Model: Classic 160

**INTRODUCTION**

Thank you for purchasing the LEVOIT Classic 160 2.5L Cool Mist Humidifier. This device is designed to improve air quality and comfort in your home by adding moisture to the air. With its quiet operation, long runtime, and user-friendly features, it is ideal for bedrooms, nurseries, and plant care. Please read this manual thoroughly before operation and retain it for future reference.

# Despedirse de Problema del Aire Seco

Acabe con el dolor de garganta, la sinusitis, la congestión nasal, la piel seca, los ronquidos y otros síntomas del aire seco.

## IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or other injury, please follow these safety guidelines:

- Always place the humidifier on a firm, flat, water-resistant surface at least 12 inches (30 cm) away from walls and appliances.
- Do not place the humidifier directly on carpet, rugs, or absorbent surfaces.
- Do not immerse the humidifier base in water or other liquids.
- Always unplug the humidifier before cleaning, filling, or moving it.
- Do not use essential oils directly in the water tank. Use a dedicated aroma tray if available.
- Keep the humidifier out of reach of children and pets.
- Use only clean, cool tap water or distilled water. Do not use hot water.
- The humidifier features an automatic shut-off function when the water level is low, enhancing safety.

# Cómodo & Seguro

## SETUP

- Placement:** Place the humidifier on a flat, stable surface at least 12 inches (30 cm) away from walls, furniture, and electronics. Ensure the surface is water-resistant.
- Fill the Water Tank:** Remove the top cover. Fill the water tank directly from the top with cool, clean tap water or distilled water. Do not exceed the maximum fill line.
- Replace Cover:** Place the top cover back onto the water tank securely.
- Connect Power:** Plug the power adapter into a wall outlet. The humidifier is now ready for use.

# Usuarios Satisfechos con el Diseño Top-Fill

## OPERATING INSTRUCTIONS

The LEVOIT Classic 160 is designed for simple and intuitive operation.

- Power On/Off:** Turn the control dial clockwise to power on the humidifier and begin misting. Turn it counter-clockwise until it clicks to power off.
- Adjust Mist Level:** Rotate the control dial to adjust the mist output from low to high. You can customize the humidity level to your preference.
- Adjust Mist Direction:** The 360° rotatable nozzle allows you to direct the mist flow in any desired direction. Simply rotate the nozzle on top of the humidifier.
- Automatic Shut-off:** The humidifier will automatically turn off when the water tank is empty. This safety feature prevents damage to the unit.

## MAINTENANCE AND CLEANING

Regular cleaning is essential for optimal performance and to prevent mineral buildup and bacterial growth. The Classic 160's wide opening and detachable design make cleaning easy.

### Daily Maintenance:

- Unplug the humidifier.
- Empty any remaining water from the tank and base.
- Wipe the tank and base dry with a clean cloth.
- Refill the tank with fresh water before each use.

### Weekly Cleaning:

- Unplug the humidifier.
- Remove the top cover and water tank.
- Pour 1 cup (240 mL) of white vinegar into the base and let it soak for 15-20 minutes to descale.
- Use a soft brush or cloth to clean the inside of the base and the transducer (the small disc in the center of

the base).

- Rinse the base and tank thoroughly with clean water until the smell of vinegar is gone.
- Dry all parts completely before reassembling or storing.

## Elimina la Sequedad en Cada Rincón
