WLIVE B0G12GBJM4

WLIVE Double Tilt-Out Trash Can Cabinet User Manual

Model: B0G12GBJM4

1. Introduction

Thank you for choosing the WLIVE Double Tilt-Out Trash Can Cabinet. This versatile furniture piece is designed to discreetly store two 10-gallon trash bins, laundry, or pet food, while offering additional storage with its integrated drawers. Its pet-proof design helps maintain a tidy and odor-free environment. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your cabinet.

2. Safety Information

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as needed.
- Do not overload the drawers or tilt-out compartments. The cabinet supports up to 88 lbs on the top surface and 22 lbs per drawer.
- Avoid placing hot items directly on the cabinet surface.
- For stability, consider anchoring the cabinet to a wall, especially if used in homes with children or pets. Wall anchoring hardware may be included or purchased separately.

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (Side panels, back panel, top panel, base panel, drawer panels, tilt-out door panels)
- Hardware Pack (Screws, dowels, cam locks, hinges, drawer slides, handles)
- Instruction Manual

- Two 10-gallon trash bins (if included with your specific package)

4. Assembly Instructions

Assembly is designed to be straightforward with clearly labeled parts and pre-drilled holes. Follow the detailed instruction guide provided in the package. A Phillips head screwdriver and possibly a hammer (for dowels) will be required.

1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to the cabinet components.
2. **Identify Parts:** Lay out all panels and hardware. Match them with the diagrams in the included instruction guide.
3. **Assemble the Base:** Attach the side panels to the base panel using the provided dowels and screws/cam locks.
4. **Install Drawer Slides:** Secure the drawer slides to the inner side panels of the cabinet frame.
5. **Construct Drawers:** Assemble the drawer boxes, then attach the drawer fronts and handles. Insert the assembled

drawers onto the slides.

6. **Attach Tilt-Out Doors:** Secure the metal hinges to the tilt-out door panels and then attach them to the cabinet frame. Ensure smooth operation.
7. **Install Back Panel:** Fasten the back panel to the assembled frame.
8. **Place Top Panel:** Secure the top panel to complete the cabinet structure.
9. **Final Checks:** Ensure all connections are tight and the cabinet is stable.

5. Operating Instructions

The WLIVE Double Tilt-Out Trash Can Cabinet is designed for ease of use and versatility.

5.1 Using the Tilt-Out Compartments

- To access the interior, gently pull the top of the tilt-out door forward. The door will smoothly open to a 30-degree angle, allowing easy access to the internal bin.
- Place standard 10-gallon trash bins inside each compartment.
- To close, gently push the door back until it is flush with the cabinet front.
- These compartments are ideal for concealing trash, recycling, laundry, or pet food.

5.2 Using the Storage Drawers

- The two top drawers operate on full-extension metal runners, ensuring smooth and effortless opening and closing.
- Use these drawers for storing kitchen utensils, small appliances, linens, or other household items.
- Avoid placing excessively heavy items in the drawers to ensure smooth operation and prevent damage to the slides.

6. Maintenance

Proper care will help maintain the appearance and functionality of your WLIVE cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the engineered wood.
- **Hardware:** Periodically check all screws, hinges, and drawer slides to ensure they are tight. Re-tighten as necessary to maintain stability and smooth operation.
- **Environmental Conditions:** Avoid exposing the cabinet to extreme temperature changes or high humidity, which can cause warping or damage.

7. Troubleshooting

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Drawer does not slide smoothly.	Loose screws on drawer slides; drawer overloaded; debris in slides.	Check and tighten all screws on drawer slides. Reduce drawer load. Clean slides of any obstructions.
Tilt-out door is stiff or misaligned.	Loose or misaligned hinges; obstruction.	Check and tighten hinge screws. Ensure no items are blocking the door's movement.
Cabinet feels wobbly.	Loose assembly screws; uneven floor.	Re-tighten all assembly screws. Place shims under the base if the floor is uneven. Consider using wall anchoring hardware.
Odor persists despite hidden design.	Trash bins not sealed; cabinet not cleaned regularly.	Ensure trash bins have tight-fitting lids. Clean the interior of the cabinet and bins regularly.

8. Specifications

Feature	Specification
Brand	WLIVE
Model Number	B0G12GBJM4
