EBELLO Classic Manual Recliner Chair

EBELLO Classic Manual Recliner Chair Instruction Manual

INTRODUCTION

Thank you for choosing the EBELLO Classic Manual Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- Do not exceed the maximum weight capacity of 350 lbs (approximately 158 kg) per seat. Exceeding this limit may cause the recliner to tip or sustain damage.
- Always assemble the recliner according to the provided instructions to ensure stability and safety. Improper assembly can lead to instability and potential hazards.
- Keep children and pets away from the moving parts of the recliner, especially during reclining and returning to the upright position.
- Ensure there is adequate space around the recliner when operating the reclining mechanism to avoid pinching or trapping body parts or objects.
- Avoid standing on the recliner or using it as a step stool.
- Do not allow liquids to spill on the electrical components (if applicable to other models, this model is manual).

For this manual recliner, avoid excessive liquid spills on the faux leather to prevent material degradation.

PRODUCT DIMENSIONS

Understanding the dimensions of your recliner is important for placement and comfort.

Product Dimensions

WEIGHT CAPACITY:**350LBS**

Image: Detailed product dimensions of the recliner, indicating measurements such as 41 inches height, 38 inches width, and 37 inches depth, with a weight capacity of 350 lbs.

ASSEMBLY INSTRUCTIONS

Your EBELLO Classic Manual Recliner Chair requires minimal assembly. Please follow these general steps:

- Unpack Components:** Carefully remove all parts from the packaging. Ensure all components are present and undamaged.
- Attach Backrest:** Align the metal brackets on the backrest with the corresponding slots on the seat base. Push down firmly until the backrest locks into place. You should hear a click.
- Attach Legs/Feet:** If separate, screw or attach the legs/feet to the designated points on the bottom of the recliner. Ensure they are tightened securely.
- Verify Stability:** Once assembled, gently rock the chair to ensure all connections are secure and the chair is

stable before use.

If you encounter any difficulties during assembly, please refer to the specific assembly sheet included in your product packaging or contact customer support.

OPERATING INSTRUCTIONS

The EBELLO Classic Manual Recliner Chair features an easy-to-use manual recline mechanism.

Reclining the Chair:

- Locate the manual lever on the side of the recliner (typically on the right side when seated).
- Pull the lever to release the footrest.
- Lean back gently to recline the backrest to your desired angle. The chair will hold its position once you stop leaning.

Returning to Upright Position:

- To return the backrest to an upright position, lean forward and push the footrest down with your legs until it locks into place.
- Ensure the footrest is fully closed before exiting the chair.

Product Details

Recliner Function

Image: Illustration of the recliner's function, demonstrating its versatility for reading (upright), watching TV (partially reclined), and napping (fully reclined).

MAINTENANCE

Proper care will extend the life and appearance of your EBELLO recliner.

- **Faux Leather Cleaning:** For general cleaning, wipe the faux leather surface with a soft, damp cloth. For tougher spots, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Frame and Mechanism:** Periodically check all bolts and screws to ensure they are tight. If the reclining mechanism feels stiff, a small amount of silicone-based lubricant can be applied to moving parts, avoiding contact with upholstery.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack. Position your recliner away from direct sunlight or use window coverings.
- **Weight Distribution:** Avoid placing excessive weight on one side of the recliner to maintain its structural integrity.

TROUBLESHOOTING

If you encounter any issues with your recliner, please refer to the following common solutions:

Problem	Possible Cause	Solution
Recliner does not recline smoothly.	Mechanism may be stiff or obstructed.	Check for any obstructions around the mechanism. Apply a silicone-based lubricant to moving parts if necessary.
Chair feels unstable or wobbly.	Loose connections or uneven floor.	Ensure all assembly bolts and screws are tightened. Check if the chair is on an even surface.
Footrest does not stay down.	Footrest mechanism not fully engaged.	Push the footrest down firmly with your legs until it clicks into the locked position.

If these solutions do not resolve the issue, please contact EBELLO customer support for further assistance.

SPECIFICATIONS

Key specifications for the EBELLO Classic Manual Recliner Chair:

- **Brand:** EBELLO
