4. ASSEMBLY INSTRUCTIONS

Assembly of the HOOBRO BK24UDJG01 Bar Cabinet requires careful attention to detail. It is recommended that two adults perform the assembly.

1. **Preparation:** Clear a spacious, clean, and level area for assembly. Lay out all components and hardware, comparing them against the parts list in the included assembly manual.
2. **Follow the Manual:** Refer to the detailed, step-by-step assembly instructions provided in the separate manual included with your product. Each step is illustrated to guide you through the process.
3. **Secure Connections:** Ensure all screws and fasteners are tightened securely, but do not overtighten, which could damage the engineered wood.
4. **Anti-Tip Kit Installation:** Once the cabinet is fully assembled and in its final position, install the anti-tip kit as directed in the assembly manual. This is a critical safety step.

5. SETUP

Proper placement and connection are essential for optimal functionality and safety.

- **Placement:** Place the assembled bar cabinet on a stable, level surface. Avoid areas with high humidity or direct sunlight, which can affect the material over time.
- **Power Connection:** Connect the power cord from the integrated charging station to a standard 120V AC wall outlet. Ensure the outlet is easily accessible.

6. OPERATING INSTRUCTIONS

6.1. Power Outlet Operation

The bar cabinet includes a built-in charging station for convenient power access.

- **AC Outlets:** Two 125V/12A AC outlets are available for small appliances like coffee makers or blenders.
- **USB Ports:** One 5V/2A USB-A port and one 5V/2A Type-C port are provided for charging mobile devices.
- **Usage:** Simply plug your devices into the appropriate ports. Ensure the cabinet's main power cord is connected to a wall outlet.

7. MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your bar cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, which can damage the finish.
- **Glass Care:** Clean glass panels with a standard glass cleaner and a soft, lint-free cloth.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure stability.
- **Electrical Components:** Ensure the power cord and LED light connections are free from damage. Do not attempt to repair electrical components yourself.

8. TROUBLESHOOTING

If you encounter issues with your HOOBRO Bar Cabinet, refer to the following common solutions.

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Loose fasteners; uneven floor; anti-tip kit not installed.	Check and tighten all screws. Ensure the cabinet is on a level surface. Install the anti-tip kit as per instructions.
LED lights are not turning on.	Power cord not connected; remote/app not paired; faulty light strip.	Ensure the cabinet's power cord is plugged in. Check the LED light strip's connection. Re-pair the remote/app if necessary. Contact support if the issue persists.
Power outlets are not working.	Cabinet power cord not connected; wall outlet issue.	Verify the cabinet's power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device.
