Output Current	3 Amps
Voltage	9 Volts
Special Features	LED Indicator Lights, Over Charging Protection, Short Circuit Protection, Slim, Wireless Charging
Compatible Devices	iPhone 12, 13, 14, 15, 16, 17 All Series (and MagSafe-compatible cases)
Item Weight	128 Grams
Item Dimensions (L x W x Thickness)	3.81"L x 2.51"W x 0.57"Th

4. SETUP

4.1 Charging the Power Bank

1. Connect the provided USB-C to USB-C cable to the power bank's USB-C port.
2. Connect the other end of the cable to a compatible USB-C power adapter (not included).
3. The LED display on the power bank will show the charging progress. Ensure the power bank is fully charged before first use.

Image 4.1: The power bank can be charged via its USB-C port.

5. OPERATING INSTRUCTIONS

5.1 Wireless Charging (MagSafe Compatible)

1. Ensure your iPhone (12 series or newer) or MagSafe-compatible case is clean and free of obstructions.
2. Align the Ouotoo power bank with the back of your iPhone. The strong magnetic force will automatically snap it into place, ensuring proper alignment for efficient wireless charging.
3. The LED display on the power bank will show its remaining charge, and your iPhone will indicate that it is charging.

Power in a Snap

15W Wireless Charging

Video 5.1: Demonstrates the magnetic attachment and wireless charging function of the power bank with an iPhone.

5.2 Wired Charging (USB-C PD Fast Charging)

1. Connect one end of the USB-C to USB-C cable to the power bank's USB-C port.
2. Connect the other end of the cable to your device's USB-C charging port.
3. The power bank supports 20W PD fast charging for compatible devices like iPads, AirPods, and Apple Watch.

5.3 Dual Charging

The Quotoo Y207 supports simultaneous wireless and wired charging, allowing you to power two devices at once.

Video 5.2: Shows the power bank simultaneously charging two devices, one wirelessly and one via cable.

6. MAINTENANCE

- Keep the power bank away from water, fire, and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

- Store in a cool, dry place when not in use.

7. TROUBLESHOOTING

7.1 Device Not Charging

- Ensure the power bank is sufficiently charged. Check the LED display for battery level.
- For wireless charging, verify that your phone is MagSafe compatible or has a MagSafe-compatible case. Non-magnetic cases will prevent proper magnetic attachment and charging.
- Ensure proper alignment of the power bank with your phone for wireless charging.
- For wired charging, check that the USB-C cable is securely connected to both the power bank and your device. Try a different USB-C cable if necessary.

7.2 Slow Charging

- Ensure your device supports fast charging protocols (e.g., PD 20W) to achieve optimal speeds.
- Environmental factors like extreme temperatures can affect charging efficiency.

7.3 Overheating

- The power bank is equipped with an intelligent cooling chip and multi-layer protection against overheating. If the device feels excessively hot, discontinue use and allow it to cool down.
- Ensure adequate ventilation around the power bank and your device during charging.

8. WARRANTY & SUPPORT

The Ouotoo Y207 Magnetic Portable Charger comes with a 3-year limited warranty. Ouotoo provides professional technical support and customer service. For any quality issues or assistance, please contact Ouotoo customer support. Solutions will be provided as needed.
