DAUSOLA 69 Inch Catio Outdoor Cat Enclosure

DAUSOLA 69 Inch Outdoor Cat Enclosure Instruction Manual

Model: 69 Inch Catio Outdoor Cat Enclosure

INTRODUCTION

This manual provides essential instructions for the assembly, operation, maintenance, and troubleshooting of your DAUSOLA 69 Inch Outdoor Cat Enclosure. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation for your cats.

Image: The DAUSOLA 69 Inch Outdoor Cat Enclosure, a spacious grey structure designed for multiple cats, featuring multiple levels and a secure entrance. It is shown on a wooden patio, providing an outdoor space for pets.

SAFETY INFORMATION

- Ensure all components are securely fastened during assembly to prevent instability.
- Regularly inspect the enclosure for any signs of wear, damage, or loose parts.
- Place the cat enclosure on a level, stable surface to prevent tipping.
- Keep small children away from the assembly area.
- Do not allow cats to chew on wooden components excessively.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact DAUSOLA customer support.

Product Dimension

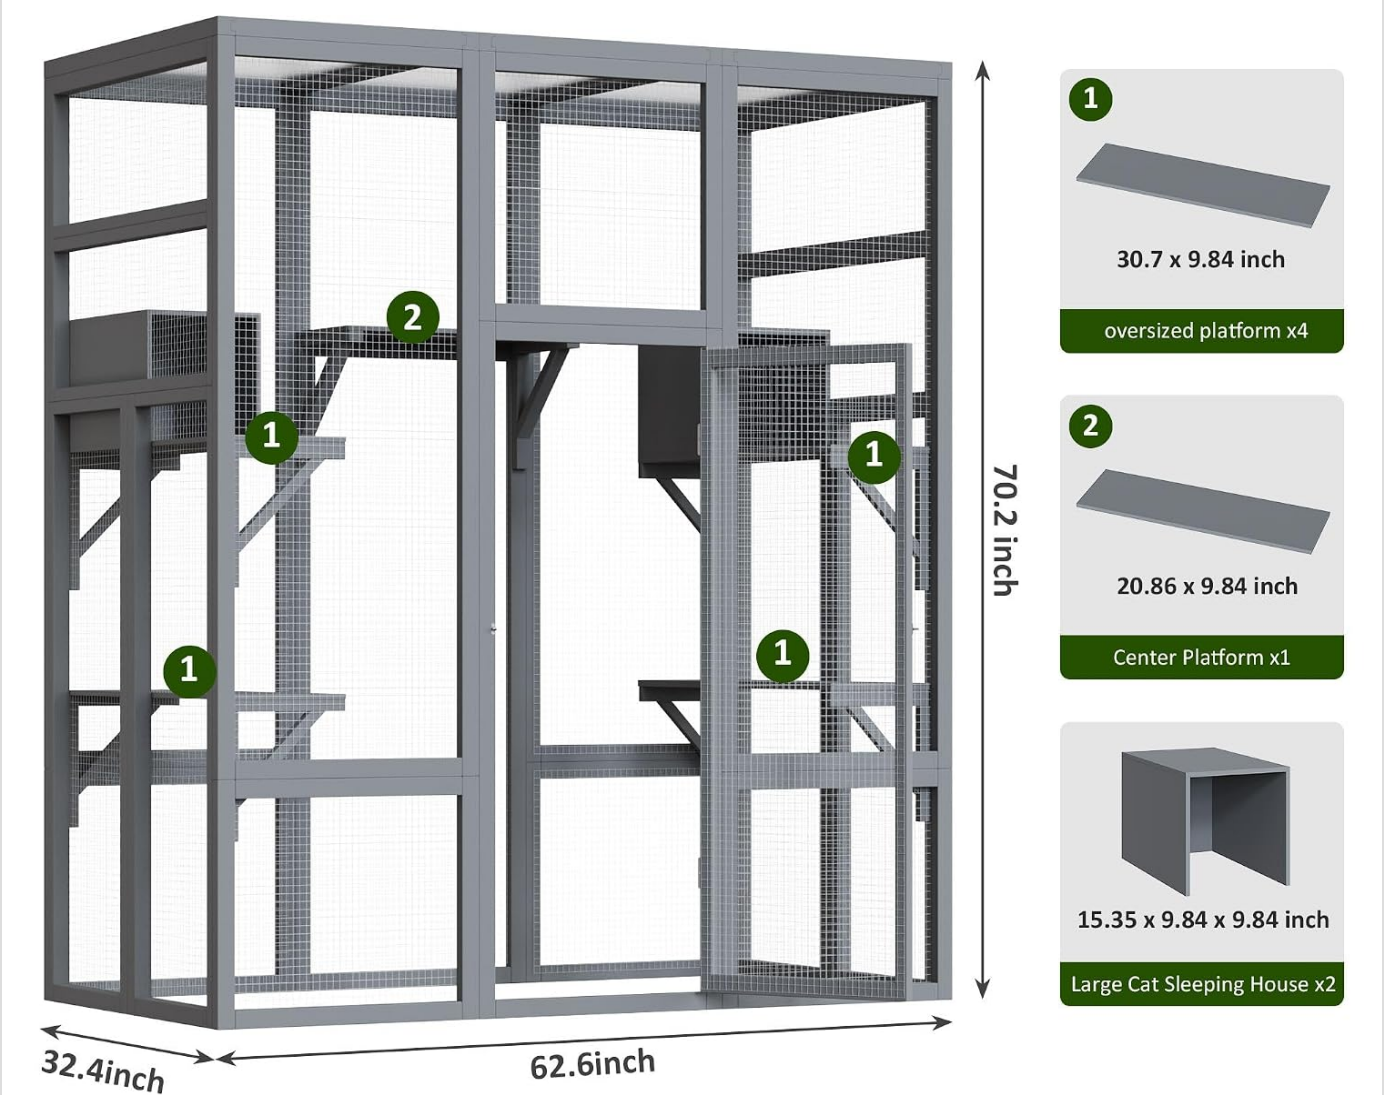

Image: A detailed diagram illustrating the overall dimensions of the cat enclosure (62.6 inches L x 32.4 inches W x 70.2 inches H) and the sizes of its internal components, including four oversized platforms (30.7 x 9.84 inches), one center platform (20.86 x 9.84 inches), and two large cat sleeping houses (15.35 x 9.84 x 9.84 inches).

Based on the product diagram, your package should include:

- Main frame panels (walls, roof, floor)
- 4 x Oversized Platforms (approx. 30.7 x 9.84 inches)
- 1 x Center Platform (approx. 20.86 x 9.84 inches)
- 2 x Large Cat Sleeping Houses (approx. 15.35 x 9.84 x 9.84 inches)
- Hardware kit (screws, bolts, hinges, latches)
- Assembly instructions (this manual)

SETUP AND ASSEMBLY

The DAUSOLA Cat Enclosure features an updated framework structure designed for easier and more stable assembly. No special tools are required.

