

uaue P131

uaue P131 Smart Watch User Manual

Model: P131

INTRODUCTION

Thank you for choosing the uaue P131 Smart Watch. This device is designed to assist you in monitoring your fitness activities, health metrics, and staying connected. This manual provides essential information for setting up, operating, and maintaining your smart watch. Please read it carefully before use.

WHAT'S IN THE BOX

- uaue P131 GPS Smart Watch
- Charging Cable
- User Manual

SETUP

1. Charging the Device

Before initial use, fully charge your smart watch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes approximately 2.5 hours.

This image illustrates the charging process and battery life of the uauue P131 Smart Watch. It highlights the 350mAh battery capacity, indicating a full charge takes 2.5 hours, provides 7 days of typical use, and up to 30 days of standby time.

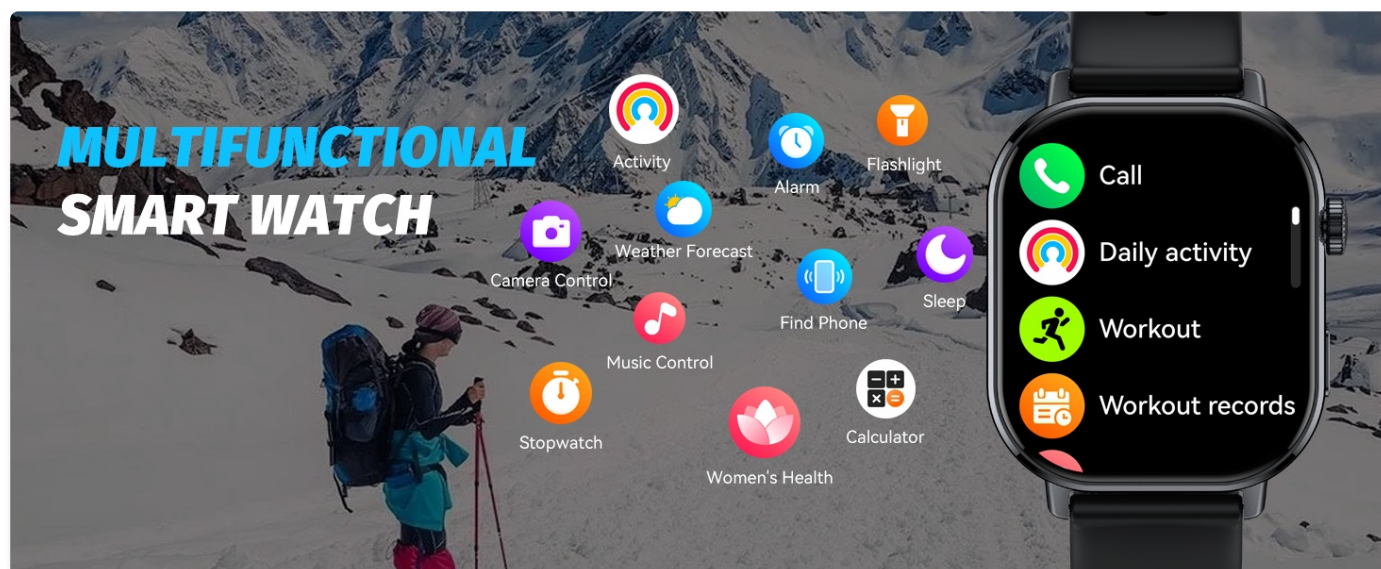

2. App Installation and Pairing

1. **Download the App:** Search for the companion app (refer to the watch screen or packaging for the exact app name) on the Apple App Store (for iOS 10.0+ devices) or Google Play Store (for Android 9.0+ devices).
2. **Create Account:** Open the app and follow the on-screen instructions to create an account and set up your profile.
3. **Pair the Watch:** Ensure Bluetooth is enabled on your smartphone. In the app, navigate to the device pairing section and select your uauue P131 Smart Watch from the list of available devices. Follow any prompts on both the app and the watch to complete the pairing process.

