2. PACKAGE CONTENTS

Please check the package contents upon unboxing:

- KELY PURE AMOLED Smart Watch
- Charging Cable
- User Manual

3. SETUP

3.1 Charging the Device

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

Smart Women's Watch

Science and Fashion

First release of 3D dynamic UI | Ultra thin and minimalist
Health management function | Always-on display clock
AMOLED HD Screen | Bluetooth Calling | 30 Languages

3.2 Powering On/Off

- **To Power On:** Press and hold the side button until the KELY PURE logo appears on the screen.
- **To Power Off:** Press and hold the side button, then select 'Power Off' from the options displayed on the screen.

3.3 App Installation and Pairing

To unlock the full potential of your smartwatch, download the companion app on your smartphone. Search for the app name (refer to the watch screen or packaging for the exact name) in your device's app store (Google Play Store for Android, Apple App Store for iOS).

1. Download and install the app on your smartphone.
2. Open the app and create an account or log in.
3. Enable Bluetooth on your smartphone.
4. In the app, navigate to 'Add Device' or 'Pair Device'.
5. Select your KELY PURE Smart Watch from the list of available devices.
6. Confirm the pairing request on both your smartphone and smartwatch.

3.4 Customizing Watch Faces

Your smartwatch supports customizable watch faces. You can change them directly on the watch or through the companion app.

- **On Watch:** Long-press the watch face, then swipe left or right to browse available options. Tap to select.
- **Via App:** Open the companion app, navigate to 'Watch Faces' or 'Dial Settings', and choose from a wider selection.

4.2 Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your smartwatch.

- **Answering Calls:** When a call comes in, tap the green answer icon on the watch screen.
- **Making Calls:** Access the 'Dialer' or 'Contacts' app on your watch to initiate a call.

4.3 Notifications

Receive real-time notifications from your smartphone directly on your watch. Ensure notification permissions are enabled in the companion app and your phone's settings.

4.4 Women's Health Tracking

The smartwatch includes a comprehensive women's health management system. Set up your profile in the companion app to track menstrual cycles, predict ovulation, and record physiological symptoms.

- Open the 'Women's Health' section in the app.
- Input your cycle data and receive timely reminders and insights.

4.5 Sports Modes

With over 50 sports modes, your smartwatch can track various activities. Select your desired sport from the 'Workout' or 'Sports' menu on the watch to begin tracking.

- Swipe to the 'Sports' screen or open the 'Workout' app.
- Choose your activity (e.g., running, cycling, yoga).
- Start your workout; the watch will record duration, calories, heart rate, and other relevant metrics.

3D stereoscopic interaction

Experience new technology

Pioneering 3D intelligent UI interaction, with a gentle swipe,
smooth and smooth, achieving the goal directly

Image: The smartwatch displaying an activity ring, indicating progress in a sports mode.

4.6 Health Monitoring

The watch continuously monitors key health metrics:

- **Heart Rate:** Provides 24/7 heart rate monitoring. View current and historical data in the app.
- **SpO2 (Blood Oxygen):** Measure your blood oxygen levels on demand.
- **Guided Breathing:** Access guided breathing exercises for stress relief.

Professional calculation burns calories

Intelligent AI computing measures your heart rate, exercise duration, distance, calories burned, and other data based on your exercise situation, making your exercise more professional

Image: The smartwatch displaying various health metrics, including heart rate and step count.

4.7 IP68 Waterproof Guidelines

The KELY PURE Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. This makes it suitable for daily use, such as washing hands or light rain exposure.

- Do not use in hot water, saunas, or steam rooms.
- Avoid prolonged immersion or high-pressure water activities.
- Rinse with fresh water and dry thoroughly after exposure to saltwater or chlorinated water.

Image: The smartwatch demonstrating its water resistance in a wet environment.

5. MAINTENANCE

5.1 Care and Cleaning

- Wipe the watch screen and body with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.
- Ensure the charging contacts are clean and dry before charging.

5.2 Battery Care

- Charge the device regularly, avoiding complete discharge.
- Store the watch in a cool, dry place when not in use for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your smartwatch, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within range of your phone.
 - Restart both the watch and your phone.
 - Check if the companion app has necessary permissions.
- **Notifications not appearing:**
 - Verify notification permissions are granted to the app on your phone.
 - Ensure the watch is connected via Bluetooth.
 - Check if 'Do Not Disturb' mode is active on either device.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
- **Screen unresponsive:** Try restarting the watch by holding the side button. If unresponsive, allow the battery to drain completely and then recharge.
