3. PRODUCT OVERVIEW

The Generic S81 Smart Watch features a 1.39-inch clear digital display and a robust design suitable for various activities. Key functionalities include:

- **Military-Grade Construction:** Shock-resistant exterior with metal and silicone components for durability.
- **Health Tracking:** Advanced sensors for heart rate monitoring, step counting, and calorie tracking.

- **Bluetooth Connectivity:** Integrated Bluetooth for making and receiving calls directly from your wrist.
- **Digital Interface:** User-friendly display showing time, date, weekday, and detailed fitness metrics.
- **Waterproof Rating:** IP68 rated for water and dust resistance.
- **Multiple Sports Modes:** Supports various activity tracking modes.

4. SETUP

4.1 Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included).

4.2 App Installation and Pairing

To unlock the full functionality of your S81 Smart Watch, you must download and install the corresponding mobile application on your smartphone. The app is compatible with both Android and iPhone devices.

1. **Scan QR Code:** Refer to the watch screen or the included user manual for a QR code to download the official app.
2. **Install App:** Follow the on-screen instructions to install the app on your smartphone.
3. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
4. **Pair Device:** Open the app, create an account if prompted, and follow the in-app instructions to search for and pair with your S81 Smart Watch.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

The S81 Smart Watch features a touch screen for navigation. Swipe left, right, up, or down to access different menus and functions. Press the side buttons for specific actions like returning to the home screen or accessing sports modes.

5.2 Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your watch:

- **Making Calls:** Access the dialer or contact list on your watch to initiate a call.
- **Receiving Calls:** When a call comes in, the watch will display the caller ID. Tap to answer or reject the call.

5.3 Fitness Tracking

The watch continuously monitors your health and activity:

- **Heart Rate:** View your current heart rate and historical data in the app.
- **Step Counter:** Tracks your daily steps, distance, and calories burned.
- **Sports Modes:** Select from various sports modes to track specific workouts with detailed metrics.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain functionality. Use a soft, damp cloth to wipe the screen and strap. Avoid harsh chemicals or abrasive materials.

6.2 Storage

When not in use for extended periods, store the watch in a cool, dry place. Ensure it is fully charged before storing to prolong battery life.

7. TROUBLESHOOTING

If you encounter issues with your S81 Smart Watch, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the app.
- **Inaccurate fitness data:** Ensure the watch is worn snugly on your wrist, about one finger's width above your wrist bone. Clean the sensor on the back of the watch.
- **No notifications:** Check app permissions on your phone to ensure the smartwatch app has access to notifications. Verify notification settings within the smartwatch app.
- **Call function not working:** Confirm the watch is properly connected via Bluetooth for calls. Some phones require separate Bluetooth pairing for call audio.

For persistent issues, consult the in-app help section or contact customer support.

8. SPECIFICATIONS
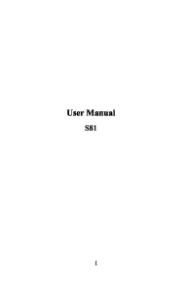

Feature	Specification
Model Number	S81
Screen Size	1.39 Inches
Item Weight	2.8 Ounces
Package Dimensions	6 x 3 x 1.2 inches
Battery Type	1 Nonstandard Battery (Lithium Polymer)
Battery Capacity	0.2 Amp Hours
Connectivity	Bluetooth
Operating System	Linux
Memory Storage Capacity	64 MB
Special Feature	Multisport Tracker
Water Resistance	IP68

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation provided with your purchase or contact the seller directly. Warranty terms typically cover manufacturing defects for a specified period from the date of purchase.
