Bellemave XST000008TW

Bellemave Twin Size Low Loft Bed with Storage Shelves and LED Lights Instruction Manual

Model: XST000008TW

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Bellemave Twin Size Low Loft Bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This low loft bed is designed for children and teens, featuring integrated storage shelves, LED lighting, a ladder, and a slide.

2. Important Safety Information

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- Always follow the assembly instructions carefully. Ensure all hardware is securely tightened before use.
- Do not exceed the maximum weight limit of**350 pounds** for the bed.
- The bed is equipped with full-length guardrails to prevent accidental falls. Ensure these are properly installed and maintained.
- Children should be supervised when using the ladder and slide.
- Regularly check all connections, bolts, and screws for tightness. Re-tighten as necessary.
- Ensure the bed is placed on a flat, level surface to prevent wobbling or instability.
- Keep small parts away from children during assembly to prevent choking hazards.

3. Package Contents

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Headboard, Footboard, Side Rails)
- Guardrails
- Ladder
- Slide
- Bed Slats
- Bookcase/Storage Shelves
- LED Light Strip

- Hardware Pack (screws, bolts, nuts, Allen wrench)
- Assembly Instructions Manual (this document)

4. Assembly Instructions

Assembly typically requires two adults. Please follow these steps carefully:

1. **Preparation:** Clear a spacious area for assembly. Unpack all components and lay them out. Identify each part using the provided parts list and hardware diagram.
2. **Assemble Main Bed Frame:** Connect the headboard, footboard, and side rails using the provided hardware. Ensure all connections are snug but do not fully tighten until the frame is complete.
3. **Attach Guardrails:** Securely attach the full-length guardrails to the bed frame using the designated hardware.
4. **Install Bed Slats:** Place and secure the wooden bed slats across the bed frame. These slats eliminate the need for a box spring.
5. **Attach Ladder and Slide:** Securely attach the ladder and slide to the designated points on the bed frame. Ensure they are stable and firmly connected.
6. **Install LED Light Strip:** Position the LED light strip within the storage compartments as desired. Connect it according to the separate LED light instructions (if provided).
7. **Final Tightening:** Once all components are assembled, go back and fully tighten all bolts and screws. Do not overtighten.

5. Operating Instructions

5.1. LED Lights

The integrated LED lights provide ambient illumination for the sleeping area. These lights are suitable for reading or as a night light. Refer to the specific instructions provided with the LED light kit for details on power connection and operation (e.g., switch location, dimming functions if available).

Image 5.1: Storage compartments with integrated LED lighting.

5.2. Storage Shelves

The open storage compartments are designed to maximize space efficiency. They can be used to store books, small toys, or decorative items. The compartments are adjustable to accommodate varying mattress heights, allowing for flexible use.

6. Maintenance

- **Cleaning:** Wipe the bed frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as needed to maintain stability and safety.
- **LED Lights:** If the LED lights dim or stop working, check the power connection. If issues persist, consult the LED

light kit's specific troubleshooting guide or contact customer support.

7. Troubleshooting

Problem	Possible Cause	Solution
Bed is wobbly or unstable.	Loose hardware; uneven floor.	Ensure all bolts and screws are securely tightened. Place the bed on a flat, level surface.
LED lights are not working.	Power connection issue; faulty light strip.	Check if the power adapter is properly connected to the outlet and the light strip. If issues persist, contact customer support.
Missing parts during assembly.	Packaging error.	Review the package contents list. Contact Bellemave customer support with the model number and description of the missing part.

8. Product Specifications

Feature	Detail
Model Number	XST000008TW
Size	Twin
Product Dimensions (L x W x H)	77.76" x 74.41" x 37"
Weight Limit	350 Pounds
Item Weight	68.35 Pounds
Material	Solid Pine Wood
Finish Type	Painted (White)
Included Components	Bookcase, Guardrails, Ladder, Slat, Slide, LED Lights
Ground To Item Distance	23 Inches
