HUAHUU Fluted 6-Drawer Dresser (Model HUAHUU2025111310) Instruction Manual

Model: HUAHUU2025111310 | Brand: HUAHUU

INTRODUCTION

Thank you for purchasing the HUAHUU Fluted 6-Drawer Dresser. This mid-century modern storage unit is designed to provide functional and stylish storage for your bedroom, living room, hallway, or entryway. This manual provides essential information for safe assembly, operation, and maintenance of your new dresser. Please read these instructions carefully before beginning assembly and retain them for future reference.

IMPORTANT SAFETY INFORMATION

To reduce the risk of serious injury or death from furniture tip-over, this product must be permanently attached to the wall with the included tip-over restraint device. Always follow these safety guidelines:

- **Read all instructions:** Ensure you understand all assembly steps and safety warnings before use.
- **Adult Assembly Required:** This product contains small parts and requires adult assembly.
- **Keep children away:** Keep children and pets away from the assembly area.
- **Use on a level surface:** Assemble the dresser on a soft, clean, and level surface to prevent scratches.
- **Do not overload drawers:** Distribute weight evenly. Do not exceed the recommended weight capacity for drawers or the top surface.
- **Tip-over restraint:** Always install the anti-tip device provided to secure the dresser to a wall.
- **Do not climb:** Children should not climb on or play with the dresser.
- **Check hardware:** Periodically check all connections and hardware to ensure they remain tight.

PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

Components:

- Dresser panels (top, bottom, sides, back)
- 6 Drawer boxes
- Drawer slides
- Golden metal handles (6 pieces)
- Wooden support legs (5 pieces)
- Assembly hardware (screws, dowels, cam locks, anti-tip kit)

- Instruction manual

SETUP AND ASSEMBLY

Assembly is required for this dresser. It is recommended to have two adults for assembly. Tools required: Phillips head screwdriver (not included).

Step-by-Step Assembly:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface. Refer to the parts list in your package to identify each piece.
2. **Assemble the Base:** Attach the wooden support legs to the bottom panel of the dresser using the provided hardware. Ensure all connections are secure.
3. **Construct the Frame:** Attach the side panels to the bottom panel, followed by the back panel. Use cam locks and dowels as indicated in the detailed diagram (refer to the included paper manual for specific diagrams).
4. **Install Drawer Slides:** Secure the drawer slides to the inner sides of the dresser frame using the appropriate screws. Pay attention to the orientation of the slides (left and right).
5. **Attach the Top Panel:** Place the top panel onto the assembled frame and secure it with cam locks or screws.
6. **Assemble Drawers:** For each of the six drawers, assemble the front, back, and side panels. Insert the bottom panel into the grooves. Attach the drawer slides to the sides of the drawer boxes.
7. **Install Handles:** Attach the golden metal handles to the front of each drawer using the provided screws.
8. **Insert Drawers:** Carefully slide each assembled drawer into its corresponding slot in the dresser frame. Ensure they slide smoothly.
9. **Install Anti-Tip Kit:** Secure the dresser to a wall using the provided anti-tip hardware. This is a critical safety step. Follow the instructions carefully to ensure proper installation.

Product Details

Give you comfortable and fantastic experience

Figure 2: Key features of the dresser's construction, including the fluted side panel design, smooth drawer slides, golden metal handles, and solid wood legs. These components are integral to the assembly process.

OPERATING INSTRUCTIONS

Drawer Usage:

- **Opening/Closing:** Gently pull or push the golden metal handles to open and close the drawers. The smooth silent slides ensure quiet operation.
- **Weight Distribution:** Distribute items evenly within the drawers. Avoid placing heavy items at the front of the

drawers to prevent tipping.

- **Capacity:** Each drawer can hold approximately 15-20 T-shirts or 10-15 pairs of jeans. The dresser offers ample storage for various items.

Top Surface Usage:

- **Display:** The spacious top surface serves as an ideal platform for displaying decorative items, lamps, or personal belongings.
- **TV Stand:** This dresser is suitable for use as a TV stand for televisions up to 60 inches. Ensure the TV base fits securely within the dresser's dimensions and does not overhang.

Figure 4: The dresser functioning as a TV stand, illustrating its capacity to support televisions up to 60 inches.

MAINTENANCE

- **Cleaning:** Wipe the dresser surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood material.
- **Hardware Check:** Periodically inspect all screws, bolts, and connections to ensure they are tight. Re-tighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.
- **Humidity Control:** Maintain a stable humidity level in the room to prevent warping or cracking of the wood.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned drawer slides or loose hardware.	Check that drawer slides are correctly installed and aligned. Tighten all screws on the slides and drawer boxes.
Dresser feels wobbly.	Loose assembly hardware or uneven floor.	Ensure all assembly screws and cam locks are fully tightened. Place the dresser on a level surface or use shims if necessary. Verify anti-tip kit is securely installed.
Gaps between panels.	Panels not fully seated or cam locks not tightened.	Disassemble and reassemble the affected section, ensuring all dowels are fully inserted and cam locks are tightened until snug.
