Turnwin TK29 TG02/SENBONO TG02 Compatible Smartwatch Band

Turnwin Smartwatch Band Instruction Manual

For DIVOAZBVO TK29 TG02 and SENBONO TG02 Smartwatches

INTRODUCTION

This manual provides instructions for the installation, use, and maintenance of your Turnwin Soft Silicone Smartwatch Band, designed for compatibility with DIVOAZBVO TK29 TG02 and SENBONO TG02 smartwatches. This band offers a comfortable and secure fit for daily wear and various activities.

Figure 1: Smartwatch with Turnwin Silicone Band

SETUP: BAND INSTALLATION

The Turnwin smartwatch band features a quick-release design for easy installation and removal without the need for tools.

1. **Prepare the Watch:** Place your DIVOAZBVO TK29 TG02 or SENBONO TG02 smartwatch face down on a soft, clean surface to protect the screen.
2. **Remove Existing Band (if applicable):** If an old band is attached, locate the quick-release pin on the underside of the band where it connects to the watch lug. Slide the pin inward to detach the band from the watch. Repeat for the other side.
3. **Attach New Band:** Take one half of the Turnwin silicone band. Locate the quick-release pin on the back of the band. Insert one end of the pin into the corresponding hole on the watch lug.

4. **Secure the Pin:** While holding the first end in place, slide the quick-release pin lever inward. Align the other end of the pin with the opposite hole on the watch lug and release the lever. The pin should snap securely into place. Gently tug on the band to ensure it is firmly attached.
5. **Repeat for Second Half:** Follow steps 3 and 4 to attach the second half of the band to the other watch lug.

OPERATING: WEARING AND ADJUSTING

Once installed, the band is ready for wear. The stainless-steel tang buckle ensures a secure fit.

1. **Position on Wrist:** Place the smartwatch on your wrist, ensuring the watch face is oriented correctly.
2. **Fasten the Buckle:** Thread the longer end of the band through the buckle. Insert the tang (pin) of the buckle into one of the adjustment holes on the band.
3. **Adjust for Comfort:** Select an adjustment hole that provides a snug yet comfortable fit. The band should not be too tight to restrict circulation, nor too loose to slide freely on your wrist.
4. **Secure the Loop:** Slide the excess band through the two keeper loops to prevent it from flapping.

MAINTENANCE

To ensure the longevity and hygiene of your silicone band, follow these maintenance guidelines:

- **Regular Cleaning:** Wipe the band regularly with a soft, damp cloth to remove sweat, dirt, and oils. For deeper cleaning, use a mild soap solution and rinse thoroughly with clean water.
- **Drying:** Always ensure the band is completely dry before reattaching it to your smartwatch or wearing it. Air drying is recommended.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the silicone material.
- **Storage:** When not in use, store the band in a clean, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your smartwatch band, consider the following:

- **Band Not Attaching Securely:** Ensure the quick-release pins are fully engaged in the watch lug holes. Sometimes, a slight jiggle or re-insertion is needed to confirm the pin is seated correctly. Verify that the band is compatible with your specific smartwatch model (DIVOAZBVO TK29 TG02 or SENBONO TG02).
- **Skin Irritation:** If skin irritation occurs, ensure the band is clean and dry. Avoid wearing the band too tightly. If irritation persists, discontinue use and consult a healthcare professional.
- **Discoloration:** Silicone bands can sometimes discolor over time due to exposure to certain chemicals (e.g., sunscreens, lotions) or prolonged direct sunlight. Regular cleaning can help mitigate this.

SPECIFICATIONS

Product Name	Turnwin Soft Silicone Smartwatch Band
Compatibility	DIVOAZBVO TK29 TG02, SENBONO TG02 Smartwatches
Material	Silicone
Clasp Type	Tang Buckle (Stainless Steel)
Wrist Size Range	Approximately 5.5 inches to 8.7 inches (140mm to 220mm)
