## Garvee ZMYGV-36BE-BK

# Garvee 20-29 Gallon Aquarium Stand with Charging Station

Model: ZMYGV-36BE-BK

## INTRODUCTION

---

Thank you for choosing the Garvee 20-29 Gallon Aquarium Stand. This manual provides essential information for the safe assembly, operation, and maintenance of your new aquarium stand. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## IMPORTANT SAFETY INFORMATION

---

- **Weight Capacity:** Do not exceed the maximum weight capacity of 660 lbs per level. Overloading can lead to structural failure and injury.
- **Level Surface:** Always place the aquarium stand on a flat, level, and stable surface to prevent tipping.
- **Anti-Tip Mechanism:** Utilize the integrated anti-tip mechanism to secure the stand to a wall, especially in households with children or pets.
- **Water and Electricity:** Exercise extreme caution when handling water and electrical components. Ensure all electrical connections are dry and properly insulated.
- **Assembly:** Follow all assembly instructions precisely. Do not overtighten screws. If any parts are missing or damaged, do not proceed with assembly.
- **Children and Pets:** Keep small parts and tools away from children and pets during assembly.

## PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly:

- Aquarium Stand components (engineered wood panels, metal frame parts)
- Hardware kit (screws, dowels, cam locks, adjustable feet, anti-tip kit)
- Power strip with 2 AC outlets and 2 USB ports
- Assembly instructions manual

Model Number	ZMYGV-36BE-BK-bwCcn2mbe
Dimensions (L x W x H)	31.5 x 15.7 x 30 inches
Item Weight	52.9 pounds
Material	Engineered Wood, Metal Frame
Color	Black
Finish Type	Glossy
Weight Capacity	660 lbs per level
Tank Compatibility	20-29 Gallon Aquariums
Power Outlets	2 AC outlets, 2 USB ports
Assembly Required	Yes

## SETUP AND ASSEMBLY

---

Follow the numbered steps in the provided assembly manual. Ensure all parts are correctly oriented before tightening screws. A Phillips head screwdriver and possibly a rubber mallet (not included) may be helpful.

- 1. Unpack and Identify Parts:** Carefully unpack all components and lay them out. Identify each part using the labels and the parts list in your manual.
- 2. Assemble the Base Frame:** Connect the metal frame pieces according to the diagrams. Ensure all connections are secure.
- 3. Attach Side Panels:** Secure the engineered wood side panels to the metal frame.
- 4. Install Shelves:** Insert the bottom and middle shelves into the designated slots within the frame.
- 5. Mount Power Strip:** Attach the power strip to the designated area on the stand, ensuring the cable is routed neatly.
- 6. Install Doors:** Attach the cabinet doors using the provided hinges and magnetic clasps. Ensure they open and close smoothly.
- 7. Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the stand. Adjust them to ensure the stand is perfectly level on your chosen surface.
- 8. Install Anti-Tip Kit:** Securely attach the anti-tip mechanism to the back of the stand and to a wall stud, following the specific instructions provided with the kit.

**Figure 1: Product Dimensions.** This image illustrates the overall dimensions of the Garvee Aquarium Stand, measuring 31.5 inches in length, 15.7 inches in width, and 30 inches in height. It also indicates support for 20 to 75 gallons of aquarium with a 1400 lbs weight capacity.

**ALL-IN-ONE POWER SOLUTION**

 **2 Outlets**  **2 USB**

Ports Keep All Your Devices Plugged In & Organized.

 **Hidden Cable**

 **Centralized Power Supply**

**Figure 2: Enhanced Stability Features.** This image highlights the solid high-density legs and the integrated anti-tip design, emphasizing the stand's robust construction for protecting your safety and ensuring stability.

## OPERATING INSTRUCTIONS

### Charging Station

The integrated power strip provides convenient access to power for your aquarium equipment and personal electronics.

- **AC Outlets:** Use the 2 standard AC outlets to power aquarium filters, heaters, lights, or other devices.
- **USB Ports:** The 2 USB ports are ideal for charging smartphones, tablets, or other USB-powered accessories.
- **Cable Management:** Utilize the cable clips and routing holes to keep power cords organized and out of sight.

**Figure 3: All-in-One Power Solution.** This image details the built-in power strip, offering 2 AC outlets and 2 USB ports for convenient powering of aquarium equipment and personal devices. It also highlights hidden cable management for a tidy setup.

## Storage Compartments

The stand offers versatile storage options to keep your fish-keeping essentials organized.

- **Enclosed Cabinet Space:** Use the cabinet with magnetic doors to store sensitive equipment, food, or cleaning supplies, keeping them dust-free and out of sight.
- **Open Shelving:** The lower open shelf provides easy access storage for larger items or decorative elements.

**Figure 4: Ample Storage Space.** This image showcases the spacious storage options, including a cabinet with magnetic doors and an open lower shelf, designed to accommodate various aquarium supplies and accessories.

**Figure 5: Dual Aquarium Display.** The robust design of the Garvee stand allows for the display of two aquariums, one on the top surface and another on the lower open shelf, maximizing your display options.

## MAINTENANCE

---

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the glossy finish.
- **Spills:** Promptly clean up any water spills to prevent damage to the engineered wood.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

---

- **Stand is Wobbly:** Ensure the stand is on a level surface. Adjust the leveling feet at the bottom of the stand until it is stable. Verify all assembly screws are tightened.
- **Power Strip Not Working:** Check that the main power cord is securely plugged into a wall outlet. Ensure the power strip's on/off switch (if present) is in the 'on' position. Test with another device to confirm the outlet is functional.
- **Doors Not Closing Properly:** Check the alignment of the hinges and magnetic clasps. Adjust if needed. Ensure no obstructions are preventing the doors from closing fully.

## WARRANTY AND SUPPORT

---

For warranty information or technical support, please refer to the contact details provided at the point of purchase or visit the Garvee official website. Keep your purchase receipt as proof of purchase.
