GAOMON Farmhouse 6-Drawer Dresser Instruction Manual

Introduction

This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your GAOMON Farmhouse 6-Drawer Dresser. Please read these instructions carefully before beginning assembly and retain them for future reference.

A full view of the assembled GAOMON Farmhouse 6-Drawer Dresser in black, showcasing its rustic design and six spacious drawers.

The GAOMON Farmhouse 6-Drawer Dresser features a rustic design with a weathered oak grain finish and vintage metal handles. It is designed to provide ample storage with six large drawers and a stable structure suitable for various rooms.

Setup and Assembly

The dresser is designed for straightforward assembly. All necessary parts are numbered, and pre-drilled holes are provided for accurate alignment. Follow the detailed instructions included in the packaging for step-by-step guidance.

Safety Precaution: Anti-Collapse Design

To ensure stability and prevent tipping, it is crucial to install the anti-collapse safety design. This feature helps secure the dresser to a wall, protecting children and pets from potential hazards. Always follow the provided instructions for proper installation of the anti-collapse kit.

Illustration demonstrating the anti-collapse design, showing how to secure the dresser to a wall to prevent tipping, protecting children and pets.

For optimal assembly, ensure all components are present before starting. A power drill may assist in speeding up the assembly process, but exercise caution to avoid overtightening screws.

Operating Instructions

The GAOMON dresser features six smooth-gliding drawers designed for easy access and organization of your belongings. Each drawer measures 5.8 inches deep, providing ample space for clothing, linens, and other items.

An overhead view of the dresser with several drawers open, illustrating the ample storage space and suggesting capacity for 20-25 T-shirts or 15-20 jeans per drawer.

Weight Capacity

- **Top Surface:** The dresser's top surface can support up to 150 lbs (68 kg).
- **Each Drawer:** Each individual drawer can hold up to 33 lbs (15 kg).

Do not exceed these weight limits to maintain the dresser's structural integrity and ensure safe operation. Distribute weight evenly within drawers and on the top surface.

Diagram showing the overall dimensions of the dresser (47.2 inches wide, 15.7 inches deep, 30.7 inches high) and individual drawer dimensions, along with weight capacities for the top surface (150 lbs) and each drawer (33 lbs).

Features Overview

Maintenance and Care

The dresser's high-quality finish is designed for easy cleaning and resistance to daily wear. To maintain its appearance and extend its lifespan, follow these care instructions:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the wood.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Humidity:** Maintain a stable room temperature and humidity level to prevent wood from warping or cracking.
- **Hardware:** Periodically check and tighten all screws and hardware to ensure the dresser remains stable.

Troubleshooting

If you encounter any issues with your GAOMON dresser, consider the following common solutions:

- **Drawers not sliding smoothly:** Check if the drawer slides are properly aligned and free of obstructions. Ensure all screws securing the slides are tight. Verify that the drawer is not overloaded.
- **Dresser feels unstable:** Confirm that all assembly hardware is securely tightened. Ensure the dresser is placed on a level surface. Re-check the installation of the anti-collapse kit.
- **Minor cosmetic damage:** For small scratches or scuffs, touch-up pens or furniture markers matching the finish color may be used.

If problems persist after attempting these solutions, please contact customer support for further assistance.

Specifications

Brand	GAOMON
Model Number	1is-47eIQT7JWekiftXU6gwI9H
Material	Engineered Wood
Finish Type	Polished
Product Dimensions (D x W x H)	15.7"D x 47.2"W x 30.7"H
