HATALKIN PT-68

HATALKIN PT-68 8-in-1 105W Retractable Multi-Port Charging Station User Manual

Model: PT-68 | Brand: HATALKIN

1. INTRODUCTION

The HATALKIN PT-68 is an advanced 8-in-1 retractable multi-port charging station designed to efficiently power up to eight devices simultaneously. Featuring 105W maximum output and GaN technology, it offers fast, safe, and organized charging for a wide range of electronic devices, including smartphones, tablets, and laptops. Its compact design with retractable cables helps minimize clutter, making it ideal for home, office, or travel use.

2. SAFETY INFORMATION

- Do not expose the device to liquids, moisture, or extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble, repair, or modify the charger. This will void the warranty and may cause damage or injury.
- Ensure proper ventilation around the charger during use to prevent overheating.
- Use only the provided power adapter and cables.
- Keep out of reach of children.

3. PRODUCT OVERVIEW

The HATALKIN PT-68 charging station integrates multiple charging options into a single, compact unit. It features four retractable cables (three USB-C and one Lightning) and four additional ports (two USB-C and two USB-A) for a total of

eight charging connections. The device is powered by advanced Gallium Nitride (GaN) technology, ensuring efficient and safe power delivery.

Key Features:

- **8-in-1 Charging:** Simultaneously charges up to 8 devices.
- **105W Max Output:** High power delivery for fast charging.

- **Retractable Cables:** Four integrated 80cm (31.5 inch) retractable cables (3x USB-C, 1x Lightning) for organized charging.
- **Additional Ports:** Two PD 20W USB-C ports and two USB-A ports for versatile connectivity.
- **GaN Technology:** Enhances charging efficiency and safety with multiple protection features.
- **Compact Design:** Measures 13.3 × 8.7 × 3.9 cm and weighs 442 grams, making it portable.

4. SETUP

1. **Unpack:** Carefully remove the charging station and its accessories from the packaging.
2. **Connect Power:** Plug the provided power adapter into the power input port on the back of the charging station. Then, plug the power adapter into a standard wall outlet (Type A - 2 pin, North American).
3. **Placement:** Place the charging station on a stable, flat surface, such as a desk, nightstand, or kitchen countertop.

5. OPERATING INSTRUCTIONS

Using Retractable Cables:

1. Gently pull the desired retractable cable from its slot until it reaches the required length (up to 80cm / 31.5 inches).
2. Connect the cable to your device's charging port.
3. To retract the cable, pull it slightly further until you hear a click, then release it slowly. The cable will automatically retract into the unit.

Unlock **adjustable** cable length.

Using Additional Ports:

1. For the two additional USB-C ports (PD 20W) or two USB-A ports, use your own compatible charging cables.
2. Plug one end of your cable into the desired port on the charging station and the other end into your device.

use.

Simultaneous Charging:

The HATAALKIN PT-68 is designed to intelligently distribute its 105W total power output across all connected devices. This allows for efficient charging of multiple devices, such as laptops, tablets, and phones, without compromising charging speed for individual devices.

Power Your Morning, Effortlessly.

Smart multi-port fast charging keeps all your devices energized while you enjoy a peaceful start to your day.

6. COMPATIBILITY

This charging station offers wide compatibility with various electronic devices. It is suitable for:

- **Apple Devices:** iPhone 17/17 Pro MAX/17 Air/16/15/14/13/12/11/X/8/7/6/SE series, iPad Air/Pro, AirPods 4/Pro series, MacBook Air series.
- **Samsung Devices:** Galaxy S26/S26+/S26 Ultra/S25/24/23/22/Z Fold7/Z Flip7/Z Flip7 FE/Note20, Samsung Tab S11/S10 FE+/A9, Galaxy Buds3 FE.
- **Google Devices:** Pixel 10/10XL/9, Google Pixel Slate, Pixel Buds Pro 2.
- **Other Devices:** Nintendo Switch, Cameras, and other electronic devices with compatible USB-C or Lightning ports.

Note: For MacBook Air series and Galaxy Tab S8 series tablets only.

The HATALKIN PT-68 incorporates advanced Gallium Nitride (GaN) technology, which allows for a more compact design while delivering higher power output and improved efficiency compared to traditional silicon-based chargers. GaN technology also contributes to enhanced safety features, including:

- Overvoltage Protection
- Short-circuit Protection
- Overheat Protection
- Overcurrent Protection

These protections ensure the longevity of your devices' batteries by preventing damage from power fluctuations or excessive heat.

Protects Your Battery, Extends Its Life

GaN smart charging technology delivers stable power and prevents overcharging — keeping your battery healthy for longer.

8. MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid or aerosol cleaners.
- **Storage:** When not in use, retract all cables and store the unit in a cool, dry place away from direct sunlight.
- **Cable Care:** Avoid forcefully pulling or twisting the retractable cables. Ensure they retract smoothly to prevent damage.

9. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the charging station is properly plugged into a live power outlet.
 - Check if the charging cable is securely connected to both the device and the charging station.
 - Verify that your device is compatible with the charging port/cable being used.
 - Try a different port or cable to rule out a faulty connection.
- **Slow charging:**
 - Ensure your device supports fast charging and that you are using a fast-charging compatible port (e.g., PD 35W USB-C).
 - Charging multiple devices simultaneously may distribute power, potentially reducing individual charging speeds.
 - Check for background apps running on your device that might consume power.
- **Cables not retracting:**
 - Gently pull the cable out completely until it clicks, then release it slowly.
 - Ensure there are no obstructions preventing the cable from retracting.

10. SPECIFICATIONS

Feature	Specification
Brand	HATALKIN
Model Number	PT-68
Total USB Ports	4 (2x USB-C, 2x USB-A) + 4 Retractable Cables
Retractable Cables	3x USB-C, 1x Lightning (Max 80cm / 31.5 inches)
Total Output Wattage	105W (Max)
Input Voltage	120 Volts
Output Current	3 Amps
Output Voltage	9 Volts

Dimensions	13.3 × 8.7 × 3.9 cm
Weight	442 grams
Special Feature	GaN Technology, Retractable Cables

11. WARRANTY AND SUPPORT

The HATALKIN PT-68 8-in-1 Retractable Multi-Port Charging Station comes with a **1-year warranty** from the date of purchase. For warranty claims, technical support, or any inquiries, please contact HATALKIN customer service through their official channels or the retailer where the product was purchased. Please retain your proof of purchase for warranty validation.
