OTTOCAST CP88

OTTOCAST Mini Cube 3.0 USB C Wireless CarPlay & Android Auto Adapter User Manual

Model: CP88 | Brand: OTTOCAST

1. INTRODUCTION

The OTTOCAST Mini Cube 3.0 is a compact adapter designed to convert your vehicle's wired CarPlay or Android Auto system into a wireless experience. This device eliminates the need for physical cable connections, providing seamless access to navigation, music, calls, and messages directly on your car's infotainment screen. It features fast connection speeds and automatic re-connection for convenience.

2. PRODUCT OVERVIEW

The Mini Cube 3.0 adapter is engineered for both performance and aesthetics. Its sleek, compact design integrates discreetly into your car's interior, minimizing clutter. The device is built with durable aluminum alloy for heat dissipation and stable, long-lasting performance. It supports both wireless CarPlay and Android Auto functionalities.

3. SETUP INSTRUCTIONS

Setting up your OTTOCAST Mini Cube 3.0 is a simple, three-step process:

1. **Step 1: Plug in the adapter.** Connect the OTTOCAST Mini Cube 3.0 into your car's USB-C port. If your car uses a USB-A port, use the provided USB-A to USB-C adapter.
2. **Step 2: Enable Bluetooth and Wi-Fi on your phone.** Ensure both Bluetooth and Wi-Fi are active on your smartphone.
3. **Step 3: Pair your phone.** On your car's infotainment screen, navigate to the Bluetooth settings and select the OTTOCAST device (e.g., "CAR2-A346" or similar). Confirm the pairing request on your phone.

Once successfully paired, the adapter will automatically connect to your phone every time you start your car,

providing a hassle-free experience.

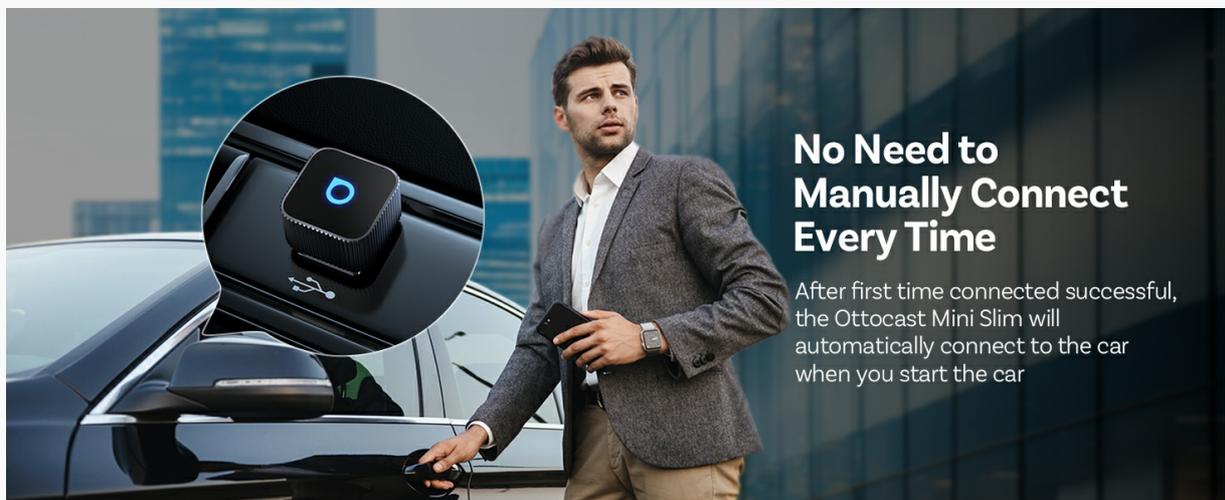

Image 3.2: The adapter automatically connects to your phone when you start the car after the initial setup.

4. OPERATING INSTRUCTIONS

After successful connection, your car's infotainment system will display the CarPlay or Android Auto interface. You can interact with your phone's applications (maps, music, messages, etc.) using your car's original controls, including:

- **Touch Screen Control:** Directly interact with the display.
- **Steering Wheel Control:** Use your vehicle's steering wheel buttons for audio and call management.
- **Voice Control:** Utilize Siri or Google Assistant for hands-free operation.
- **OEM Knob Control:** Navigate menus using your car's factory control knobs.

Original Car Function

5. COMPATIBILITY

The OTTOCAST Mini Cube 3.0 is compatible with over 98% of vehicles equipped with factory-wired CarPlay or Android Auto. It supports:

- **iOS Devices:** iOS 10.0 and above (including iPhone 17).
- **Android Devices:** Android 11.0 and above.

Note: This adapter is not compatible with BMW or Tesla vehicles.

6. TROUBLESHOOTING

- **Connection Issues:**
 - Ensure your car supports wired CarPlay or Android Auto from the factory.
 - Verify that Bluetooth and Wi-Fi are enabled on your smartphone.
 - If you have previously connected other devices, delete them from your car's device list and your phone's Bluetooth settings before attempting to pair the OTTOCAST adapter.
 - Restart your car and phone, then try the pairing process again.

- **Lag or Performance Issues:**
 - Ensure your phone's operating system is up to date.
 - Close unnecessary background applications on your phone to free up resources.
 - The adapter uses 5GHz Wi-Fi for data transmission; ensure there are no strong interferences in the vehicle.

- **Device Getting Warm:**
 - It is normal for the adapter to become warm during operation, especially during prolonged use. The aluminum alloy casing is designed to dissipate heat effectively. If it becomes excessively hot or causes system instability, discontinue use and contact support.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions	0.79 x 0.79 x 0.79 inches
Item Weight	0.268 ounces
Item Model Number	CP88
Compatible Devices	Android 11+, Car with factory wired CarPlay, iOS 10+, iPhone 17
Connector Type	Auxiliary, USB Type C
