

Devoko 24 inch

Devoko Resin Tall Planters (Set of 2) - 24 Inch

Model: 24 Inch | Brand: Devoko

INTRODUCTION

Thank you for choosing Devoko Resin Tall Planters. This manual provides essential information for the proper setup, operation, maintenance, and care of your new planters. Designed for both indoor and outdoor use, these planters offer a modern aesthetic with practical features to support your plants.

SETUP INSTRUCTIONS

Your Devoko Resin Tall Planters are designed for easy setup. Each planter includes a removable inner pot and features drainage holes to ensure optimal plant health.

Unpacking and Inspection

1. Carefully remove all components from the packaging.
2. Inspect both the outer planter and the inner pot for any signs of damage. Contact customer support if any damage is found.
3. Ensure all parts are present: 2 x Outer Planters, 2 x Removable Inner Pots.

Assembling the Planter

The planters come pre-assembled. The inner pot is designed to fit snugly inside the outer planter. No tools are required for assembly.

Preparing for Planting

The removable inner pot simplifies the planting process. It provides sufficient soil storage space and can be easily removed for cleaning or transplanting.

Video: Demonstrates the process of placing the inner pot, adding soil, and planting a fern in the Devoko planter.

1. Place the removable inner pot inside the outer planter.
2. Fill the inner pot with appropriate potting soil for your chosen plants.
3. Carefully place your plant into the soil, ensuring its roots are well covered.

OPERATING INSTRUCTIONS

These planters are designed for versatility and durability, suitable for various plants and environments.

Watering Your Plants

The planters are equipped with four drainage holes at the bottom of the inner pot to prevent waterlogging and ensure proper aeration for plant roots. This design helps maintain optimal soil moisture levels.

Keep the Soil Moist and Prevent Excess Water

Sufficiently large soil storage space

Four drainage holes prevent excess water and ensure air circulation

Placement and Stability

The planters are lightweight for easy repositioning. For outdoor use in windy conditions, it is recommended to add weight to the bottom of the outer planter (e.g., rocks or sand) to enhance stability.

MAINTENANCE

To ensure the longevity and aesthetic appeal of your Devoko planters, follow these simple maintenance guidelines.

Cleaning

The polypropylene composite material makes these planters easy to clean. Simply wipe them down with a damp cloth or rinse with water. The waterproof design ensures easy cleaning without damage.

Weather Resistance

These planters are made from a durable polypropylene composite material, providing good scratch and impact resistance. They are UV resistant and designed to withstand various weather conditions without cracking or fading, making them suitable for all seasons.

UNIQUE RATTAN DESIGN

TROUBLESHOOTING

- **Planter tipping over in windy conditions:** If your planter is in an exposed, windy area, consider adding heavy materials like rocks, gravel, or sand to the bottom of the outer planter before inserting the inner pot. This will increase stability.
- **Excess water retention:** Ensure the drainage holes in the inner pot are clear of debris. The design with four drainage holes is intended to prevent stagnant water. If water is still pooling, check for any blockages.
- **Fading or cracking:** These planters are UV resistant. If you notice unusual fading or cracking, ensure the product is not exposed to extreme, prolonged temperatures beyond typical outdoor conditions.

