

Sanford SF5194IC

Sanford SF5194IC Infrared Cooker 2-in-1 Instruction Manual

Model: SF5194IC | Brand: Sanford

INTRODUCTION

Thank you for choosing the Sanford SF5194IC Dual Burner Infrared Cooker. This appliance is designed to enhance your kitchen's versatility, offering both infrared cooking and grilling capabilities. With a powerful 2800 watts, precise digital controls, and compatibility with various cookware types, it is an ideal addition to any modern kitchen. Please read this manual thoroughly before use to ensure safe and efficient operation.

SAFETY INSTRUCTIONS

To prevent injury or damage, always follow these basic safety precautions:

- Read all instructions carefully before operating the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or the appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- This appliance features high and low voltage protection and an overheat cut-off function for enhanced safety.

PRODUCT OVERVIEW

The Sanford SF5194IC Infrared Cooker is a versatile 2-in-1 appliance designed for efficient cooking. It features a sleek, high-temperature resistant glass surface and two ceramic heating elements.

Key Features:

- **Powerful 2800W Capacity:** Dual burner design with a maximum power of 2800 watts for rapid heating and versatile cooking.
- **2-in-1 Versatility:** Functions as an infrared cooker and includes a grill rack for grilling.
- **Universal Cookware Compatibility:** Suitable for all types of cookware, including ceramic, glass, cast iron, and stainless steel.
- **Precise Digital Control:** Offers 12 power level settings and a 4-digit digital display, controlled via an elegant finger touch button panel.
- **6 Manual Cooking Functions:** Dedicated modes for Steam, Heating, BBQ, Warm, Hot Pot, and Stir-fry.
- **4-Hour Timer Function:** Allows for precise cooking duration control.
- **Safety Features:** Includes high and low voltage protection and an overheat cut-off function.
- **High-Temperature Resistant Glass:** Durable ceramic glass panel designed to withstand temperatures up to 750 degrees Celsius.

Components:

- Sanford SF5194IC Infrared Cooker Unit
- Grill Rack
- User Manual

Figure 2: Close-up of the Sanford SF5194IC control panel, illustrating the high and low voltage protection, high-temperature resistant glass, included BBQ grill, and finger touch buttons for operation.

Figure 3: The Sanford SF5194IC Infrared Cooker displaying its 6 manual cooking functions (Steam, Heating, BBQ, Warm, Hot Pot, Stir-fry) and its powerful 2800 Watts power rating.

SETUP

1. **Unpacking:** Carefully remove the cooker and all accessories from the packaging. Retain packaging for future storage or transport.
2. **Placement:** Place the cooker on a stable, flat, heat-resistant surface. Ensure there is adequate ventilation around the appliance (at least 10-15 cm clearance from walls or other objects). The cooker supports both built-in and tabletop use.
3. **Power Connection:** Ensure the power outlet matches the voltage requirements of the cooker (refer to specifications). Plug the power cord securely into a grounded electrical outlet.
4. **Initial Cleaning:** Before first use, wipe the ceramic glass surface with a damp cloth. Do not use abrasive cleaners.

OPERATING INSTRUCTIONS

The Sanford SF51941C features intuitive touch controls for easy operation.

- Power On/Off:** Press the **Power** button to turn the cooker on or off. The digital display will illuminate.
- Selecting a Burner:** If using only one burner, select the desired cooking zone by pressing its corresponding **Function** button.
- Adjusting Power Levels:** Use the **+/-** buttons to adjust the power level. There are 12 power settings available for precise heat control.
- Manual Cooking Functions:** Press the **Function** button repeatedly to cycle through the 6 manual cooking modes: Steam, Heating, BBQ, Warm, Hot Pot, and Stir-fry. Each mode has pre-set power levels that can be further adjusted.
- Using the Timer:** Press the **Timer** button, then use the **+/-** buttons to set the desired cooking time, up to 4 hours. The cooker will automatically turn off once the timer expires.
- Cookware:** Place your cookware directly on the ceramic glass surface. This infrared cooker is compatible with all types of flat-bottomed cookware, including ceramic, glass, cast iron, and stainless steel.
- Grilling:** To use the grilling function, place the included grill rack on one of the heating zones. Ensure proper ventilation when grilling.
- After Cooking:** Press the **Power** button to turn off the cooker. The surface will remain hot for some time; allow it to cool completely before cleaning.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your Sanford Infrared Cooker.

- Cleaning the Surface:** After each use, ensure the cooker is unplugged and completely cool. Wipe the ceramic glass surface with a soft, damp cloth and mild detergent. For stubborn stains, use a non-abrasive ceramic hob cleaner. Do not use abrasive pads, harsh chemicals, or sharp objects that could scratch the surface.
- Cleaning the Body:** Wipe the exterior body with a damp cloth. Do not allow water to enter the internal components.
- Storage:** Store the cooker in a dry place when not in use.
- Ventilation:** Keep the ventilation openings clear of dust and debris to prevent overheating.

TROUBLESHOOTING

If you encounter issues with your cooker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cooker does not turn on.	No power supply; power cord not plugged in; power outlet faulty.	Check power cord connection; test outlet with another appliance; check circuit breaker.
Cooker turns off unexpectedly.	Overheat protection activated; timer expired; low/high voltage protection activated.	Allow cooker to cool down; check timer settings; ensure stable power supply.
Heating is slow or uneven.	Incorrect power level selected; cookware not suitable or flat-bottomed.	Increase power level; ensure cookware has a flat bottom and is compatible with infrared cooking.
Error code displayed.	Internal malfunction.	Unplug the cooker, wait a few minutes, then plug it back in. If the error persists, contact customer support.

If the problem persists after attempting these solutions, please contact Sanford customer support.
