4. SETUP

4.1 Charging the Device

Before first use, fully charge your Comulytic Note Pro. Connect the provided USB-C charging cable to the device and a power source. A full charge from 0% to 100% takes approximately 90 minutes.

4.2 App Installation

Download the Comulytic App from your smartphone's app store (iOS or Android). You can find a QR code for direct download in the Quick Start Guide.

4.3 Device Pairing

Open the Comulytic App and follow the on-screen instructions to pair your Note Pro via Bluetooth. Ensure Bluetooth is enabled on your smartphone.

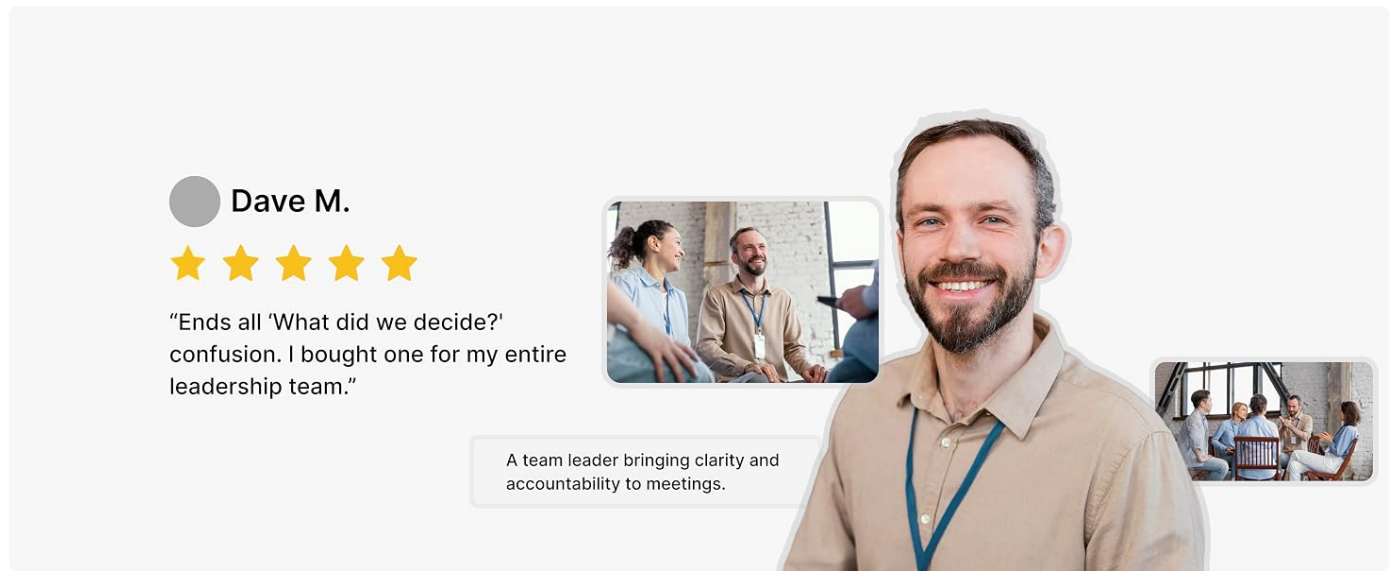

5. OPERATING INSTRUCTIONS

5.1 One-Touch Recording

To start recording, press and hold the recording button for one second until you feel a vibration. To pause/resume, press the button briefly. To stop and save the recording, press and hold the button again until it vibrates twice and displays 'saved'.

5.2 AI Adaptive Recording

The device automatically detects and adapts to different recording environments, such as calls, meetings, and video conferences, without requiring manual mode switching. It captures high-fidelity audio within 5 meters.

6. CONNECTIVITY & STORAGE

The Note Pro utilizes Wi-Fi + BLE (Bluetooth Low Energy) for dual connectivity. Wi-Fi transfer allows for data syncing up to 10x faster than Bluetooth, enabling real-time backup. The device includes 64GB of local storage and offers unlimited cloud backup via the Comulytic app.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid abrasive materials or harsh chemicals.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the device frequently. Charge it regularly.
- **Software Updates:** Keep the Comulytic App updated to ensure optimal performance and access to the latest features.

8. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is charged. Connect it to a power source using the provided cable.
- **Cannot connect to app:** Ensure Bluetooth is enabled on your phone and the device is within range. Restart both the device and the app.
- **Poor audio quality:** Ensure the device's microphones are not obstructed. Record within the recommended 5-meter range.
- **Transcription inaccuracies:** Ensure clear audio recording. For complex terms, consider using the Premium Plan's vertical knowledge base features.
- **Files not syncing:** Check your Wi-Fi and Bluetooth connections. Ensure the Comulytic App has necessary permissions for data transfer.
