LUXFURNI W6959

LUXFURNI Swivel Standing Jewelry Armoire Cabinet User Manual

Model: W6959

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your LUXFURNI Swivel Standing Jewelry Armoire Cabinet, Model W6959. This product is designed to offer organized storage for your jewelry and accessories, combined with a full-length mirror and integrated LED lighting. Please read this manual thoroughly before use to ensure proper function and longevity of your product.

SAFETY INFORMATION

- Ensure the cabinet is placed on a flat, stable surface to prevent tipping.
- Do not overload the shelves or compartments, as this may affect stability and damage the product.
- Keep small parts and batteries out of reach of children.
- Avoid exposing the product to excessive moisture or direct sunlight.
- Use only the specified battery type (3 AAA batteries) for the LED lights. Replace all batteries at the same time.
- Do not attempt to modify or disassemble the product beyond the instructions provided.

PACKAGE CONTENTS

Please check that all components are present before beginning assembly:

- Jewelry Armoire Cabinet (Pre-assembled body)

- Rotating Base
- Hardware Pack (screws, Allen wrench)
- Keys for Lock
- User Manual (this document)

SETUP AND ASSEMBLY

The LUXFURNI Jewelry Armoire Cabinet is designed for minimal assembly. Follow these steps to set up your cabinet:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Cabinet to Base:** Align the pre-drilled holes on the bottom of the cabinet with the holes on the rotating base. Secure using the provided screws and Allen wrench. Ensure all screws are tightened firmly for stability.
3. **Install Batteries for LED Lights:** Locate the battery compartment inside the cabinet, typically near the LED strip. Insert 3 AAA batteries (not included) according to the polarity indicators (+/-). Close the compartment cover securely.
4. **Position the Armoire:** Place the assembled armoire in your desired location. Ensure there is enough space around it for the 360° rotation and for opening the cabinet door fully.

This image illustrates the various ways to interact with the armoire, including using the mirror, accessing interior storage, utilizing rear shelves, and opening the bottom drawer.

Light Up Your Bedroom

Detailed dimensions and internal layout of the jewelry armoire, useful for planning placement and understanding storage capacity.

OPERATING INSTRUCTIONS

Using the Full-Length Mirror

The front of the armoire features a true-to-view, distortion-free full-length mirror. Use it for head-to-toe viewing when getting ready.

The full-length mirror provides a clear, distortion-free reflection for daily use.

Rotating the Cabinet

The armoire is equipped with a 360° rotating base. Gently push or pull the cabinet to rotate it to your desired position. This allows easy access to the rear shelves and the interior storage.

Accessing Interior Storage and LED Lights

Open the cabinet door to reveal the organized interior. The door is secured with dual magnetic locks. The interior features various compartments for different types of jewelry:

- **Earring Slots:** For organizing earrings.
- **Stud Holes:** Specific holes for stud earrings.
- **Ring Slots:** Padded slots to secure rings.

- **Hooks:** For necklaces and bracelets, designed to prevent tangling.
- **Bracelet Rods/Bangle Bar:** For bracelets and bangles.
- **Shelves:** For cosmetics, watches, or other accessories.
- **Deep Drawer:** Located at the bottom for larger items.

The 6 high-brightness LED lights automatically illuminate when the cabinet door is opened, providing visibility in low-light conditions. They turn off when the door is closed. These lights are powered by 3 AAA batteries (see Setup section for installation).

The LED-lit interior provides clear visibility for selecting jewelry, even in dim lighting.

Using the Lock

The cabinet features a lock for securing your valuables. Insert the key into the lock on the side of the cabinet door and turn to lock or unlock. Keep the spare key in a safe place.

Rear Storage Shelves

The back of the armoire includes 2 reinforced shelves for additional storage. These are accessible by rotating the cabinet.

This video demonstrates the 360° rotation feature of the jewelry armoire and showcases its interior storage compartments, including the LED lighting.

MAINTENANCE

Cleaning the Cabinet and Mirror

- For the mirror, use a soft, lint-free cloth and a glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into edges.
- For the cabinet's exterior, wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- For the interior velvet lining, use a soft brush or a vacuum cleaner with a brush attachment to remove dust.

Battery Replacement

When the LED lights dim or stop working, it's time to replace the batteries. Open the battery compartment

(usually located inside the cabinet near the lights), remove the old 3 AAA batteries, and insert new ones, ensuring correct polarity. Dispose of old batteries responsibly.

TROUBLESHOOTING

- **LED Lights Not Working:**
 - Check if batteries are installed correctly with the right polarity.
 - Replace old batteries with new 3 AAA batteries.
 - Ensure the battery compartment cover is securely closed.
- **Cabinet Not Rotating Smoothly:**
 - Ensure the base is on a flat, level surface.
 - Check for any obstructions around the base.
 - Verify that the cabinet is not overloaded, which could cause imbalance.
- **Cabinet Door Not Closing Properly:**
 - Check if any jewelry or items are obstructing the door's path.
 - Ensure the magnetic latches are clean and free from debris.
- **Lock Not Functioning:**
 - Ensure the key is fully inserted and turned correctly.
 - Do not force the lock if it feels stiff; apply a small amount of graphite lubricant if necessary.