1. **Prepare the Area:** Choose a level, stable outdoor location for the enclosure. Ensure adequate space around the unit for assembly.
2. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Refer to the "Package Contents" section to identify all pieces.
3. **Assemble Base Frame:** Connect the bottom frame panels according to the included diagrams (not provided in this text, refer to physical manual). Ensure all connections are secure.
4. **Install Side and Back Panels:** Attach the side and back mesh panels to the base frame. Pay attention to the orientation of the door panel.
5. **Integrate Upgraded Structure:** The reinforced structure is designed for stability. Ensure all frame connections are tight.

Upgraded **35%** More Stable Structure

High-strength wooden frame, peace of mind shelter for your cats

Image: An illustration highlighting the upgraded, more stable structure of the cat enclosure, emphasizing its high-strength wooden frame designed for enhanced durability and safety.

6. **Attach Platforms and Houses:** Install the oversized platforms, center platform, and cat sleeping houses at the desired levels using the provided hardware.

Spacious 5-Level Sky Platform

Ample room plus dual cat house, Multi-Cat Harmony Haven.

Image: An interior perspective of the cat enclosure, showcasing its five-level sky platform design with ample room, including two cat houses, to accommodate multiple cats.

7. **Install Roof Panel:** Secure the waterproof sun-panel roof to the top frame. Ensure it is properly aligned to provide weather protection.

Upgraded Waterproof Panel Roof

50% More Strength provides of the UV protection. Just enjoys **bright**, dry comfort in **security**.

Image: A detailed view of the upgraded waterproof panel roof, designed to provide UV protection and allow sunlight while keeping the interior dry and comfortable.

