Official product overview video for the boAt Lunar Discovery Neo Smartwatch, demonstrating its key features and design.

WHAT'S IN THE BOX

Upon opening the package, you should find the following items:

- boAt Lunar Discovery Neo Smartwatch
- Charging Cable
- User Manual

SETUP GUIDE

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the provided charging cable to the charging port on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

2. Installing the Companion App

To unlock all features and synchronize data, download the official boAt companion app on your smartphone. Search for "boAt Wearables" or similar in your device's app store (Google Play Store for Android, Apple App Store for iOS).

3. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the boAt companion app and follow the on-screen instructions to create an account or log in.
3. Select "Add Device" or "Pair New Device" within the app.
4. The app will search for your boAt Lunar Discovery Neo. Select it from the list of available devices.
5. Confirm the pairing request on both your smartwatch and smartphone.

FEATURES AND OPERATION

1.39" HD Display

The smartwatch features a large 1.39-inch (3.53 cm) HD display with 240x240 resolution and 500 nits brightness. This ensures crystal-clear readability and sharp visuals in various lighting conditions, making it easy to view information indoors or outdoors.

Premium Metallic Finish

The boAt Lunar Discovery Neo features a premium metallic finish, providing a durable and stylish aesthetic. This design element contributes to the watch's overall robust construction and elegant appearance.

Bluetooth Calling

Stay connected with the advanced Bluetooth calling feature. You can make and receive calls directly from your wrist, eliminating the need to reach for your phone. This functionality is particularly useful during workouts or when your phone is not immediately accessible.

Health & Wellness Tracking

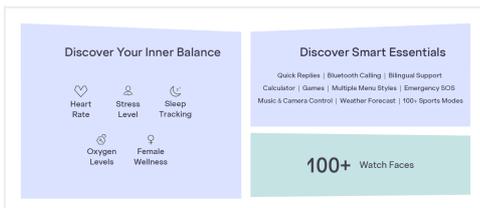

The Lunar Discovery Neo is equipped with high-performance sensors for comprehensive health monitoring. It provides reliable results for heart rate and blood oxygen (SpO2) monitoring. Additionally, it tracks your sleep patterns, everyday stress levels, and includes guided breathing exercises to support your overall physical and mental well-being.

Multiple Sports Modes & Auto Activity Detection

Track your fitness journey with over 100 sports modes that cover a wide range of activities and workouts. The watch also features auto activity detection for walking and running, automatically starting to track your movement patterns without manual input, ensuring no workout goes unrecorded.

Functional Crown

Navigate your smartwatch intuitively using the functional crown. Rotate it to scroll through the main menu or change watch faces, and press it to open the menu or go back. This feature provides convenient control, especially during physical activities.

Multiple Menu Styles

The display offers multiple menu styles, allowing for smooth browsing through the main menu and settings. Each layout is designed to keep information clear, organized, and easily accessible at a glance.

TROUBLESHOOTING

Watch Not Turning On

- Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the power button (functional crown) for 5-10 seconds.

Cannot Pair with Phone

- Make sure Bluetooth is enabled on your phone and the watch is within range.
- Restart both your phone and the smartwatch.
- Ensure the boAt companion app is updated to the latest version.
- Forget the device from your phone's Bluetooth settings and try pairing again through the app.

Inaccurate Health Data

- Ensure the watch is worn snugly on your wrist, about one finger's width above your wrist bone.
- Clean the sensor on the back of the watch regularly.
- Note that smartwatches are not medical devices and data should be used for reference only.
