

Nifeliz NF10353

Nifeliz Stegosaurus Fossils Model Set (NF10353) Instruction Manual

Model: NF10353

INTRODUCTION

This instruction manual provides guidance for the assembly, display, and care of your Nifeliz Stegosaurus Fossils Model Set. This set is designed to offer an engaging building experience and a detailed representation of a Stegosaurus skeleton, suitable for display.

The model features a scene-style base with rocky terrain, a subtle chain barrier, and a printed nameplate, designed to mimic museum exhibits. The construction process emphasizes the individual bone structures and their connections, allowing builders to understand the Stegosaurus skeleton as it takes form. This product is intended for users aged 16 and above.

SAFETY INFORMATION

No specific safety warnings are provided for this product beyond the recommended age of 16 and above. The set contains small parts and is not suitable for children under 3 years due to choking hazards.

WHAT'S IN THE BOX

Upon opening your Nifeliz Stegosaurus Fossils Model Set, you will find the following components:

- 1 x Instruction Book
- 665 x Building Parts (organized in numbered bags)
- 2 x Storage Boxes

SETUP AND ASSEMBLY INSTRUCTIONS

Follow the detailed, step-by-step instructions provided in the included instruction book to assemble your Stegosaurus fossil model. The 665 parts are sorted into numbered bags to streamline the building process.

1. **Unpack Components:** Carefully open the product packaging and verify that all listed components are present. Refer to the 'What's in the Box' section above.
2. **Organize Parts:** The building parts are divided into numbered bags. It is recommended to open bags sequentially as instructed in the manual to avoid mixing pieces.
3. **Follow Instruction Book:** The primary assembly guide is the included instruction book. Each step illustrates the parts required and their placement. Pay close attention to the diagrams.
4. **Build Individual Bones:** The assembly process focuses on constructing individual bone segments before connecting them to form the complete skeleton. This method helps in understanding the dinosaur's anatomy.

BUILD EACH BONE AND UNDERSTAND THE STRUCTURE

DISPLAY AND POSING

Once assembled, the Nifeliz Stegosaurus Fossils Model is designed for display. The model features adjustable elements to allow for dynamic posing.

- **Adjustable Elements:** The head and tail sections of the Stegosaurus model can be gently adjusted to achieve a desired posture. Subtle changes in angle can create a sense of movement and realism.
- **Display Base:** The model comes with a dedicated display base that simulates rocky terrain and includes a nameplate. This base enhances the museum-like presentation of the fossil.

MAINTENANCE

To ensure the longevity and appearance of your Nifeliz Stegosaurus Fossils Model, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth or a soft brush to gently remove dust from the model. Avoid using abrasive cleaners or solvents, as these can damage the plastic.
- **Handling:** When moving the model, handle it carefully by the base to prevent accidental detachment of parts.
- **Storage:** If disassembling for storage, keep all parts organized in the provided storage boxes or similar containers to prevent loss.
- **Environment:** Display the model in a stable environment, away from direct sunlight, extreme temperatures, and high humidity, which can affect the plastic over time.

TROUBLESHOOTING

Should you encounter any issues during assembly or with your model, please refer to the following common solutions:

- **Missing Pieces:** While Nifeliz strives for completeness (98.97% chance of being complete), in the unlikely event of missing parts, please contact Nifeliz customer support via email. They aim to respond within 24 hours and send replacement parts.
- **Assembly Difficulties:** Double-check the instruction book for the specific step you are on. Ensure all pieces are correctly oriented and firmly pressed together. Sometimes, a small piece may be overlooked or incorrectly placed.
- **Loose Connections:** If parts feel loose, ensure they are fully seated. Building blocks are designed to fit snugly. If a piece consistently remains loose, verify it is the correct part for that step.

SPECIFICATIONS

Feature	Detail
Brand Name	Nifeliz
Model Name	Nifeliz Stegosaurus Fossils
Model Number	NF10353
Manufacturer Part Number	NF10353
Toy Figure Type	Miniature Figure
Character	Stegosaurus Rex
Age Range Description	Adult (16 years and above)
Number of Pieces	665
Unit Count	1.0 Count
Included Components	1 instruction book, 2 storage boxes, 665 parts in numbered bags
Item Dimensions L x W x H	6.3"L x 6.5"W x 16.93"H (15.75 x 11.81 x 3.94 inches)
Item Weight	0.98 Kilograms
Scale	Model
Animal Theme	Dinosaur
Theme	Nifeliz Dinosaur Fossils
Color	Yellow
Style	Realistic
Is Assembly Required	Yes

Feature	Detail
Additional Features	Non Toxic
Material Type	Acrylonitrile Butadiene Styrene

SUPPORT

For any questions, concerns, or assistance with your Nifeliz Stegosaurus Fossils Model Set, please contact Nifeliz customer support. Refer to the contact information provided in your product packaging or visit the official Nifeliz website for support details.

Nifeliz is committed to providing a positive building experience and will assist with any issues, including missing parts, as outlined in the troubleshooting section.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
