## Braun 9617s

# Braun Series 9 PRO+ Electric Razor 9617s Instruction Manual

Model: 9617s | Brand: Braun

## 1. PRODUCT OVERVIEW

---

The Braun Series 9 PRO+ Electric Shaver is engineered for men seeking exceptional closeness and superior skin protection. This advanced electric shaver features Ultra Thin Precision Blades and 5+1 Technology, which seamlessly integrates various cutting elements to manage even the toughest beards. The Pro SensoAdapt system intelligently adjusts shaving power based on beard density, ensuring a personalized and efficient experience. Designed for versatility, it is 100% waterproof for both wet and dry use, and boasts a long-lasting Li-ion battery.

## 2. KEY FEATURES

- **5+1 Technology:** Features Ultra Thin Precision Blades, Direct&Cut Blade, ProTrimmer, OptiFoil, SkinGuard, and titanium-coated ProLift Blade for a comprehensive shave.
- **Exceptional Skin Protection:** Designed to prevent pulling or lifting hair before cutting, ensuring a comfortable shave with minimal irritation.
- **Pro SensoAdapt System:** High-precision sensors analyze beard density 300 times per second, automatically adjusting shaving power for optimal efficiency.
- **Integrated ProTrimmer:** Provides pinpoint precision for shaping beards, sideburns, and hard-to-reach areas.
- **100% Waterproof:** Suitable for both wet and dry shaving, allowing for use with foam, gel, or in the shower.
- **Long-lasting Battery:** Equipped with a Li-ion battery providing up to 60 minutes of cordless shaving on a full charge, with a 5-minute quick charge option.
- **Made in Germany:** Crafted from high-quality materials with attention to detail for durability and performance.

### 3. WHAT'S IN THE BOX

Your Braun Series 9 PRO+ package includes the following items:

- Braun Series 9 PRO+ Electric Shaver
- SmartCare Center (Charging & Cleaning Station)
- Smart Plug (Power Adapter)
- Travel Case (PowerCase)
- Cleaning Brush
- Cleaning Cartridge (for SmartCare Center)
- Extra Shaver Head (to restore 100% performance)

