Kviflon 8949

Kviflon 52 Inch Modern Ceiling Fan with Lights Remote Control User Manual

Model: 8949

INTRODUCTION

Thank you for choosing the Kviflon 52 Inch Modern Ceiling Fan with Lights. This manual provides detailed instructions for the safe installation, operation, and maintenance of your new ceiling fan. Please read this manual thoroughly before beginning installation or use, and retain it for future reference.

SAFETY INSTRUCTIONS

To reduce the risk of electric shock, fire, or personal injury, always follow these basic safety precautions:

- Read all instructions carefully before installing or using the fan.
- Consult a qualified electrician if you are unsure about wiring or installation procedures.
- Always turn off the power at the main circuit breaker or fuse box before beginning installation, cleaning, or maintenance.
- Ensure the mounting structure can support the weight of the fan (approximately 24 watts).
- Do not bend the blade holders during installation or cleaning. Keep hands clear of rotating blades.
- Use only Kviflon replacement parts as specified in this manual.
- Do not use this fan with dimmer switches or fan speed controllers not provided by Kviflon, as this may cause damage or malfunction. Use standard push-button wall switches for light control.

PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- Ceiling Fan Motor Assembly
- Fan Blades (6 pieces)
- LED Light Kit
- Lampshade

- Remote Control
- Mounting Hardware (screws, wire nuts, mounting hook)
- Junction Box
- Instruction Manual (this document)

SETUP AND INSTALLATION

Follow these steps for proper installation. A mounting hook is included to assist with installation by one person.

1. **Turn Off Power:** Before starting, ensure the power supply to the installation area is turned off at the circuit breaker.
2. **Mounting Bracket Installation:** Securely attach the mounting bracket to the ceiling junction box. Ensure the junction box is properly secured to the building structure and can support the fan's weight.
3. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to local electrical codes. Refer to the wiring diagram in the included manual for specific connections.
4. **Attach Fan Motor Assembly:** Carefully lift the fan motor assembly and attach it to the mounting bracket.
5. **Install Fan Blades:** Attach the six fan blades to the motor assembly using the provided screws. Ensure all screws are tightened securely.
6. **Install LED Light Kit and Lampshade:** Connect the LED light kit wiring and secure it to the fan motor assembly. Then, attach the double-layered lampshade.
7. **Restore Power:** Once installation is complete, restore power at the circuit breaker and test the fan's operation.

Image: Fan dimensions and flush mount compatibility. The fan has a 52-inch diameter and is suitable for flush mounting on flat ceilings.

OPERATING INSTRUCTIONS

Your Kviflon ceiling fan is controlled by the included remote. Familiarize yourself with its functions:

Remote Control Functions:

- **All Off:** Turns off both the fan and the light.
- **Light On/Off:** Toggles the light on or off independently of the fan.
- **Fan Off:** Turns off the fan independently of the light.
- **Fan Speed (1-6):** Adjusts the fan speed from 1 (lowest) to 6 (highest).
- **Color Temperature (+/-):** Cycles through 3 color temperatures: 3000K (Warm Light), 4500K (Natural Light), and 6000K (White Light).
- **Brightness (+/-):** Adjusts the brightness level of the LED light.

- **F/R (Forward/Reverse):** Changes the direction of the fan blades. Press this button, the fan will stop completely for 5-8 seconds, then automatically reverse direction. Use forward rotation for downward airflow in summer and reverse rotation for upward airflow in winter to circulate warm air.
- **2H Timer:** Sets the fan to turn off automatically after 2 hours. This function is for fan-only operation.
- **Code Matching:** If the remote control is not paired with the fan, refer to the detailed instructions in the included manual for code matching.

Wall Control Compatibility:

This fan is designed to work with standard push-button wall switches for basic light on/off control. **Do not connect the fan to a dimmer switch or a fan's gear switch**, as this can damage the fan's motor or control module.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or electrical components.
- **Blade Care:** Periodically check all blade attachment screws for tightness. Over time, screws may loosen due to fan vibration.
- **Light Source:** The LED light source is integrated and not designed for user replacement. If the light malfunctions, please contact customer support.
- **General Inspection:** Annually inspect the fan for any loose connections or unusual noises.

TROUBLESHOOTING

If you experience issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Remote control battery is dead; Incorrect wiring.	Check circuit breaker and wall switch; Replace remote battery; Verify wiring connections as per manual.
Light does not work	No power to the light; Light is turned off via remote; Remote control battery is dead.	Check power supply; Press the light on/off button on the remote; Replace remote battery.
Fan wobbles	Loose blade screws; Improperly mounted bracket.	Ensure all blade screws are tight; Re-check mounting bracket installation.
Remote control not working	Dead battery; Remote not paired with fan.	Replace remote battery; Perform code matching procedure as described in the full manual.

If the problem persists after attempting these solutions, please contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Kviflon
Model Number	8949
Size	52 Inch Diameter, 10 Inch Height
Blades	6 Reversible Plastic Blades
Motor Type	DC Motor
Number of Speeds	6
Noise Level	<30 dB
Light	3 CCT Dimmable LED (3000K, 4500K, 6000K)
Voltage	110 Volts
Wattage	24 Watts
Control Method	Remote Control
Mounting Type	Flush Mount
Material	Metal, Plastic
Indoor/Outdoor Usage	Indoor

WARRANTY

The Kviflon 52 Inch Modern Ceiling Fan is covered by a **1-year limited warranty** from the date of purchase. This

warranty covers defects in materials and workmanship under normal use. It does not cover damage resulting from improper installation, misuse, accidents, or unauthorized repairs. Please retain your proof of purchase for warranty claims.

CUSTOMER SUPPORT

For any questions, technical assistance, or warranty inquiries regarding your Kviflon ceiling fan, please contact our customer service team. You can typically find a 'Contact Seller' option on your order details page where you purchased the product. Our team is available to provide support and resolve any issues you may encounter.