OPERATING INSTRUCTIONS

1. Basic Navigation

The uauue P131 features a 2.06-inch AMOLED touchscreen for intuitive interaction. Swipe across the screen to navigate between different functions and menus. Press the side button to return to the home screen or access the app list.

This image highlights the 2.06-inch AMOLED touchscreen of the uauue P131 Smart Watch, showcasing its clear display and user interface for real-time information.

2. Bluetooth Calling and Notifications

Once paired with your smartphone, the watch supports Bluetooth calls, allowing you to answer or make calls directly from your wrist. It also displays notifications from various apps, ensuring you stay informed without needing to check your phone.

This image demonstrates the Bluetooth calling and message alert features of the uau P131 Smart Watch, showing how it displays incoming calls and notifications from popular social media applications.

3. Sports Modes and GPS Tracking

The watch offers over 178 sports modes to track various physical activities. With built-in GPS, it can precisely record your outdoor routes, distance, pace, and other relevant data during activities like running, cycling, and hiking.

This image illustrates the GPS tracking capabilities of the uau P131 Smart Watch, showing a user engaged in outdoor activity with real-time route planning and fitness data displayed on the watch face.

4. Health Monitoring

The uau P131 Smart Watch provides continuous health monitoring features:

- **Heart Rate Monitor:** Tracks your heart rate throughout the day, providing insights into your cardiovascular health.
- **Sleep Monitor:** Analyzes your sleep patterns, including light, deep, and REM sleep stages, to help improve sleep quality.
- **Blood Oxygen (SpO2) Monitor:** Measures your blood oxygen saturation levels.

COMPASS

To provide you with the correct direction and ensure your safety during outdoor adventures and hiking trips

This image demonstrates the real-time health monitoring features of the uau P131 Smart Watch, including graphs for heart rate, blood oxygen, and emotion tracking.

5. Other Features

The watch includes a variety of additional functions:

- **Voice Assistant:** Interact with your watch using voice commands.
- **Compass:** Provides directional guidance for outdoor adventures.
- **Activity Tracker:** Monitors daily steps, calories burned, and distance.
- **Alarm Clock:** Set alarms directly from your wrist.
- **Weather Forecast:** Get real-time weather updates.
- **Music Control:** Manage music playback on your connected smartphone.
- **Find Phone:** Locate your paired smartphone.
- **Camera Control:** Remotely trigger your phone's camera.
- **Sedentary Reminder:** Prompts you to move after periods of inactivity.
- **Drinking Reminder:** Helps you maintain hydration.
- **Calculator:** Basic arithmetic functions.

This image displays the array of multifunctional applications available on the uau P131 Smart Watch, including activity tracking, alarm, flashlight, call management, camera control, weather, music control, find phone, sleep monitoring, stopwatch, women's health, and calculator.

LONG BATTERY LIFE TIME

Charging time

2.5 Hours

Usage time

7 Days

Standby time

30 Days

This image shows the compass feature of the uau P131 Smart Watch, designed to provide accurate directional information for outdoor activities and navigation.

MAINTENANCE

1. Water Resistance (IP68)

The uau P131 Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, hand washing, and light rain. Avoid hot water, saunas, or diving, as extreme temperatures and high-pressure water may compromise the seal.

GPS SMARTWATCH TAKES YOU ANYWHERE

This image illustrates the 5ATM waterproof capability of the uau P131 Smart Watch, showing its resilience during outdoor activities where it may encounter water splashes or rain.

2. Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device functionality. Use a soft, damp cloth to wipe the watch face and strap. Avoid harsh chemicals or abrasive materials.

3. Battery Care

To prolong battery life, avoid fully discharging the watch frequently. Charge it when the battery level is low. Store the watch in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Unable to pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone, then try pairing again through the app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
- **Notifications not appearing:** Check app permissions on your phone to ensure the companion app has access to notifications. Verify that notifications are enabled within the watch app settings.
- **Short battery life:** Reduce screen brightness, disable unnecessary features like always-on display, and limit background app refresh.
