood parts.	Retighten all fasteners. If squeaking persists, apply a small amount of paraffin wax or silicone spray to contact points between wood components.

Problem	Possible Cause	Solution
Missing or damaged parts.	Shipping damage or packaging error.	Do not proceed with assembly. Contact Bellemave customer support immediately for replacement parts.

SPECIFICATIONS

Model Number	W504P1916
Brand	Bellemave
Size	Twin over Twin
Material	Engineered Wood, Rubberwood
Product Dimensions (L x W x H)	77.3" x 67.6" x 43.8"
Color	Pink
