TELESIN TELESIN Retro Film RGB Video Light

TELESIN Magnetic RGB Video Light User Manual

Model: TELESIN Retro Film RGB Video Light

Brand: TELESIN

1. INTRODUCTION

Thank you for choosing the TELESIN Magnetic RGB Video Light. This portable and versatile lighting solution is designed for content creators, streamers, and photographers, offering full RGB color control, adjustable brightness, and multiple mounting options. This manual will guide you through the setup, operation, and maintenance of your device to ensure optimal performance.

2. WHAT'S IN THE Box

Please verify that all items are present in your package:

- 1x Magnetic RGB Video Light
- 1x Plastic Cold Shoe Mount
- 1x Magnetic Accessory (Diffuser)
- 1x Interconnecting Plastic Piece (for linking lights)

What's in the Box?

Magnetic RGB Video Light × 1

Magnetic Accessory (Diffuser) × 1

Plastic Cold Shoe Mount × 1

Interconnecting Plastic Piece (for linking lights) × 1

3. PRODUCT OVERVIEW

The TELESIN Magnetic RGB Video Light features a compact design resembling a retro film roll. It incorporates a powerful LED array capable of producing a full spectrum of RGB colors and adjustable brightness. The device is equipped with a built-in rechargeable battery and multiple attachment points for versatile use.

4. SETUP

4.1 Charging the Device

The video light is powered by a built-in 500mAh rechargeable battery. To charge, connect a USB Type-C cable to the charging port on the device and to a suitable power source. A full charge provides up to 1.5 hours of use at maximum RGB brightness or over 24 hours at the minimum setting.

**Pocket size and
easy to carry**

1.41 OZ / 40g

*The data are measured manually and may have slight errors.

4.2 Attaching the Soft Diffuser

The included soft diffuser attaches magnetically to the front of the light. Simply align the diffuser with the light panel, and it will snap into place. This diffuser helps create softer, more flattering light, reducing harsh shadows.

Magnetic Folding Two Interface Types

Engineered for content creators
& achieving professional-grade illumination

4.3 Mounting Options

The TELESIN Magnetic RGB Video Light offers versatile mounting:

- **Cold Shoe Mount:** Use the provided plastic cold shoe mount to attach the light to DSLR cameras, mirrorless cameras, tripods, or other photography/videography devices with a cold shoe slot.
- **Magnetic Attachment:** The light features a built-in strong magnet, allowing it to be securely attached to any metal surface for hands-free operation.
- **Interconnecting Piece:** Use the interconnecting plastic piece to link multiple TELESIN lights together for wider and brighter coverage.

Limitless Mounting Possibilities

6. MAINTENANCE

To ensure the longevity and optimal performance of your TELESIN Magnetic RGB Video Light, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the light. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the light in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For best battery life, avoid fully discharging the battery frequently. Recharge the device regularly, even if not in use for extended periods.

- **Water Exposure:** This device is not waterproof. Avoid exposure to water or high humidity.

7. TROUBLESHOOTING

If you encounter any issues with your TELESIN Magnetic RGB Video Light, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	Low battery; Device not powered on correctly	Charge the battery; Press and hold the power button for 3 seconds
Cannot change color/brightness	Incorrect mode; Control knob/button issue	Ensure you are in the correct adjustment mode (refer to operating instructions); Try resetting the device by powering off and on
Light flickers or is unstable	Low battery; Internal fault	Charge the battery fully; If problem persists, contact customer support
Magnetic attachment is weak	Surface is not metallic; Heavy load	Ensure attachment to a flat, ferrous metal surface; Avoid attaching to excessively heavy objects

If the problem persists after attempting these solutions, please contact TELESIN customer support for further assistance.
