Setup and Assembly

The VASAGLE 2-Drawer File Cabinet requires assembly. The package includes all necessary components: 1 x File Cabinet, 1 x Assembly Kit, and 1 x Instructions. Follow the clear, illustrated instructions provided in the box for a smooth setup experience. Ensure all parts are accounted for before beginning assembly.

Assembly Tips:

- Lay out all parts and hardware on a clean, soft surface to prevent scratches.
- Carefully identify each part using the provided labels and illustrations.
- Do not overtighten screws during assembly to avoid damaging the particleboard.
- If any parts are missing or damaged, contact customer support for assistance.

Operating Instructions

Drawer Functionality:

The cabinet features two spacious drawers designed to hold 90-130 sheets of documents each. The drawers are equipped with smooth-gliding mechanisms for easy opening and closing.

Lockable Swivel Casters:

The cabinet is fitted with five 360° swivel casters for easy mobility. The two front casters are lockable to secure the cabinet in place when stationary. A fifth wheel on the bottom drawer provides additional stability, preventing tipping when the drawer is fully extended.

Maintenance and Care

To ensure the longevity and appearance of your file cabinet, follow these maintenance guidelines:

- Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.

- The cabinet is constructed from premium steel and sturdy particleboard, featuring a scratch-resistant surface.
- Regularly check and tighten any loose screws to maintain structural integrity.
- Keep the casters clean to ensure smooth movement.

Troubleshooting

Common Issues and Solutions:

- **Difficulty during assembly:** Ensure all parts are correctly oriented according to the illustrated instructions. Some steps may require careful alignment.
- **Missing or incorrect parts:** If you receive a package with missing or incorrect components, please contact VASAGLE customer support with your order details for replacement parts.
- **Drawers not sliding smoothly:** Check that the drawer slides are correctly installed and free from obstructions. Ensure all screws are tightened appropriately.
- **Cabinet instability:** Verify that all casters are securely attached and that the two front casters are locked when the cabinet is stationary. The fifth wheel on the bottom drawer is crucial for stability when the drawer is open.
