Homedics ST-200-BK-AMZ

Homedics Drift 11" Sandscape Version 2.0 Instruction Manual

MODEL: ST-200-BK-AMZ

Brand: Homedics

Introduction

The Homedics Drift 11" Sandscape Version 2.0 is a smart Wi-Fi enabled kinetic sand art display designed to promote relaxation and mindfulness. It features a metal sphere that silently carves intricate patterns in sand, accompanied by customizable LED ambient lighting. This compact device is suitable for various spaces, including desks, consoles, and side tables, offering a unique blend of art and technology to enhance your environment.

Setup Instructions

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Prepare the Sand Bed:** Gently pour the included 100g sand pack onto the circular surface of the Sandscape. Use the provided sand rake tool to spread the sand evenly across the surface.
3. **Place the Metal Ball:** Position the metal ball in the center of the sand bed. A magnet underneath will hold it in place.
4. **Connect Power:** Attach the appropriate plug to the power adapter and connect the power adapter to the Sandscape unit. Plug the adapter into a power outlet.
5. **Download the App:** Download the "Homedics Drift" app from your device's app store (available on iOS and Android).
6. **Connect via Wi-Fi:** Follow the in-app instructions to connect your Sandscape to your home Wi-Fi network. This enables access to patterns, light controls, and other features.

Operating Instructions

The Homedics Drift Sandscape is controlled primarily through its dedicated mobile application, offering a range of customization options.

- **Power On/Off:** Use the power button on the device or within the app to turn the Sandscape on or off.
- **Select Patterns:** Browse hundreds of mesmerizing patterns within the app. Choose a pattern to initiate the movement of the metal sphere, which will carve the design into the sand.
- **Customize Lighting:** The smart LED lights can be individually controlled via the app. Adjust brightness, select from a spectrum of colors, or choose pre-set light programs such as "Sunrise," "Sunset," or "Northern Lights." You can also enable color shifting or breathing effects.
- **Adjust Speed:** Control the speed at which patterns are drawn using the app's settings.
- **Create Playlists:** Organize your favorite patterns and light settings into custom playlists for continuous, varied displays.
- **Audio Integration:** The app may offer ambient sounds or guided meditations to enhance the

relaxation experience.

Maintenance

- **Light Dusting:** Regularly dust the exterior of the Sandscape with a soft, dry cloth.
- **Avoid Direct Sunlight and Moisture:** Place the unit away from direct sunlight and areas with high humidity to prevent damage to the sand and internal components.
- **Sand Care:** Use the included sand rake tool to occasionally clean and re-level the sand.
- **Cleaning:** Avoid using water or abrasive cleaners on the metal sphere and the base of the unit.

Troubleshooting

- **Device Not Responding:** Ensure the power adapter is securely plugged into both the unit and a working power outlet. Check the app connection.
- **Patterns Not Forming Correctly:** Verify that the sand is evenly spread and the metal ball is properly centered. If the sand is clumpy, gently rake it to redistribute.
- **App Connectivity Issues:** Ensure your mobile device's Wi-Fi is enabled and connected to the same network as the Sandscape. Restart the app or the Sandscape unit if connection problems persist.
- **Unusual Noises:** The WhisperLite microbeads are designed for quiet operation. If unusual noises occur, ensure the unit is on a stable, level surface and that no foreign objects are obstructing the ball's movement.

Specifications

Feature	Detail
Color	Black
Brand	Homedics
Theme	Home Decor
Material	Metal
Style	Modern
Product Dimensions	3.42"D x 11"W x 11"H