8. **Secure Door Lock:** Ensure the safety door lock is correctly installed and functions properly.
9. **Final Check:** Double-check all screws and connections to ensure the enclosure is stable and safe for use.

The back upper part of the enclosure can be uninstalled to attach the catio to a house window or balcony, if desired.

OPERATING INSTRUCTIONS

Once assembled, the DAUSOLA Cat Enclosure provides a secure and stimulating environment for your cats.

- **Introducing Your Cats:** Allow your cats to explore the enclosure at their own pace. Place familiar bedding, toys, and food/water bowls inside to encourage comfort.
- **Using Platforms and Houses:** The multiple platforms and two rest boxes offer various levels for climbing, resting, and observing. Encourage your cats to utilize these spaces.

Image: A cat comfortably resting on one of the platforms within the enclosure, demonstrating the usability of the multi-level design for feline activity and relaxation.

- **Door Access:** Use the secure door lock to safely open and close the enclosure. Always ensure the door is latched when cats are inside.
- **Weather Protection:** The waterproof sun-panel roof provides protection from rain and allows cats to enjoy sunlight safely. The overall structure offers wind and snow protection.

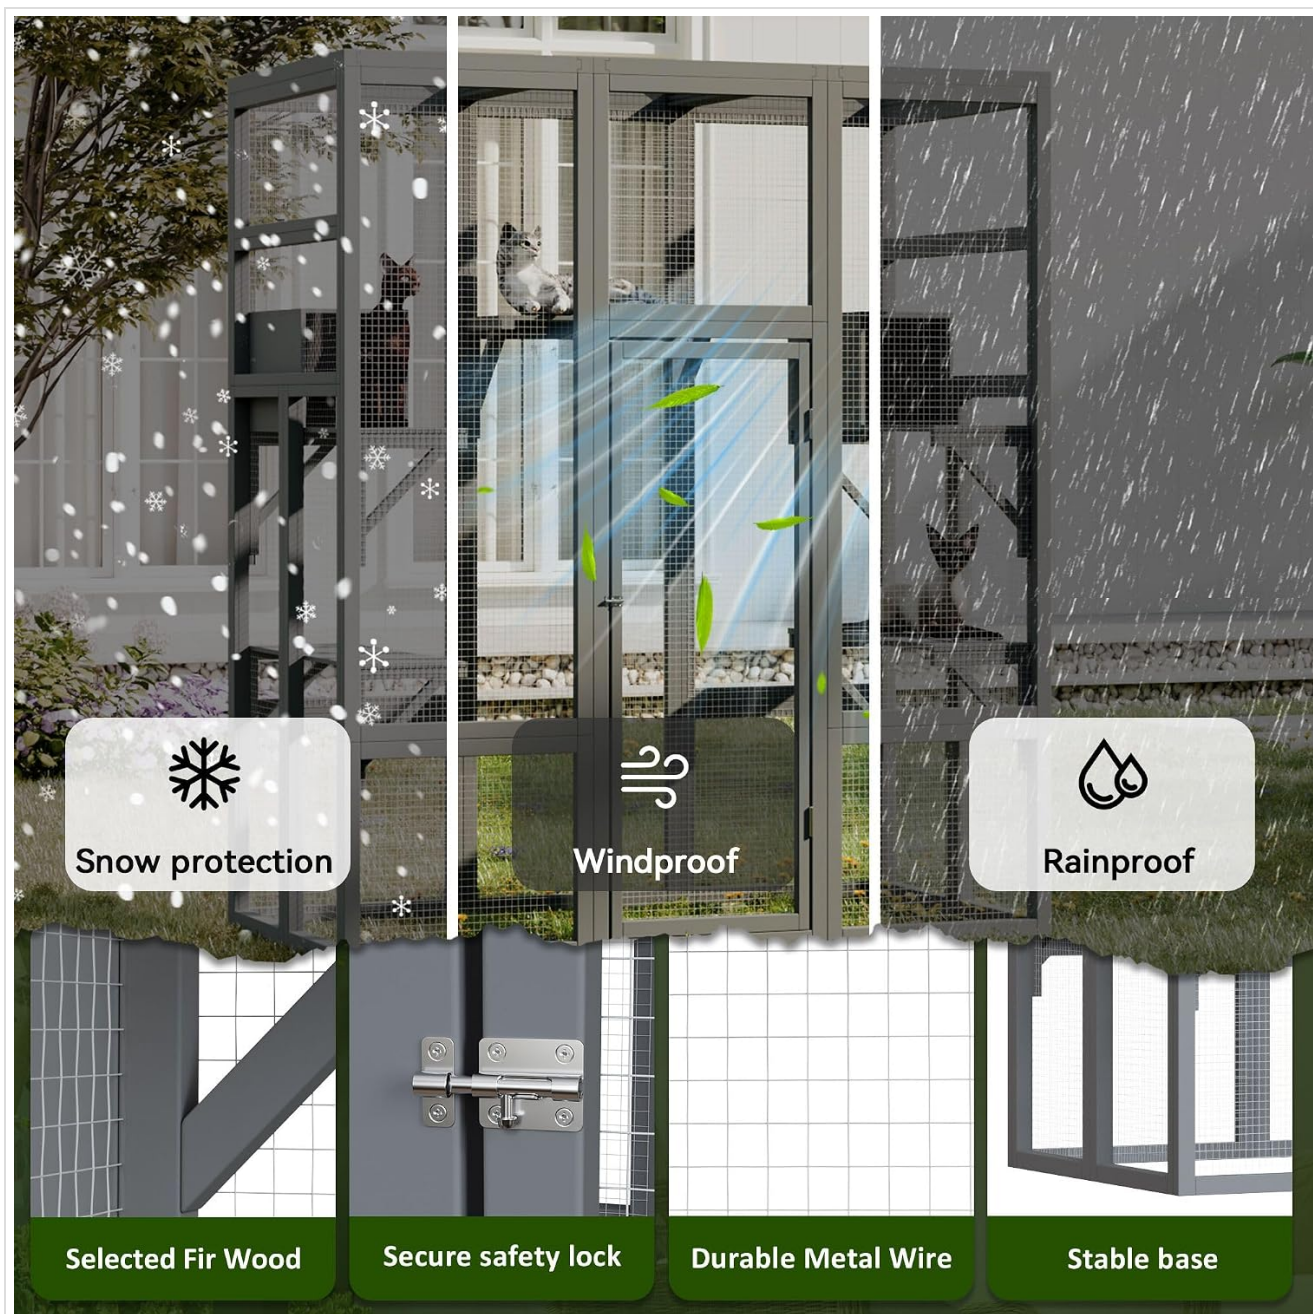

Image: A composite image illustrating the cat enclosure's weatherproof features, including protection against snow, wind, and rain, alongside details of its construction materials like selected fir wood, a secure safety lock, durable metal wire, and a stable base.

MAINTENANCE

Regular maintenance will extend the lifespan of your DAUSOLA Cat Enclosure and ensure a safe environment for your pets.

- **Cleaning:**

- Wipe down wooden surfaces with a damp cloth and mild, pet-safe cleaner as needed.
