PRETZI 60 inch Modern TV Stand with 18 inch Electric Fireplace

Model: B0FZTG7DYG

INTRODUCTION

Thank you for choosing the PRETZI 60 inch Modern TV Stand with 18 inch Electric Fireplace. This manual provides essential information for the safe assembly, operation, and maintenance of your new entertainment center. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY GUIDELINES

To ensure safe use and prevent damage, please observe the following:

- Exercise caution around sharp edges during assembly and handling.
- Handle all components with care to avoid damage.
- Keep the electric fireplace and surrounding area clear of flammable materials.
- Always follow the assembly instructions precisely.
- Never leave the electric fireplace unattended while it is in operation.
- Ensure the TV stand is placed on a stable, level surface.

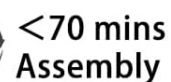

PACKAGE CONTENTS

Your PRETZI TV Stand with Electric Fireplace is shipped in two separate packages due to its size. You should receive:

- One (1) TV Stand package
- One (1) Fireplace Insert package

These packages may be delivered on different days. Please wait for both packages to arrive before beginning assembly.

Oak

- **Fluted Panel Design:** The cabinet features a modern fluted panel design.

CARE AND MAINTENANCE

Proper care and maintenance will extend the life and appearance of your TV stand and fireplace.

- **Cleaning the Stand:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the engineered wood finish.
- **Cleaning the Fireplace:** Ensure the fireplace is turned off and unplugged before cleaning. Use a soft, dry cloth to clean the exterior. Do not spray liquids directly onto the unit.
- **General Care:** Periodically check all connections and fasteners to ensure they remain tight. Avoid placing excessively hot or wet items directly on the surface without protection.

TROUBLESHOOTING

If you encounter any issues with your PRETZI TV Stand or Electric Fireplace, please refer to the following common solutions:

- **Fireplace Not Turning On:** Ensure the power cord is securely plugged into a functional outlet. Check if the main power switch on the fireplace unit is in the 'ON' position.
- **No Heat Output:** Verify that the heater function is activated on the control panel or remote. Ensure the air intake and exhaust vents are not blocked.
- **Sliding Doors Sticking:** Check the tracks for any obstructions or debris. Ensure the doors are properly aligned within their grooves. Avoid forcing the doors, as this may cause them to come off track.
- **Unstable Stand:** Confirm that all assembly screws and fasteners are tightened. Ensure the stand is placed on a flat, even surface.
