Troubleshooting

Earbuds not pairing or connecting:
Ensure Bluetooth is enabled on your device and the earbuds are in pairing mode. Try turning Bluetooth off and on again on your device. If issues persist, try resetting the earbuds (refer to your user manual for reset instructions).

No sound or low volume:
Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly seated in your ears. Reconnect the earbuds to your device.

Charging issues:

Verify that the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
