4. OPERATING INSTRUCTIONS: TABLE EXTENSION

The Itaar dining table features a seamless expansion mechanism, allowing it to transform from a 4-6 person round table to a 6-8 person oval table in under 10 seconds.

4.1. To Expand the Table:

1. **Pull the table apart:** Gently pull the two halves of the tabletop away from each other. The extension panels are securely fixed at the center.
2. **Rotate the extension leaf:** Once separated, rotate the hidden extension leaf onto the tabletop. Rotate both leaves together to avoid pinching.
3. **Open the extension leaf:** Fully unfold the extension leaf to create the larger surface.
4. **Close the table:** Push the two halves of the tabletop back together until they meet the extended leaf and lock into place.

4.2. To Retract the Table:

Reverse the steps above. Unlock the table halves, fold the extension leaf back underneath, and push the table halves together until they lock.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your dining set.

- **Cleaning:** The tabletop has a splashproof treated surface that is waterproof and scratch-resistant. For daily cleaning, simply wipe with a damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Chairs:** The upholstered seats can be cleaned with a mild soap and water solution. Test on an inconspicuous area first.
- **Hardware:** Periodically check all screws and bolts for tightness and re-tighten as necessary to maintain stability.
- **Protection:** Use placemats or coasters to protect the tabletop from hot items or spills.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions:

- **Table Wobbles:** Ensure all leg bolts are tightened. Adjust the leveling feet on the bottom of the table legs to compensate for uneven floors.
- **Difficulty Expanding/Retracting Table:** Check that the extension mechanism is clear of debris. Ensure the tracks are clean and lubricated if necessary. Do not force the mechanism.
- **Missing Parts:** If any parts were missing upon delivery, please contact customer support with your purchase details.
- **Chair Instability:** Verify that all screws connecting the chair frame and seat are fully tightened.