SPECIFICATIONS

PRODUCT DIMENSION

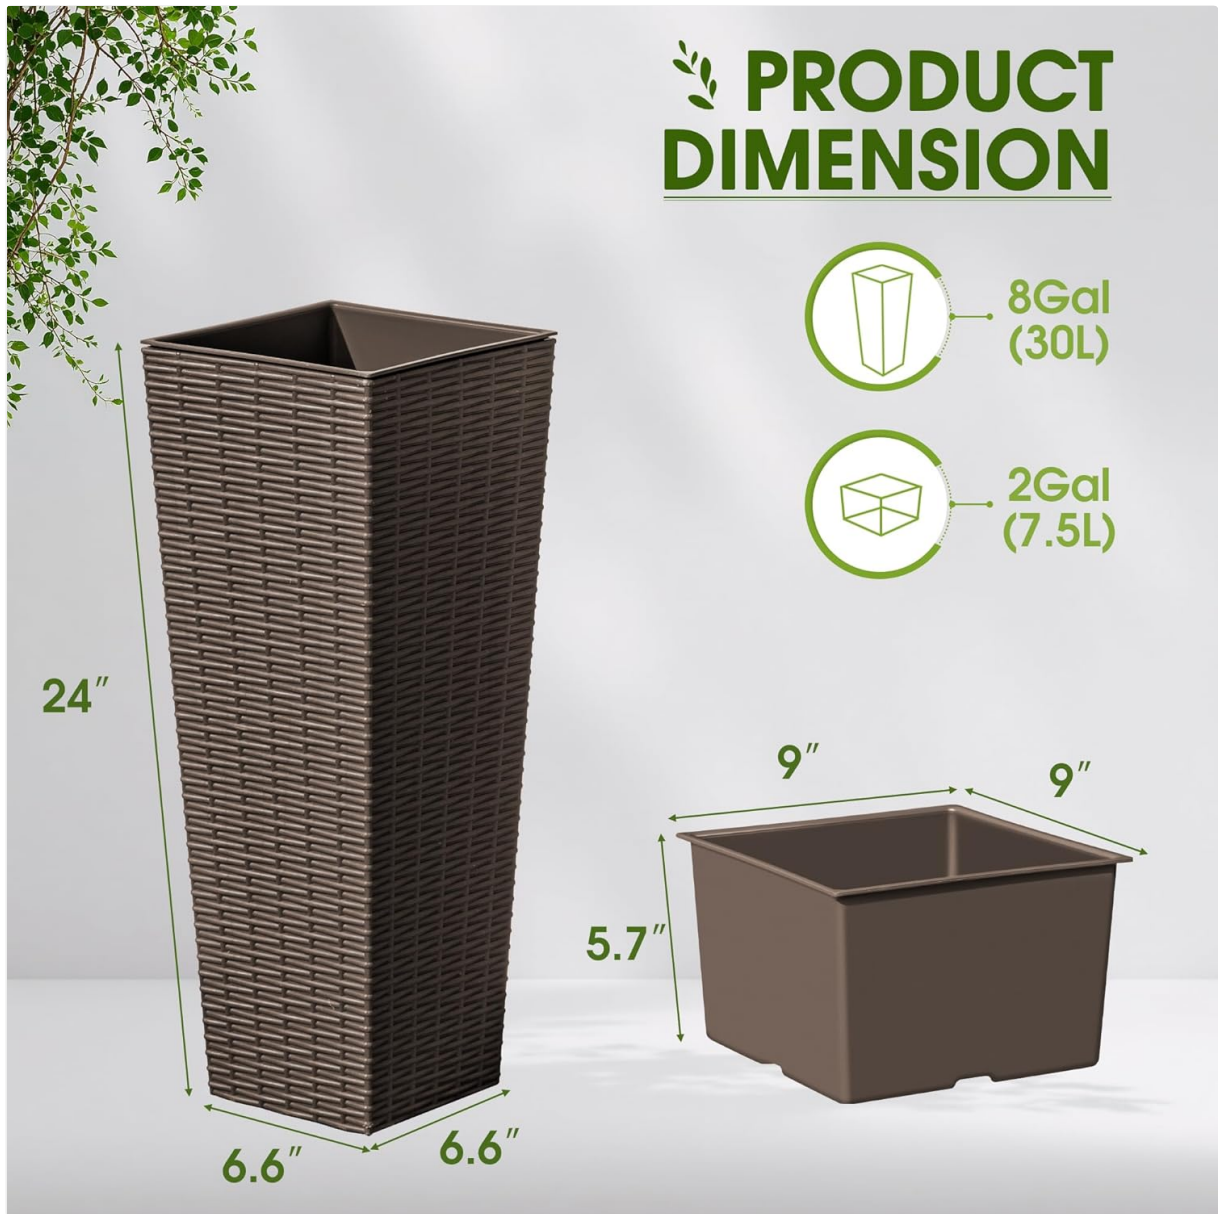

Image: Detailed dimensions of the Devoko 24-inch tall planter and its removable inner pot.

Feature	Detail
Material	Resin (Polypropylene Composite)
Color	Brown
Style	Modern, Rattan Pattern
Special Features	Weather Resistant, UV Resistant, Scratch Resistant, Impact Resistant, Removable Inner Pot, Drainage Holes
