Garvee 16inch

Garvee 16-inch Artificial Plant Topiary Ball with Light User Manual

Model: 16inch | Brand: Garvee

INTRODUCTION

This manual provides instructions for the setup, operation, and maintenance of your Garvee 16-inch Artificial Plant Topiary Ball with integrated LED lights. This product is designed to enhance your indoor and outdoor spaces with a lifelike, illuminated decorative accent. Please read these instructions carefully before use to ensure proper installation and enjoyment of your topiary balls.

Image: A Garvee 16-inch Artificial Plant Topiary Ball with integrated lights, placed in a white urn on a patio, providing ambient lighting.

PRODUCT FEATURES

- **Lifelike Leaves:** Constructed from high-quality, UV-protected plastic for durability and a realistic appearance that resists fading and wilting.
- **Integrated LED Lights:** Each topiary ball is pre-lit with 40 LED lights, offering illumination with or without an external power source (requires 3 AA batteries, not included).
- **Versatile Use:** Suitable for both indoor and outdoor decoration, ideal for various settings such as home entrances, patios, balconies, gardens, and event decor.
- **Easy Assembly:** Includes 3-way hanging chains for quick display and zip ties for secure installation.
- **8 Dynamic Lighting Modes:** Features multiple lighting options including Combination, In waves, Sequential, Slow Glow, Chasing/Flash, Slow fade, Twinkle/Flash, and Steady on.
- **Built-in Timer:** Equipped with a timer function (6 hours on, 18 hours off) for automated operation.

PACKAGE CONTENTS

Your Garvee Artificial Plant Topiary Ball package should contain the following items:

- 2 x 16-inch Artificial Plant Topiary Balls
- 2 x Integrated LED Light Sets (pre-installed)
- 2 x 3-way Hanging Chains
- Assorted Zip Ties for secure fastening

Note: 3 AA batteries per light set are required and not included in the package.

SETUP INSTRUCTIONS

1. **Unpack and Reshape:** Carefully remove the topiary balls from their packaging. Due to shipping, the balls may be compressed. Gently fluff and reshape the leaves to restore their full, round form. You can leave them in open air for a short period to aid in recovery.
2. **Install Batteries:** Locate the battery compartment for the LED light set on each topiary ball. Open the

compartment and insert 3 AA batteries (not included), ensuring correct polarity (+/-). Close the compartment securely.

3. Secure Assembly:

- **For Hanging:** Attach the provided 3-way hanging chains to the designated loops on the topiary ball. Ensure all three chains are securely fastened for balanced hanging.
- **For Urn/Base Placement:** If placing the topiary ball in an urn or base, ensure it sits stably. Use the provided zip ties if necessary to secure the ball to the base, preventing it from shifting or falling.

4. **Placement:** Position your artificial topiary balls in your desired indoor or outdoor location. Ensure the location is suitable for the product's dimensions and aesthetic.

Image: A hand demonstrating how to adjust and secure the leaves of the topiary ball, revealing the underlying structure.

OPERATING INSTRUCTIONS

The integrated LED lights are controlled via a battery box, which typically includes a power button and a mode selection button.

1. **Power On/Off:** Press the power button on the battery box to turn the LED lights on or off.
2. **Change Lighting Modes:** With the lights on, press the mode selection button repeatedly to cycle

through the 8 available lighting modes:

- Combination
- In waves
- Sequential
- Slow Glow
- Chasing/Flash
- Slow fade
- Twinkle/Flash
- Steady on

3. **Timer Function:** The light set includes a built-in timer. Once activated, the lights will stay on for 6 hours and then automatically turn off for 18 hours, repeating the cycle daily. To activate the timer, turn the lights on to your desired mode. The timer will automatically engage from that point. To reset the timer, turn the lights off and then on again at your desired start time.

MAINTENANCE

- **Cleaning:** To clean the topiary balls, gently wipe the leaves with a damp cloth. For stubborn dust or dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Battery Replacement:** When the LED lights dim or stop working, replace the 3 AA batteries in the battery compartment. Ensure proper polarity.
- **Storage:** If storing the topiary balls for an extended period, remove the batteries from the light sets to prevent corrosion. Store in a cool, dry place away from direct sunlight.
- **Outdoor Exposure:** While designed for outdoor use and UV protected, prolonged exposure to extreme weather conditions (e.g., heavy storms, strong winds, extreme cold) may affect the product's longevity. Consider bringing them indoors during severe weather.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	<ul style="list-style-type: none">◦ Batteries are dead or incorrectly installed.◦ Battery compartment is not closed properly.	<ul style="list-style-type: none">◦ Replace batteries with new AA batteries, ensuring correct polarity.◦ Ensure the battery compartment is securely closed.
Topiary ball appears compressed or misshapen.	Product was compressed during shipment.	Gently fluff and reshape the leaves by hand. Leaving it in open air for a few hours can also help it regain its shape.
Lights are dim.	Batteries are low.	Replace batteries with new AA batteries.