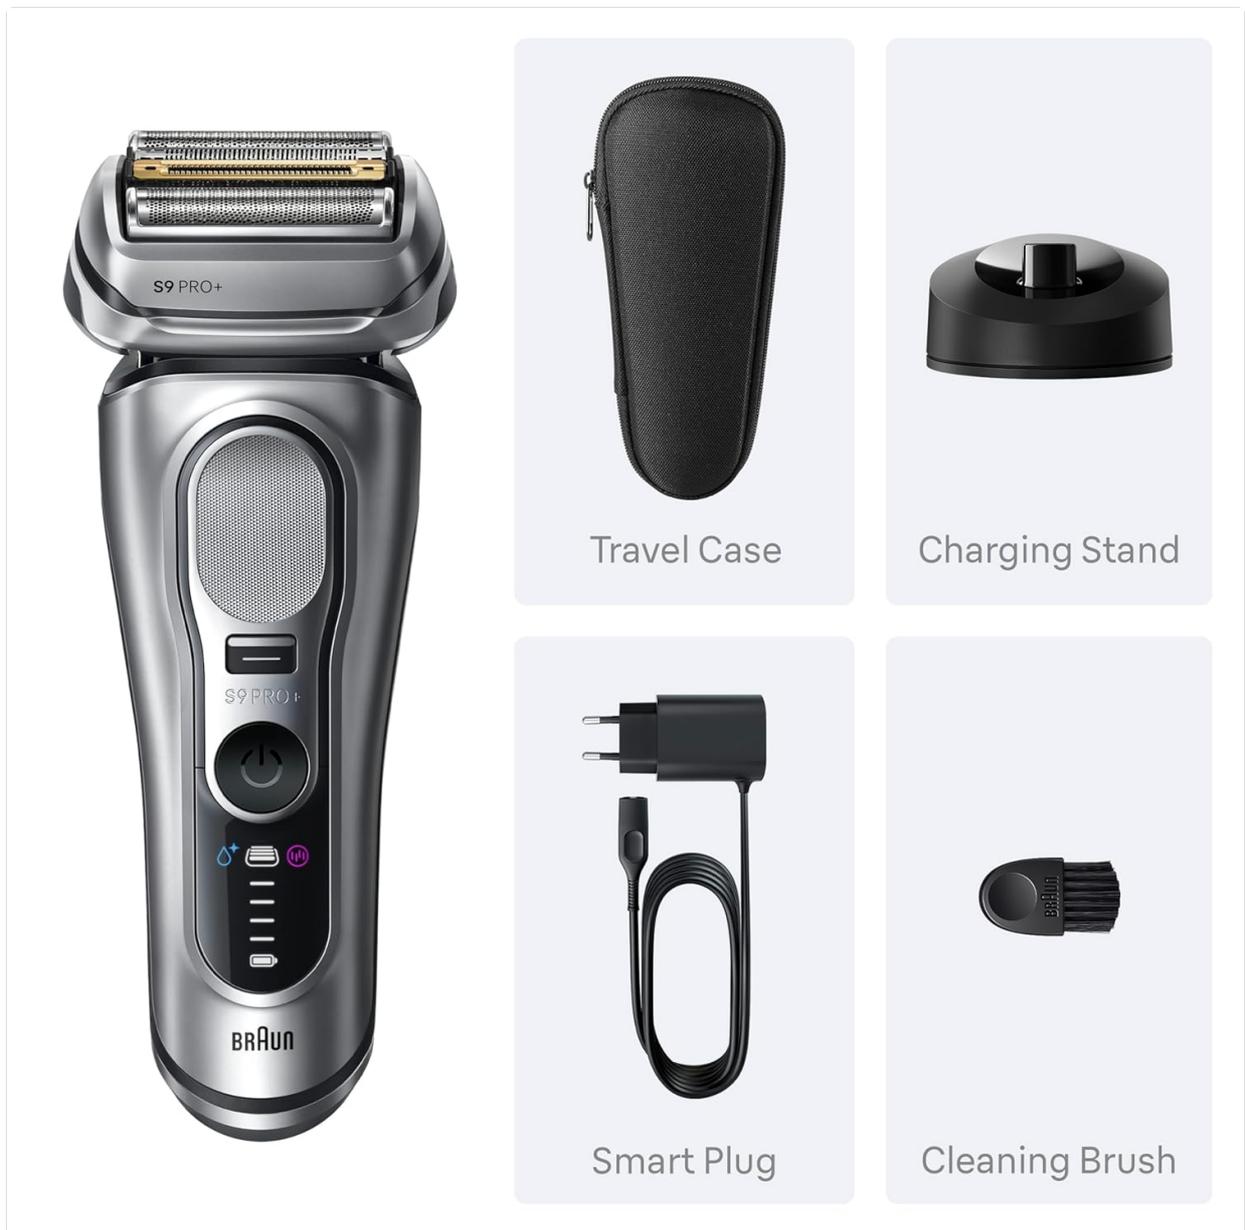

Image 4: All components included in the Braun Series 9 PRO+ package: the shaver, travel case, charging stand, smart plug, and cleaning brush.

## 4. SETUP

- 1. Initial Charge:** Before first use, fully charge your shaver. Connect the Smart Plug to the shaver or the SmartCare Center, and then plug it into a power outlet. A full charge takes approximately 60 minutes and provides up to 60 minutes of shaving time. A 5-minute quick charge is sufficient for one shave.
- 2. SmartCare Center Setup:** Open the SmartCare Center by pressing the button on the side. Insert a fresh cleaning cartridge into the base until it clicks into place. Close the SmartCare Center.

## 5. OPERATING INSTRUCTIONS

### 5.1 Shaving

For optimal results, ensure your skin is dry before shaving. For a wet shave, apply shaving foam or gel. Hold the shaver at a right angle (90°) to your skin and shave against the direction of hair growth. Apply gentle, even pressure.

## 5.2 Using the Precision Trimmer

Slide the precision trimmer upwards from the back of the shaver. Use it to trim sideburns, mustaches, or to define beard lines with precision.

## 5.3 Locking the Shaver Head

The shaver head can be locked in various positions to provide more control in difficult areas. Use the slider on the side of the shaver to lock the head at your desired angle.

**Safety Note: Avoid using the shaver while it is plugged into a power outlet to prevent electrical hazards.**

## 6. MAINTENANCE AND CLEANING

---

### 6.1 Manual Cleaning

After each shave, detach the shaver head by pressing the release buttons on the sides. Tap out any loose hair. Use the provided cleaning brush to remove hair from the shaver head and the inner parts of the shaver. The shaver head can also be rinsed under warm running water.

### 6.2 SmartCare Center Cleaning

For thorough cleaning, lubrication, and charging, place the shaver head-down into the SmartCare Center. Press the power button on the SmartCare Center to initiate a cleaning cycle. The system will automatically clean, dry, lubricate, and charge your shaver.

### 6.3 Replacing Cleaning Cartridge

Replace the cleaning cartridge when the indicator light on the SmartCare Center signals it's empty, or approximately every 3 weeks with daily use. Open the SmartCare Center, remove the old cartridge, and insert a new one.

### 6.4 Replacing Shaver Head

For optimal performance, replace the shaver head (cassette) approximately every 18 months. An extra shaver head is included in your travel shaver kit to restore 100% performance.

## 7. TROUBLESHOOTING

- **Shaver not turning on:** Ensure the shaver is fully charged. If using the SmartCare Center, check if it's plugged in correctly.
- **Reduced shaving performance:** Clean the shaver head thoroughly. If performance does not improve, consider replacing the shaver head.
- **Irritation after shaving:** Ensure you are shaving against the grain and applying gentle pressure. For sensitive skin, try wet shaving with foam or gel.
- **SmartCare Center not cleaning:** Check if the cleaning cartridge is properly inserted and contains sufficient cleaning fluid. Ensure the SmartCare Center is plugged in.

## 8. SPECIFICATIONS

<b>Product Dimensions</b>	5.2 x 2.91 x 9.45 inches; 1.26 Pounds
