

APILDELLA A4

APILDELLA 14" Dual Laptop Screen Extender (Model A4) Instruction Manual

Model: A4 | Brand: APILDELLA

1. INTRODUCTION

This APILDELLA 14" Dual Laptop Screen Extender is designed to provide an additional 1080P FHD display for enhanced productivity. It features an upgraded zero-contact frame for laptop screen protection and a sliding support arm compatible with 13-16" laptops. Its minimalist, lightweight design makes it portable for various work environments, supporting Mac, Windows, and Chrome operating systems.

2. PRODUCT OVERVIEW

Key Features

- Upgraded zero-contact frame design for scratch-free laptop screen protection.
- Sliding support arm compatible with 13-16" laptops (diagonal size).
- Minimalist hidden structure, lightweight, and portable for easy transport.
- Includes USB-C+A and HDMI cables for instant plug-and-play use.
- Compatible with Mac, Windows, Android, and most 13"-16" laptops.
- 1080P FHD IPS display with 1920x1080P resolution.
- HDR mode for richer colors and enhanced visual experience.
- Adjustable brightness, contrast, and backlight settings.
- Features anti-vertigo and low blue light technology for eye protection and reduced fatigue.
- Supports both extend and mirror display modes.
- Foldable from 0-225° with an integrated bracket for stability and adjustable viewing angles.

Package Contents

The product package includes the following items:

- 1 x APILDELLA A4 Monitor
- 1 x HDMI to Mini HDMI Cable
- 1 x USB-A to USB-C Cable
- 1 x USB-C to USB-C Cable
- 1 x A4 User Manual
- 1 x Package Box

3. SETUP INSTRUCTIONS

Step 1: Unfold and Adjust

Unfold the extended screen and pull to extend the frame. Adjust the integrated kickstand for optimal viewing angle. The monitor is foldable from 0-225° to suit various setups.

Compatible with 13-16 in laptops

Image: The screen extender attached to a laptop, illustrating its compatibility with 13-16 inch laptops and its 226° folding capability and 90° kickstand.

Step 2: Connect to Laptop

The APILDELLA A4 monitor offers flexible connection options:

- **Type-C Connection:** If your laptop has a full-function USB-C port (supporting video output and power delivery), simply connect the monitor using one USB-C to USB-C cable.
- **USB-A and HDMI Connection:** If your laptop has a USB-A port and an HDMI port, use two cables: one Mini HDMI cable for video signal and one USB-A to USB-C cable for power.

One Cable Connects to the Phone

It supports screen mirroring for most phone, and is compatible with the built-in desktop mode and audio/video transmission functions of smartphones.

Compatible with iPhone 15-17 pm and Android

4. OPERATING INSTRUCTIONS

Multi-Mode Functionality

The APILDELLA A4 monitor supports various display modes to enhance your workflow:

- **Extend Mode:** This mode allows you to expand your desktop across multiple screens, providing more workspace. For example, you can code on the extender while checking emails on your main laptop monitor.
- **Mirror Mode:** This mode duplicates your main laptop display onto the extender, which is useful for presentations or sharing content with others.
- **Folding Mode:** The monitor can be folded for compact storage or adjusted to various angles for comfortable viewing.

5. COMPATIBILITY

The APILDELLA 14" Dual Laptop Screen Extender is broadly compatible with a range of devices and operating systems:

- **Laptop Size:** Designed for 13-16 inch laptops.
- **Operating Systems:** Compatible with Mac, Windows, and Android.
- **Processor Compatibility:** Supports MacBooks powered by M1, M2, M3, and M4 chips.
- **Device Types:** Can connect to phones, Macs, Windows devices, Android devices, and gaming consoles such as PS4/5, X-BOX, and Nintendo Switch.

General compatibility

Equipped with two USB-C ports and one mini HDMI port, it can connect to phones, Macs, Windows devices, and Android devices.

6. TROUBLESHOOTING

If you encounter issues with your APILDELLA A4 monitor, refer to the following common solutions:

- **"No Signal" Display:** If the screen shows "no signal" when connected via USB-C, your laptop's USB-C port may only support charging and not video output. In this case, connect an HDMI cable to transmit the video signal.
- **Screen Flickering:** Screen flickering can be caused by insufficient power. Connect an additional external power source directly to the first Type C port of the monitor to ensure it receives adequate power.
- **General Connection Issues:** Ensure all cables (USB-C, HDMI, USB-A) are securely connected to both the monitor and your laptop. If using HDMI, verify that the HDMI to C cable is connected to the Mini HDMI port on the extender.

7. MAINTENANCE

To ensure the longevity and optimal performance of your APILDELLA 14" Dual Laptop Screen Extender,

follow these maintenance guidelines:

- **Cleaning:** Gently wipe the screen and exterior surfaces with a soft, dry, lint-free cloth. Avoid using abrasive cleaners, solvents, or chemical sprays, as these can damage the display or finish.
- **Storage:** When not in use, fold the monitor compactly and store it in a protective sleeve or bag to prevent scratches and damage.
- **Handling:** Handle the monitor with care, avoiding excessive force or dropping, which could damage internal components or the screen.

8. SPECIFICATIONS

Feature	Specification
Brand	APILDELLA
Model Name	A4
Screen Size	14 Inches
Resolution	1920 x 1080 Pixels (FHD)
Aspect Ratio	16:9
