O NAIL SUNX

O NAIL AI UV Nail Lamp Model SUNX Instruction Manual

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the O NAIL AI UV Nail Lamp Model SUNX. This advanced nail lamp is designed to provide efficient and safe gel polish curing with its innovative AI-powered nail-only sensing technology. This manual will guide you through the proper use and maintenance of your device to ensure optimal performance and longevity.

Skin-Safe Technology is the Trend.

Be the first to own what others don't —
stand out from every other nail salon!

The O NAIL AI UV Nail Lamp positioned in a modern nail salon environment, demonstrating its suitability for professional use.

2. SAFETY INFORMATION AND WARNINGS

Please read all safety instructions carefully before using the O NAIL AI UV Nail Lamp. Failure to follow these instructions

may result in injury or damage to the device.

- **General Warnings:** The product packaging may contain different information than what is shown on our site. Please always read the label, warnings, and instructions provided on the product before use or consumption.
- **Eye Protection:** Avoid direct eye exposure to the UV/LED light. Although the lamp features nail-only targeting, prolonged direct exposure to the light source can be harmful.
- **Skin Protection:** While the AI technology minimizes skin exposure, it is recommended to apply sunscreen to hands or wear UV protection gloves if you have sensitive skin or are concerned about residual exposure.
- **Children and Pets:** Keep the device out of reach of children and pets. This is not a toy.
- **Power Source:** Use only the provided power adapter. Ensure the voltage matches your local power supply.
- **Ventilation:** Ensure adequate ventilation during use.
- **Damage:** Do not use the device if it is damaged. Contact customer support for assistance.

3. PRODUCT FEATURES

The O NAIL AI UV Nail Lamp Model SUNX incorporates several advanced features for a superior gel curing experience:

- **AI Nail-Only Sensing:** Pioneering AI technology intelligently identifies and maps only your nail bed, activating UV/LED light exclusively on the nail area to protect surrounding skin.
- **Targeted Beam Technology:** Utilizes a precise light beam that adapts to each nail's shape, ensuring light energy is used solely for curing polish, not illuminating skin.
- **Dermatologist-Tested:** Rigorously tested for non-harmful and gentle operation, making it suitable for sensitive skin.
- **HD Visual LED Display:** A built-in screen provides a visual display of the nails and shows the curing process in real-time, confirming precise targeting.
- **109 High-Power LEDs:** Equipped with numerous LEDs for faster, fuller, and flawless curing, including thumbs and finger gaps.
- **Self-Cleaning Design:** The smooth surface is easy to clean in seconds, preventing stains and maintaining hygiene.
- **Intelligent LED Rotation:** LEDs function in turns to prevent overheating and extend the lamp's lifespan.
- **Wi-Fi Connectivity:** Allows the AI to continuously learn and improve for enhanced performance.
- **Audio Features:** Includes pre-recorded AI voice guidance and relaxing background music for an enhanced user experience.

109 high-power LEDs = Faster, Fuller, Flawless Curing

4× More LED Beads, 50% faster curing speed, 100% coverage including thumbs & finger gaps.

4. PACKAGE CONTENTS

Please check the package for the following items:

- O NAIL AI UV Nail Lamp Model SUNX
- Power Adapter
- Instruction Manual

Note: An optional external battery pack is available separately and is not included in the standard package.

Questo prodotto non include
una batteria incorporata
(la batteria incorporata è un accessorio opzionale)

The lamp curing nails, with an inset image of the optional external battery pack, indicating that the battery is sold separately.

5. SETUP

1. **Unpacking:** Carefully remove the O NAIL AI UV Nail Lamp and all accessories from the packaging. Retain the packaging for future storage or transport.
2. **Power Connection:** Connect the power adapter to the lamp's power input port and then plug the adapter into a suitable electrical outlet. The lamp will power on automatically or enter standby mode.

3. **Initial Wi-Fi Setup (Optional):** For AI learning and updates, connect the lamp to your Wi-Fi network. This process may require access to two devices (e.g., your phone and the lamp's screen). Follow the on-screen prompts for network configuration. Refer to the digital manual for detailed Wi-Fi setup instructions if needed.

6. OPERATING INSTRUCTIONS

Follow these steps for effective gel polish curing:

1. **Prepare Nails:** Apply your desired gel base coat, color coat, builder gel, or top coat as per your manicure routine.
2. **Place Hand/Foot:** Gently place your hand or foot into the lamp's curing chamber. Ensure your nails are positioned within the lamp's detection area. The HD visual display will show a projection of your nails and the AI's targeting.
3. **Select Curing Mode:** The lamp features smart buttons for different gel types and stages. Select the appropriate mode (e.g., Base Coat, Color Gel, Builder, Top Coat). The lamp will automatically adjust the curing time and intensity.
4. **AI Detection and Curing:** The AI system will detect your nails and activate the UV/LED light, focusing only on the nail area. The curing process will begin automatically. The display will show the remaining curing time.
5. **Remove Hand/Foot:** Once the curing cycle is complete, carefully remove your hand or foot.
6. **Repeat:** Repeat the process for each layer of gel polish as required.

Display LED visivo HD

7. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your O NAIL AI UV Nail Lamp:

- **Cleaning:** The lamp features a self-cleaning design with a smooth surface. Wipe the exterior and interior with a soft, dry cloth after each use. For stubborn stains, use a slightly damp cloth with mild soap, then dry thoroughly. Do not use abrasive cleaners or solvents.
- **LED Care:** The LEDs are protected by individual shields. Avoid touching the LED beads directly.

- **Storage:** Store the lamp in a cool, dry place away from direct sunlight and extreme temperatures.
- **Power Cord:** Always unplug the lamp by grasping the plug, not the cord. Do not wrap the cord tightly around the lamp.

LED protetti da lente

Ogni lampadina ha il proprio scudo contro urti e polvere.

Design autopulente

La superficie liscia si pulisce in pochi secondi. Niente macchie, niente problemi.

Rotazione LED intelligente

I LED funzionano a turni per prevenire il surriscaldamento e durare anni in più

8. TROUBLESHOOTING

If you encounter any issues with your O NAIL AI UV Nail Lamp, refer to the following troubleshooting guide:

• **Lamp Not Turning On:**

- Ensure the power adapter is securely plugged into both the lamp and the electrical outlet.
- Check if the power outlet is functional by plugging in another device.

• **Gel Not Curing Properly/Takes Too Long:**

- Ensure you are using the correct curing mode for your specific gel product (base coat, color, top coat).
- Verify that your hand/foot is positioned correctly within the lamp for optimal AI detection and light coverage.
- Check the expiration date of your gel polish. Old or improperly stored gel may not cure effectively.
- Apply gel in thin, even layers. Thick layers may require longer curing times or multiple cycles.

• **AI Not Detecting Nails:**

- Ensure your hand/foot is fully inserted into the lamp and your nails are visible to the internal camera.
- Clean the lamp's interior, especially around the camera lens, to ensure no obstructions.

• **Device Stopped Working:**

- If the device stops functioning after a period of use, first try unplugging it and plugging it back in.
- If the issue persists, contact O NAIL customer support for warranty service.

• **Wi-Fi Connection Issues:**

- Ensure your Wi-Fi network is active and within range.
- Double-check your Wi-Fi password.
- Restart your Wi-Fi router and the nail lamp.

9. SPECIFICATIONS
