Olakids TQ10108

OLAKIDS 6V 2-Seater Ride-On Train with Carriage Instruction Manual

Model: TQ10108

Brand: Olakids

1. Introduction

This manual provides essential information for the safe and proper operation, assembly, and maintenance of your OLAKIDS 6V 2-Seater Ride-On Train with Carriage. This electric train toy features a locomotive and a detachable carriage, designed to accommodate two children. It includes operational buttons, foot pedals, built-in music, stories, and lights for an engaging play experience.

2. Safety Information

- Keep the product away from open flames.
- This ride-on toy is equipped with easy-grip handles and a tipping prevention device to enhance safety.
- The maximum weight capacity for each seat is 55 lbs (25 kg). Do not exceed this limit.
- Ensure children use the easy-grip handles and that the tipping prevention device is engaged during operation.
- The product complies with US CPSIA and ASTM safety standards.
- It is made from non-toxic materials, free from BPA, PVC, Phthalates, Lead, Latex, or Formaldehyde.
- The design features no sharp points or edges.
- The product has passed stability, asphyxiation, load, and shear tests.

3. Product Features

- **2-Seater Design:** Includes a locomotive and a detachable carriage, allowing two children to play together.
- **Integrated Storage:** A storage compartment is located under the second seat for toys or snacks.
- **Interactive Driving Experience:** Features built-in music, stories, and animal sounds.

- **LED Lights:** Buttons on the steering wheel control LED lights for added fun.
- **Powerful Motor:** Powered by a 6V rechargeable battery and a 380W motor.
- **Speed:** Achieves speeds of up to 2.5 mph.
- **Safety Features:** Equipped with easy-grip handles and a tipping prevention device.
- **Easy Operation:** Toddlers can control the train via the steering wheel and foot pedals, with a one-click start button.
- **Durable Wheels:** Features 10 wear-resistant wheels for stable support on various surfaces.
