## SETUP AND ASSEMBLY

Assembly of the COFaR Wardrobe Closet KFY\_MZ10 is designed to be straightforward. For detailed, step-by-step instructions, please consult the dedicated assembly guide included in your package. The following provides

general guidance and important considerations.

1. **Preparation:** Choose a clear, level, and stable surface for assembly. Ensure you have enough space to maneuver the components.
2. **Unpacking:** Carefully unpack all components and verify against the parts list in the assembly guide. Keep all hardware organized.
3. **Frame Assembly:** Follow the assembly guide to construct the main frame of the wardrobe. Ensure all connections are secure before proceeding.
4. **Shelf and Rod Installation:** The interior features adjustable shelves and a removable hanging rod. You can customize their placement during assembly or adjust them later. The cabinet supports two main installation methods for interior configuration.
5. **Door Attachment:** Attach the doors according to the instructions, ensuring they open and close smoothly and align correctly.
6. **Leveling:** Once assembled, use the four adjustable leveling feet to ensure the wardrobe is stable and level on your chosen surface. This prevents wobbling and ensures proper door function.

## OPERATING INSTRUCTIONS

The COFaR Wardrobe Closet KFY\_MZ10 is designed for ease of use and adaptability.

- **Adjusting Shelves:** To adjust the height of the shelves, empty the shelf, lift it slightly, and reposition the shelf supports to the desired slots. Ensure all four supports are securely seated before placing items back on the shelf.
- **Using the Hanging Rod:** The removable hanging rod can be used for clothes, long coats, or dresses. Ensure items hung do not exceed the weight capacity of the rod (refer to assembly guide for specific limits).
- **Door Operation:** The two doors are equipped with magnetic closures to keep them securely shut. Gently push the doors until the magnets engage. To open, pull firmly on the handles.
- **Stability:** Periodically check the adjustable leveling feet to ensure the cabinet remains stable, especially if moved or placed on an uneven surface. Adjust as necessary by rotating the feet.

## MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your COFaR Wardrobe Closet KFY\_MZ10.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild soap solution and dry immediately with a clean cloth. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the powder coat finish.
- **Dusting:** Regularly dust the interior and exterior with a dry, soft cloth to prevent dust buildup.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Door Hinges:** If doors become stiff or squeaky, apply a small amount of silicone-based lubricant to the hinges.

## TROUBLESHOOTING

Here are solutions to common issues you might encounter with your wardrobe closet.

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Uneven floor surface; leveling feet not adjusted; loose fasteners.	Adjust the four leveling feet until the cabinet is stable. Ensure all assembly fasteners are tightened.
Doors do not close properly or are misaligned.	Cabinet is not level; hinges are loose or misaligned; obstruction.	Ensure the cabinet is level using the adjustable feet. Check and tighten hinge screws. Verify no items are obstructing the door closure.
Shelves sag or fall.	Overloaded shelf; shelf supports not properly seated.	Reduce the weight on the shelf. Ensure all four shelf supports are fully inserted into the cabinet's side slots.
