SUNKTA DM6-A

SUNKTA DM6-A GPS Military Smart Watch User Manual

Model: DM6-A

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your SUNKTA DM6-A GPS Military Smart Watch. Please read this manual thoroughly to ensure proper use and to maximize the features of your device.
The SUNKTA DM6-A is a robust smartwatch designed for active lifestyles, featuring a 2.13-inch AMOLED display, built-in GPS, multi-system positioning, compass, barometer, and comprehensive health and fitness tracking capabilities. It supports Bluetooth calls and notifications, and boasts a long-lasting battery life.

2. Package Contents

Verify that all items are present in the package:

- Smartwatch × 1
- Stainless steel strap × 1
- Silicone strap × 1
- Magnetic charger × 2
- 2-year warranty card × 1

3. Initial Setup

3.1 Charging the Watch

Before first use, fully charge your smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes approximately 2 hours.

3.2 App Installation and Pairing

To unlock all features, download and install the companion app on your smartphone (Android or iOS).

1. Scan the QR code in the manual or on the watch screen, or search for the app name (e.g., "GloryFitPro" as mentioned in reviews) in your phone's app store.
2. Open the app and create an account or log in.
3. Enable Bluetooth on your smartphone.
4. In the app, navigate to the device pairing section and select your watch from the list of available devices.
5. Confirm the pairing request on both your watch and smartphone.

3.3 Strap Installation

The watch comes with two interchangeable straps: stainless steel and silicone. To change a strap, locate the quick-release pins on the underside of the strap. Slide the pin to detach the current strap and attach the desired strap by aligning the pins with the lug holes and releasing them.

4. Operating the Watch

4.1 Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select.
- **Side Buttons:** Use the physical buttons on the side for quick access to functions like power on/off, back, or sport modes. Refer to the watch's on-screen prompts for specific button functions.

4.2 Bluetooth Calls and Notifications

Once paired with your smartphone, the watch supports Bluetooth calling and message alerts.

- **Answering/Making Calls:** When a call comes in, you can answer or decline directly from your watch. You can also initiate calls using the dial pad or contact list on the watch.
- **Notifications:** Receive alerts for incoming messages (SMS, social media apps) with gentle vibrations. Manage notification settings through the companion app.

4.3 Customizing Watch Faces

Personalize your watch by choosing from a variety of pre-installed watch faces or downloading more through the companion app. You can also create custom watch faces using your own photos.

5. Health Monitoring

The SUNKTA DM6-A provides continuous health monitoring features. Data is synchronized with the mobile app for detailed analysis.

- **Heart Rate Tracking:** Monitors your heart rate throughout the day. View current, resting, and historical heart rate data.
- **Blood Oxygen (SpO2):** Measures your blood oxygen levels.
- **Sleep Tracking:** Analyzes your sleep patterns, including deep sleep, light sleep, and REM stages.
- **Stress Levels:** Provides insights into your daily stress levels.

Note: This device is not a medical device. Health data is for reference only and should not be used for medical diagnosis or treatment.

6. Sports Modes

The watch offers over 100 professional sport modes, including strength training, running, golf, trail running, and more. It accurately tracks calories burned, heart rate, and workout duration for each session.

- **Activating a Sport Mode:** Navigate to the 'Sport' menu on your watch and select your desired activity.
- **Tracking Data:** During workouts, the watch displays real-time data such as distance, steps, calories, and heart rate.
- **Post-Workout Analysis:** Sync your watch with the app to view detailed workout summaries and progress over time.

7. GPS and Outdoor Features

The DM6-A features built-in GPS and supports six-satellite positioning systems (GPS, GLONASS, BeiDou, Galileo, NAVIC, QZSS) for precise location tracking. It also includes a compass and barometer for outdoor navigation.

- **GPS Tracking:** Records your movement trajectories during outdoor activities.
- **Compass:** Provides real-time directional guidance.
- **Barometer & Altimeter:** Displays real-time air pressure and altitude data.

Image 7: Detailed view of the SUNKTA DM6-A Smart Watch's GPS, compass, air pressure, and altimeter displays, useful for outdoor navigation.

8. LED Flashlight

The smartwatch is equipped with a powerful LED flashlight. To activate or deactivate the flashlight, long-press the designated button (typically the bottom button) for approximately 3 seconds. The flashlight provides illumination up to 6-8 meters, useful for camping, hiking, power outages, or as a distress signal.

Image 8: The SUNKTA DM6-A Smart Watch's powerful LED flashlight feature, illustrating its utility in various low-light scenarios.

9. Battery Management

The DM6-A is powered by a 600mAh battery, offering extended usage times.

- **Typical Usage:** 7-10 days on a full charge.
- **Standby Time:** Up to 60 days.
- **Continuous GPS Usage:** Approximately 3 days.
- **Charging Time:** Approximately 2 hours for a full charge.

To prolong battery life, consider adjusting screen brightness, limiting continuous heart rate monitoring, and turning off unnecessary notifications.

10. Specifications

Feature	Detail
Model Number	DM6-A
Screen Size	2.13 Inches AMOLED
Battery Capacity	600 mAh Lithium Polymer
Water Resistance	5 ATM (not suitable for seawater or sauna)

Special Features	Compass, Barometer, Altimeter, Flashlight, Bluetooth Calls, Notifications, 24-hour Heart Rate, Blood Oxygen, Sleep Tracking, 100+ Sport Modes, Voice Assistant, Always-On Display
Item Weight	9.6 ounces

11. Maintenance

11.1 Cleaning the Watch

Regularly clean your watch to maintain its appearance and functionality.

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

11.2 Water Resistance

The watch has a 5 ATM water resistance rating, meaning it can withstand splashes, rain, and shallow-water activities. It is not suitable for diving, high-pressure water activities, seawater, or sauna environments. Avoid pressing buttons underwater.

12. Troubleshooting

If you encounter issues with your watch, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone, then try pairing again through the app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
- **Notifications not received:** Check app permissions on your phone to ensure the companion app has access to notifications. Verify notification settings within the app.
- **GPS not connecting:** Ensure you are in an open outdoor area with a clear view of the sky. Allow the watch sufficient time to acquire a GPS signal.

For persistent issues, consult the FAQ section within the companion app or contact customer support.

13. Warranty and Support

SUNKTA offers a 2-year warranty for the DM6-A Smart Watch. For any product-related questions, technical assistance, or warranty claims, please contact SUNKTA customer service via Amazon. Our customer service team is available to provide support.
