Key Features:

- **Dual Safety Certification:** ETL and FCC certified for reliable protection.
- **Automatic Shut-off:** Features a 3-hour auto-off function to prevent overheating and conserve energy.
- **Fast Heating:** Experience rapid and efficient warmth.
- **5 Heat Levels:** Adjustable temperature settings from 86-113°F (30-45°C) for personalized comfort.
- **Ultra-Soft Fabric:** Crafted from premium flannel and sherpa for a gentle feel. OEKO-TEX Standard 100 certified.
- **Machine Washable:** Easy to clean and maintain (controller and cord must be removed).
- **Energy-Saving Design:** Utilizes advanced Japanese heating wires with ultra-low 100W power consumption.

SETUP INSTRUCTIONS

Follow these steps to set up your Reaks Electric Heated Throw Blanket for first-time use.

1. **Unpack the Blanket:** Carefully remove the blanket and controller from its packaging.
2. **Connect the Controller:** Locate the connector on the blanket and firmly plug in the controller cord. Ensure a secure fit.
3. **Position the Blanket:** Place the blanket on your desired surface (couch, bed, etc.), ensuring it is spread out evenly and not bunched up.
4. **Plug into Power:** Insert the power plug into a standard electrical outlet. Ensure the outlet is easily accessible.

OPERATING INSTRUCTIONS

Your Reaks Electric Heated Throw Blanket is designed for simple operation. Use the attached controller to manage heat settings.

- **Power On/Off:** Press the power button on the controller to turn the blanket on or off.
- **Adjust Heat Level:** Use the '+' and '-' buttons to cycle through the 5 available heat settings (1 being the lowest, 5 being the highest). The indicator lights will show the current setting.
- **Automatic Shut-off:** The blanket is equipped with a 3-hour automatic shut-off feature for safety and energy conservation. After 3 hours of continuous use, the blanket will turn off automatically. To restart, simply press the power button again.

MAINTENANCE AND CARE

Proper care ensures the longevity and performance of your heated blanket. Always follow these instructions carefully.

- Disconnect Power:** Before cleaning, always unplug the blanket from the electrical outlet and detach the controller from the blanket.
- Machine Washing:** The blanket is machine washable. Use a gentle cycle with cold water and mild detergent. Do not bleach.
- Drying:** Tumble dry on low heat or air dry. Ensure the blanket is completely dry before reconnecting the controller or storing. Do not iron.
- Storage:** When not in use, store the blanket in a cool, dry place. Avoid folding it tightly or placing heavy objects on it to prevent damage to the heating elements.

MACHINE WASHABLE

Please unplug the power cord before washing

SAFETY INFORMATION

Your safety is paramount. Please read and adhere to all safety warnings and instructions.

- Do not use the blanket if it is wet or damp.
- Do not use with infants, children, incapacitated persons, or anyone insensitive to heat.
- Avoid folding, creasing, or bunching the blanket while in use to prevent overheating.
- Do not insert pins or other sharp objects into the blanket.
- Regularly inspect the blanket and cord for any signs of wear or damage. If damaged, discontinue use immediately and contact customer support.
- The 3-hour auto-off feature is a safety mechanism; do not attempt to bypass or modify it.

TROUBLESHOOTING

If you encounter any issues with your heated blanket, please refer to the following common solutions:

- **Blanket Not Heating:**

- Ensure the power cord is securely plugged into both the blanket and the wall outlet.
- Check if the wall outlet is functional by plugging in another appliance.
- Verify that the controller is properly connected to the blanket.
- Confirm the blanket is powered on and a heat level is selected.

- **Blanket Shuts Off Unexpectedly:**

- The blanket has a 3-hour auto-off feature. If it has been on for this duration, simply press the power button to restart.
- Ensure the blanket is not folded or bunched, which can trigger safety shut-off due to overheating.

- **Controller Lights Not Working:**
 - Check all power connections.
 - If the issue persists, contact customer support.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact Reaks customer support.
