# Heybly HCT027G Heavy Duty Cat Tree Instruction Manual

Model: HCT027G | Brand: Heybly

## 1. INTRODUCTION

---

Thank you for choosing the Heybly HCT027G Heavy Duty Cat Tree. This manual provides essential information for the safe assembly, operation, and maintenance of your new cat furniture. Please read these instructions carefully before assembly and retain them for future reference.

An assembled Heybly HCT027G cat tree, showcasing its multi-level design, scratching posts, hammock, and condo, with several cats enjoying the structure.

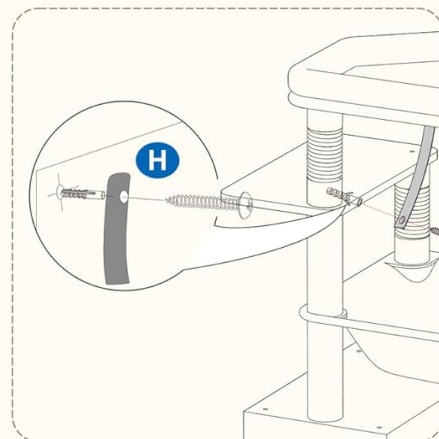

## 2. SAFETY INFORMATION

---

- Ensure all parts are securely fastened during assembly. Regularly check for loose screws or components.
- Place the cat tree on a flat, stable surface to prevent wobbling.
- Utilize the included anti-tip device to secure the cat tree to a wall, especially for active or multiple cats.
- Keep small children away from the cat tree during assembly and ensure they do not climb on it.
- Inspect the cat tree periodically for any damage or wear that could compromise its stability or safety.

Ensures steady stability  
for active playtimes

This image demonstrates the anti-tip device, which should be securely attached to a wall to prevent the cat tree from tipping over, ensuring safety during active play.

