eppfun LS003

eppfun Cutemeet 355 (Model LS003) Bone Conduction Headphones User Manual

Your guide to setting up and using your eppfun bone conduction headphones.

INTRODUCTION

Thank you for choosing eppfun Cutemeet 355 Bone Conduction Headphones. These open-ear headphones utilize true bone conduction technology to deliver audio through your cheekbones, keeping your ears open to your surroundings. Featuring Bluetooth 5.4, LE Audio, and Auracast capabilities, they are designed for stable connectivity and high-quality sound during various activities like running, sports, hiking, and outdoor use.

Qualcomm chip audio technology

Provide the best audio experience for listeners - whether it's gaming, streaming music, or voice and video calls.

Compliant with Bluetooth 5.4 standard, LE Audio, Working together with traditional Bluetooth technology, it provides an excellent listening experience in various environments.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. The headphones are equipped with a 180mAh battery, providing approximately 10 hours of use on a full charge.

1. Connect the provided charging cable to the charging port on your headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (refer to the LED indicator section for details).
4. Once fully charged, disconnect the cable.

Image: Illustration of the headphones and battery life, indicating approximately 6 hours of continuous playback.

2. Wearing the Headphones

Position the headphones so the transducers rest on your cheekbones, just in front of your ears. The band should wrap around the back of your head.

Comfortable Fit:

3. Bluetooth Pairing

The headphones use Bluetooth 5.4 for a fast and stable connection.

1. **Power On:** Press and hold the Power button until the LED indicator flashes (usually blue and red, indicating pairing mode).
2. **Activate Bluetooth:** On your device (smartphone, tablet, computer), enable Bluetooth.
3. **Select Device:** In your device's Bluetooth settings, look for "eppfun Cutemeet 355" and select it to pair.
4. **Confirmation:** The LED indicator on the headphones will turn solid blue, and you will hear an audio prompt indicating successful connection.

OPERATING INSTRUCTIONS

Basic Controls

The headphones feature intuitive controls for media playback and calls.

- **Power On/Off:** Press and hold the Power button.
- **Play/Pause:** Single press the Multifunction button.
- **Volume Up/Down:** Use the Volume + and Volume - buttons.
- **Next Track:** Double press the Volume + button.
- **Previous Track:** Double press the Volume - button.
- **Answer/End Call:** Single press the Multifunction button during an incoming call or active call.
- **Reject Call:** Press and hold the Multifunction button during an incoming call.

Auracast Functionality

The Cutemeet 355 supports LE Audio and Auracast, allowing for advanced audio sharing and broadcasting.

- **Auracast Broadcast:** Share your audio source with multiple compatible Auracast receiving devices. This allows for a 1-to-N music sharing experience.
- **Listening to Auracast Broadcasts:** In non-music playback mode, double-click the Multifunction key to automatically search for all unencrypted Auracast broadcast sources.
- **Encrypted Auracast Broadcasts:** For encrypted broadcasts, use a third-party Auracast assistant application on your device to listen.

MAINTENANCE

Cleaning

Regular cleaning helps maintain the headphones' performance and hygiene.

- Wipe the headphones with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners.
- Ensure the charging port is dry before charging.

Storage

Store your headphones in a cool, dry place away from direct sunlight and extreme temperatures.

Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.
- Charge the headphones regularly, even if not in use for extended periods.

TROUBLESHOOTING

If you encounter issues with your eppfun Cutemeet 355 headphones, try the following solutions:

Problem	Possible Solution
Headphones won't turn on	Ensure the headphones are fully charged. Press and hold the Power button for a longer duration.
Cannot pair with device	Make sure headphones are in pairing mode (flashing blue/red LED). Turn off and on Bluetooth on your device. Forget the device in your Bluetooth settings and try pairing again. Move closer to your device.
No sound	Check volume levels on both headphones and your connected device. Ensure headphones are properly paired. Try playing audio from a different application or source.

Problem	Possible Solution
Poor audio quality	Ensure there are no obstructions between the headphones and your device. Move away from sources of interference (e.g., Wi-Fi routers, other Bluetooth devices). Check if your audio source is high quality.
Charging issues	Verify the charging cable is securely connected. Try a different USB port or power adapter. Ensure the charging port on the headphones is clean and free of debris.
