PEQULTI 71-inch Multi-Level Cat Tree Instruction Manual

Model: AM54-AMT0239PK

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your PEQULTI 71-inch Multi-Level Cat Tree. Designed for multi-cat households, this cat tree offers various features including multiple resting spots, scratching surfaces, and cozy hideaways to satisfy your cats' natural instincts.

Please read these instructions carefully before assembly and use to ensure safe and proper installation and enjoyment of the product.

SAFETY PRECAUTIONS

- Ensure all components are securely fastened during assembly.
- Always use the included anti-toppling kit to secure the cat tree to a wall, preventing accidental tipping.
- Place the cat tree on a flat, stable surface.
- Regularly inspect the cat tree for loose parts or damage. Tighten fasteners and replace damaged components as needed.
- Keep small children away from the cat tree during assembly and ensure they do not climb on it.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. Refer to the included parts list in your product packaging for a complete inventory. Common components include:

- Baseboard(s)
- Platforms/Perches
- Cat Condos
- Scratching Posts (sisal-covered)
- Hammock
- Dangling Toys (pompoms)
- Anti-toppling Kit (wall anchor, strap)
- Hardware (screws, bolts, Allen wrench)

Assembly typically requires one person and takes approximately 60 minutes. Follow the step-by-step diagrams provided in your product packaging. A general overview of the assembly process is as follows:

1. **Prepare the Base:** Place the largest baseboard on a flat, stable surface.
2. **Attach Lower Posts and Condos:** Screw the initial scratching posts into the base. Attach the first level of cat condos and platforms as indicated in the diagrams.
3. **Build Upwards:** Continue adding posts, platforms, and additional condos or hammocks, ensuring each connection is tight and secure.
4. **Install Top Perches:** Secure the top perches, including the flower-shaped beds, to the uppermost posts.
5. **Attach Dangling Toys:** Hook or screw the pompoms to the designated areas on the platforms or perches.
6. **Secure with Anti-Toppling Kit:** Once fully assembled, position the cat tree against a wall. Use the provided anti-toppling strap and wall anchor to secure the top of the cat tree to the wall, preventing it from tipping over. This step is crucial for stability and safety, especially for active cats or multi-cat households.

OPERATING INSTRUCTIONS

The PEQUITI Multi-Level Cat Tree is designed to provide a stimulating and comfortable environment for your cats. It features multiple levels and elements to cater to various feline behaviors:

- **Scratching Posts and Boards:** The cat tree includes six sisal-covered scratching posts and two scratching boards. These areas are intended for your cats to sharpen their claws, protecting your furniture.

- **Cozy Condos:** Two spacious cat condos offer private, enclosed spaces for your cats to rest, nap, and feel secure.
- **Top Perches:** Two extra-large top perches provide elevated viewpoints, allowing cats to observe their surroundings. These are ideal for lounging and sunbathing.
- **Hammock:** A square large cat hammock offers an additional comfortable spot for relaxation.
- **Dangling Pompoms:** Multiple dangling pompoms encourage play and stimulate your cats' hunting instincts. These are replaceable for continued enjoyment.

MAINTENANCE

Regular cleaning and maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **General Cleaning:** The plush fabric covering can be easily cleaned with a vacuum cleaner to remove loose fur and dust.
- **Removable Perch Covers:** The covers on the top perches are removable and machine washable for thorough cleaning. Follow fabric care instructions for washing.
- **Spot Cleaning:** For small stains, use a mild pet-safe cleaner and a damp cloth. Blot the area gently and allow it to air dry completely.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary. Inspect sisal scratching surfaces for wear and tear; replace dangling toys if they become damaged.

TROUBLESHOOTING

- **Cat Tree Feels Wobbly:** Ensure all screws and bolts are tightened. Verify that the anti-toppling kit is correctly installed and securely anchored to a wall stud. The base should be on a flat, even surface.
- **Cats Not Using Scratching Posts:** Try sprinkling catnip on the sisal posts to attract your cats. Demonstrate scratching by gently guiding their paws.
- **Dangling Toys Damaged:** The pompoms are designed to be replaceable. Contact customer support for replacement parts if needed.
- **Difficulty Assembling:** Double-check the assembly diagrams in your product packaging. Ensure you are using the correct hardware for each step. If issues persist, contact customer support.

SPECIFICATIONS

Feature	Detail
Product Dimensions (L x W x H)	18.9" x 18.9" x 71" (48cm x 48cm x 180cm)
Model Number	AM54-AMT0239PK