## 3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

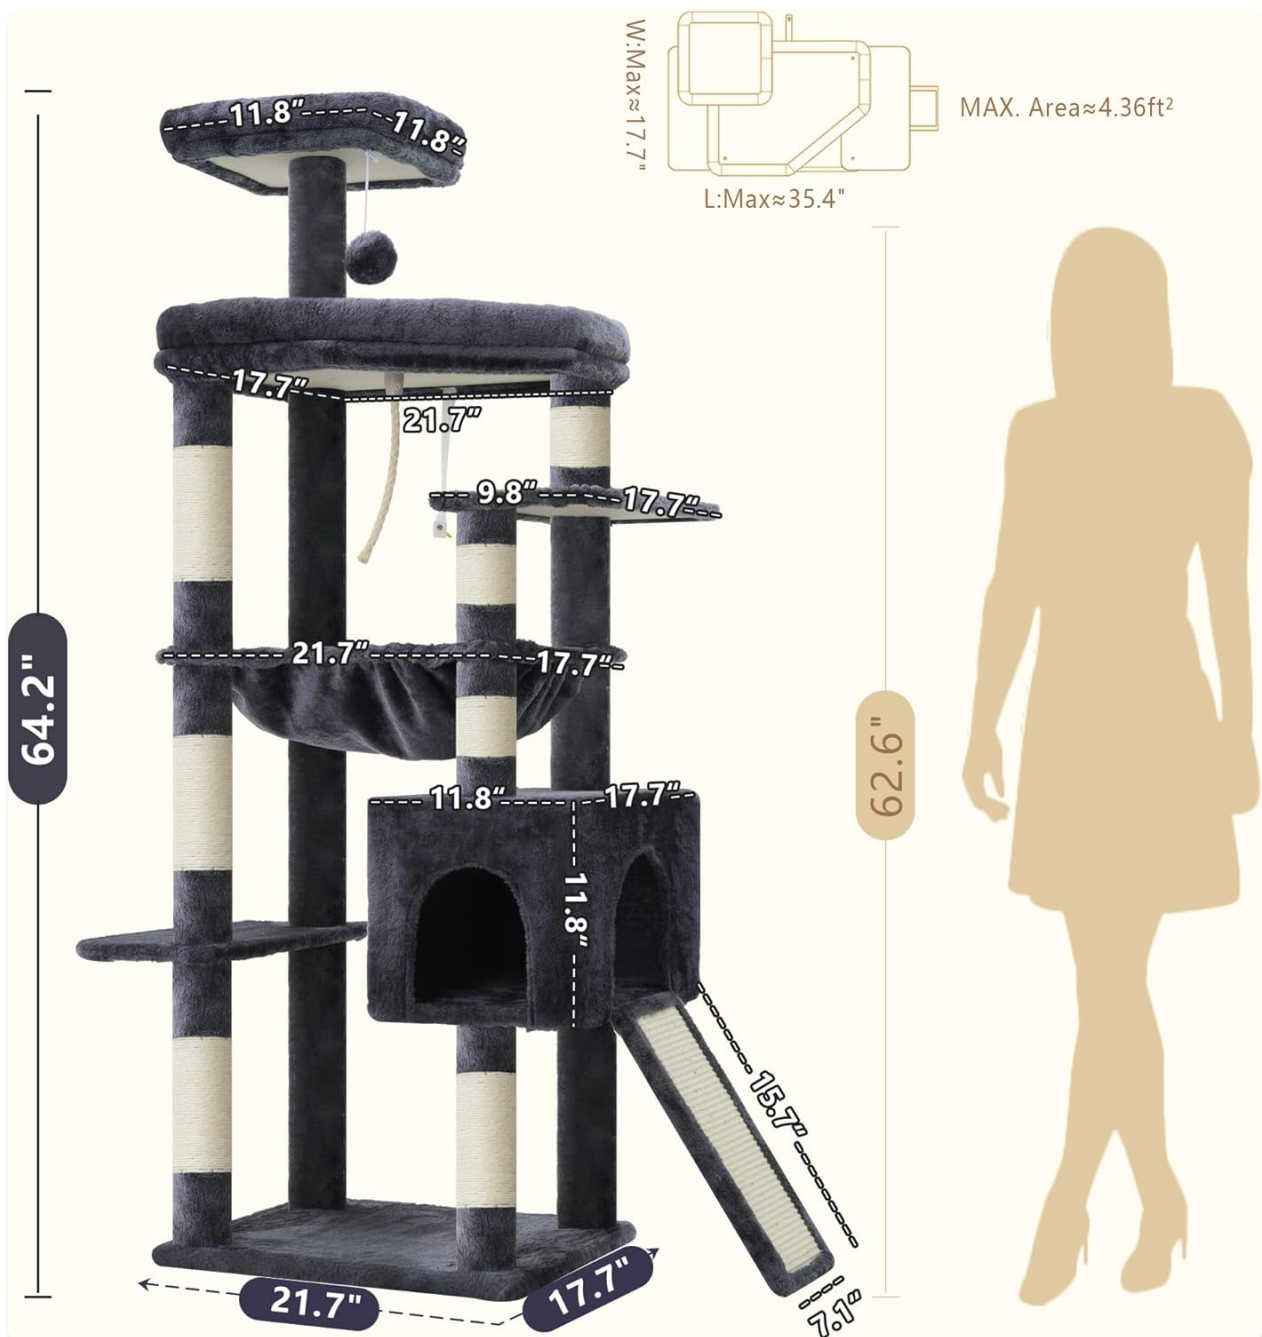

- Cat Tree Structure Components (Platforms, Posts, Base, Condo, Hammock)
- Anti-Tip Kit (Strap, Wall Anchor, Screw)
- Accessory Kit (Screws, Allen Wrench, Pom-pom toys)
- Instruction Manual

## 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Heybly HCT027G Cat Tree. It is recommended to have two people for easier assembly.

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in the accessory kit to identify each piece.

2. **Assemble the Base:** Attach the lowest support posts to the large base platform (17.7" x 21.7") using the provided screws and Allen wrench. Ensure the base is stable.
3. **Install Lower Platforms and Condo:** Secure the first set of platforms and the cat condo onto the base posts. Make sure the condo entrance faces an accessible direction.
4. **Attach Hammock:** Connect the oversized hammock to the designated posts. Ensure it is taut and secure for your cat's comfort.
5. **Build Upper Levels:** Continue adding posts and platforms layer by layer, following the diagram in your accessory kit. The design includes two top levels: a square perch and a pentagonal platform.
6. **Install Scratching Posts and Board:** Integrate the sisal-wrapped scratching posts and the scratching board as you build the structure. These are crucial for your cat's natural scratching instincts.
7. **Secure Top Perches:** Fasten the top square and pentagonal perches. Place the removable soft cushions on these platforms.
8. **Attach Anti-Tip Device:** Once the cat tree is fully assembled and in its desired location, use the anti-tip strap to secure the top part of the tree to a wall stud. This significantly enhances stability.
9. **Add Toys:** Hang the pom-pom toys from the designated spots to encourage play.

## 6. USAGE GUIDELINES

- **Placement:** Position the cat tree in a quiet corner or near a window where your cat enjoys observing its surroundings.
- **Introduction:** Encourage your cat to explore the tree by placing treats or favorite toys on different levels.
- **Supervision:** Initially supervise your cat's use of the tree to ensure they adapt safely to its various features.

## 7. MAINTENANCE

- **Cleaning:** The plush fabric components, including removable cushions, should be dry cleaned only. For

spot cleaning, use a damp cloth with mild detergent and air dry.

- **Inspection:** Regularly check all screws and connections to ensure they remain tight. Tighten any loose fasteners immediately.
- **Wear and Tear:** Monitor sisal scratching posts and other components for significant wear. Replace heavily worn parts if they compromise safety or function.

## 8. TROUBLESHOOTING

---

- **Wobbling:** If the cat tree wobbles, ensure it is on a level surface. Re-tighten all screws and verify the anti-tip device is securely installed.
- **Loose Parts:** If any parts become loose, immediately re-tighten them. If a part is stripped or broken, contact customer support for a replacement.
- **Cat Disinterest:** If your cat is not using the tree, try placing catnip, treats, or favorite toys on different levels to encourage exploration.
