OPERATING INSTRUCTIONS

Drawers and Cabinet

The desk is equipped with various storage compartments for your convenience:

- **File Drawers:** The two large file drawers are located on the left side of the desk. Pull the handles to open and push firmly to close. Ensure hanging files are correctly positioned on the rails for smooth operation.
- **Storage Drawer:** A smaller storage drawer is located on the right side of the desk, above the cabinet. This is

suitable for smaller office supplies.

- **Desktop Organizer Drawer:** A central desktop drawer is integrated into the monitor stand for quick access to frequently used items.
- **Storage Cabinet:** The cabinet on the right side provides enclosed storage for larger items. Open the door by pulling the handle.

Desktop Organizer Drawer

Monitor Stand

Place your computer monitors on the elevated stand. This raises the screen to an optimal viewing height, which can help alleviate neck and eye strain. The space beneath the stand can be used for storing keyboards, mice, or other accessories when not in use.

MAINTENANCE AND CARE

- **Cleaning:** The engineered wood surface is designed to be waterproof and scratch-resistant. For general cleaning, wipe the surface with a soft, damp cloth and a mild, non-abrasive cleaner. Dry immediately with a clean cloth.
- **Protection:** To prevent damage, avoid placing extremely hot or cold items directly on the desk surface. Use coasters for beverages and protective pads for heavy or sharp objects.
- **Drawer Slides:** Periodically check the drawer slides for smooth operation. If a drawer becomes stiff, a small amount of silicone-based lubricant can be applied to the slides.
- **Hardware:** Occasionally check and tighten any loose screws or fasteners to maintain the desk's structural integrity.

TROUBLESHOOTING
