TABWEE T50

TABWEE T50 11-inch Android Tablet User Manual

Model: T50 | Brand: TABWEE

INTRODUCTION

Welcome to the user manual for your new TABWEE T50 11-inch Android Tablet. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your device. The TABWEE T50 combines the latest Android 16 system with Gemini AI for a fast, intelligent, and smooth user experience. It features an Unisoc T7250 Octa-Core processor, 24GB RAM, 128GB ROM (expandable to 2TB), an 8000mAh battery, a 90Hz HD+ display, and 13MP rear and 8MP front cameras.

SETUP

1. Initial Charging

Before first use, fully charge your TABWEE T50 Tablet.

1. Connect the USB charging cable to the tablet's charging port.
2. Connect the other end of the cable to a compatible USB power adapter (not included) and plug it into a power outlet.
3. Allow the tablet to charge until the battery indicator shows 100%. This may take approximately 5 hours for a full charge.

2. Powering On and Initial Configuration

Press and hold the power button until the TABWEE logo appears. Follow the on-screen prompts to complete the initial setup:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Review and accept the terms and conditions.
- Set up screen lock (PIN, pattern, password, or facial unlock).

3. Inserting a MicroSD Card (Optional)

To expand storage up to 2TB, insert a microSDXC card.

1. Locate the SIM/microSD card tray on the side of the tablet.
2. Use the provided SIM ejector tool to open the tray.
3. Place the microSD card into the designated slot with the gold contacts facing down.
4. Gently push the tray back into the tablet until it clicks into place.

OPERATING INSTRUCTIONS

Display and Navigation

The TABWEE T50 features an 11-inch HD+ IPS display with a 1280x800 resolution and a 90Hz refresh rate for smooth visuals. It includes eye protection features to reduce blue light and minimize eye strain.

Display HD+ immersivo da 11"

Scopri una nitidezza straordinaria e colori vivaci sullo schermo HD+ da 11 pollici. Che tu stia guardando film in streaming, lavorando o giocando, ogni dettaglio prende vita per un'esperienza visiva davvero coinvolgente.

- **Multitasking:** Utilize split-screen mode for running multiple applications simultaneously.
- **Privacy Controls:** Manage app permissions and data access through system settings.
- **Adaptive Battery:** The AI-powered battery management optimizes power consumption based on your usage patterns.

Camera Functionality

The TABWEE T50 is equipped with an 8MP front camera and a 13MP rear camera.

1. Open the Camera app from the home screen or app drawer.
2. Switch between front and rear cameras using the camera icon.

3. Tap the shutter button to take photos or the video icon to record videos.
4. Explore various camera modes and settings for optimal results.

Condivisione dell'alimentazione. In movimento

Il tuo tablet ora è un power bank. Utilizza la funzione di ricarica inversa OTG per ricaricare il tuo smartphone, gli auricolari o qualsiasi dispositivo USB, sempre e ovunque.

-  **Fonte di alimentazione di emergenza**
-  **Ricarica due dispositivi con un solo cavo**
-  **Viaggia leggero, senza power bank aggiuntivi**

Image: The tablet connected to a smartphone, illustrating its power-sharing capability via OTG.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for system updates in Settings > System > System update to ensure optimal performance and security.
- **Battery Care:** To prolong battery life, avoid extreme temperatures and do not let the battery drain completely frequently.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain performance. Go to Settings > Storage to manage your storage.

TROUBLESHOOTING

- **Tablet Not Turning On:** Ensure the tablet is sufficiently charged. If it doesn't respond, press and hold the power button for 10-15 seconds to force a restart.
- **Apps Crashing/Freezing:** Close and reopen the app. If the issue persists, clear the app's cache (Settings > Apps > [App Name] > Storage & cache > Clear cache).
- **Wi-Fi Connectivity Issues:** Restart your tablet and Wi-Fi router. Forget the network and reconnect.
- **Slow Performance:** Close background apps, clear cache, or consider a factory reset if issues persist (backup data first).
- **Screen Unresponsive:** Restart the tablet. If the problem continues, contact customer support.
