## 2. SAFETY INFORMATION

- **Adult Assembly Required:** This product contains small parts and requires adult assembly. Keep children away during assembly.
- **Proper Pet Sizing:** Ensure the crate size is appropriate for your dog's breed and size. Your dog should be able to stand up, turn around, and lie down comfortably inside. Refer to the sizing guide in the Assembly section.
- **Ventilation:** Always ensure adequate ventilation for your pet.
- **Supervision:** Do not leave your pet unsupervised for extended periods, especially during initial use.
- **Weight Limit:** Do not allow children or adults to climb on or sit inside the crate. The top surface is designed for decorative items or light storage, not heavy loads.
- **Inspect Regularly:** Periodically check all bolts, screws, and connections to ensure they are tight and secure. Replace any damaged parts immediately.
- **Indoor Use Only:** This dog crate is designed for indoor use. Exposure to outdoor elements may damage the product.

### 3. PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

### 4. ASSEMBLY INSTRUCTIONS

---

Assembly is designed to be straightforward. Follow the numbered steps provided in the included detailed instruction booklet. Ensure you have ample space and the necessary tools (usually an Allen wrench, provided, and a screwdriver, not provided).

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them with the parts list in your separate instruction booklet to ensure everything is present and undamaged.
2. **Assemble the Base:** Attach the side panels to the bottom panel using the provided hardware.
3. **Install Metal Frame:** Secure the steel tubing frame to the wooden base and side panels.
4. **Attach Back Panel:** Fasten the back panel to the assembled structure.
5. **Install Doors:** Attach the iron mesh double doors using the hinges. Ensure the doors swing freely and the latches align properly.
6. **Assemble Top Section:** Attach the top panel, including the storage drawers and open compartment, to the main crate structure.
7. **Install Adjustable Feet:** Screw the adjustable feet into the bottom corners of the crate. Adjust them to level the crate on uneven surfaces.
8. **Final Check:** Verify all connections are secure and the doors operate correctly.

## How to Measure Your Dog for a Crate?

### Step1: Sitting Height

While standing, measure from the tip of its nose to the base of its tail.

### Step2: Standing length

While sitting, measure from the head to the floor.

**Add 4.5 inches to both final measurements for extra space**

Figure 2: Product dimensions and guide for measuring your dog for proper crate fit. Ensure your dog's sitting height and standing length, plus 4.5 inches, fit within the crate's internal dimensions.

## 5. OPERATING INSTRUCTIONS

---

This dog crate furniture is designed for ease of use and integration into your home.

- **Pet Entry and Exit:** Use the double doors to allow your pet to enter and exit the crate. The robust lockable design ensures your pet remains safely contained when needed.
- **Storage Functionality:** Utilize the two storage drawers and the open compartment on the tabletop for storing pet toys, treats, leashes, or other household items.
- **Placement:** Position the crate in a quiet, comfortable area of your home where your pet feels secure. Ensure it is not in direct sunlight or near heat sources.

## 6. MAINTENANCE

Regular cleaning and maintenance will extend the life of your dog crate furniture.

- **Cleaning the Wood Surfaces:** Wipe wooden surfaces with a soft, damp cloth. For tougher stains, use a mild wood cleaner. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning Metal Components:** The steel tubing and iron mesh can be wiped clean with a damp cloth. Dry thoroughly to prevent rust.
- **Removable Tray:** If your model includes a removable tray, clean it regularly with soap and water.
- **Check Hardware:** Periodically check all screws and bolts to ensure they remain tight. Tighten as necessary.

## 7. TROUBLESHOOTING

If you encounter any issues with your dog crate, refer to the following common solutions:

- **Doors Not Closing Properly:** Check if the crate is assembled squarely. Ensure all bolts are tightened. Adjust the adjustable feet to level the unit, which can sometimes resolve door alignment issues.
- **Crate Wobbles:** Adjust the individual adjustable feet on the bottom of the crate until the unit is stable and level on your floor.
- **Missing Hardware:** Double-check the packaging and contact customer support if parts are genuinely missing.
- **Pet Chewing on Wood:** While the crate features chew-resistant construction, no product is entirely chew-proof. Consider using chew deterrent sprays or providing alternative chew toys for your pet.