- Clean the wire mesh with a brush or cloth to remove debris.
- Ensure the sun-panel roof is clear of leaves or snow to maintain light transmission and prevent excessive weight.

- **Inspection:**

- Periodically check all screws, bolts, and latches for tightness. Tighten any loose fasteners.
- Inspect the wire mesh for any damage or sharp edges that could harm your cats.
- Examine wooden components for cracks, splinters, or signs of rot, especially after prolonged exposure to

harsh weather.

- **Weather Protection:** While the enclosure is weatherproof, consider additional covers during extreme weather conditions (e.g., heavy snow, prolonged rain) to further protect the wood and interior.

TROUBLESHOOTING

This section addresses common issues you might encounter with your cat enclosure.

- **Issue: Enclosure feels wobbly after assembly.**
Solution: Re-check all connections and ensure screws are fully tightened. Verify the enclosure is placed on a completely level surface. The upgraded structure is designed for stability, so ensure all frame components are correctly interlocked.
- **Issue: Door does not close or latch properly.**
Solution: Inspect the hinges and latch mechanism for any obstructions or misalignment. Adjust hinges if necessary, and ensure the latch components are securely fastened.
- **Issue: Water pooling inside after rain.**
Solution: Ensure the waterproof sun-panel roof is correctly installed and overlaps the frame adequately. Check for any gaps in the roof or wall panels. Clear any debris from the roof that might impede water runoff.
- **Issue: Cats are not using the platforms/houses.**
Solution: Place treats, favorite toys, or comfortable bedding on the platforms and inside the houses to encourage exploration and use. Give your cats time to adjust to their new environment.
