## 6. MAINTENANCE

Proper care will extend the life and appearance of your vanity desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors. Spray onto a cloth, not directly onto the mirror, to avoid liquid seeping into the edges.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If needed, clean any dust or debris from the tracks.
- **Electrical Components:** Ensure all plugs and cords are free from damage. Do not attempt to repair electrical components yourself.

## 7. TROUBLESHOOTING

If you encounter any issues with your VINGLI Vanity Desk, refer to the following common solutions:

- **Lights Not Working:**
  - Ensure the power cord is securely plugged into a working outlet.
  - Check if the touch sensor is being pressed correctly (tap for on/off, press and hold for brightness).
  - Verify that the power source is active.
- **Drawers Sticking:**
  - Check for any obstructions in the drawer slides.
  - Ensure the vanity is on a level surface. Uneven surfaces can cause drawers to misalign.
  - Confirm that all assembly screws for the drawer slides are tightened correctly.
- **Charging Station Not Functioning:**
  - Ensure the vanity's main power cord is plugged in.
  - Test the charging station with different devices and cables to rule out device-specific issues.

If problems persist after attempting these solutions, please contact VINGLI customer support.
