## 1. PRODUCT OVERVIEW

The Garvee 70-Inch Large Catio Enclosure provides a secure and comfortable outdoor space for your cats. Designed with durability and feline well-being in mind, this enclosure features multiple levels for activity and relaxation, along with protection from outdoor elements.

### Key Features:

- **Weatherproof Roof Protection:** Equipped with a premium waterproof fabric top to shield pets from rain and harsh weather, ensuring they remain dry and comfortable.
- **Reinforced Durable Construction:** Built with a sturdy wooden frame and rust-resistant steel mesh for long-lasting stability and security in various outdoor environments.
- **Convenient Walk-In Access:** Features an extra-large front door for easy human access, simplifying cleaning, feeding, and interaction with your pets.
- **Multi-Level Spacious Interior:** Generous 70-inch dimensions with multiple platforms and levels encourage climbing, playing, and resting, promoting physical activity and comfort.
- **Dual Cozy Sleeping Houses:** Includes two soft resting boxes that offer warm and comfortable napping spots, providing cats with dedicated spaces for relaxation and security.

# PRODUCT DIMENSIONS

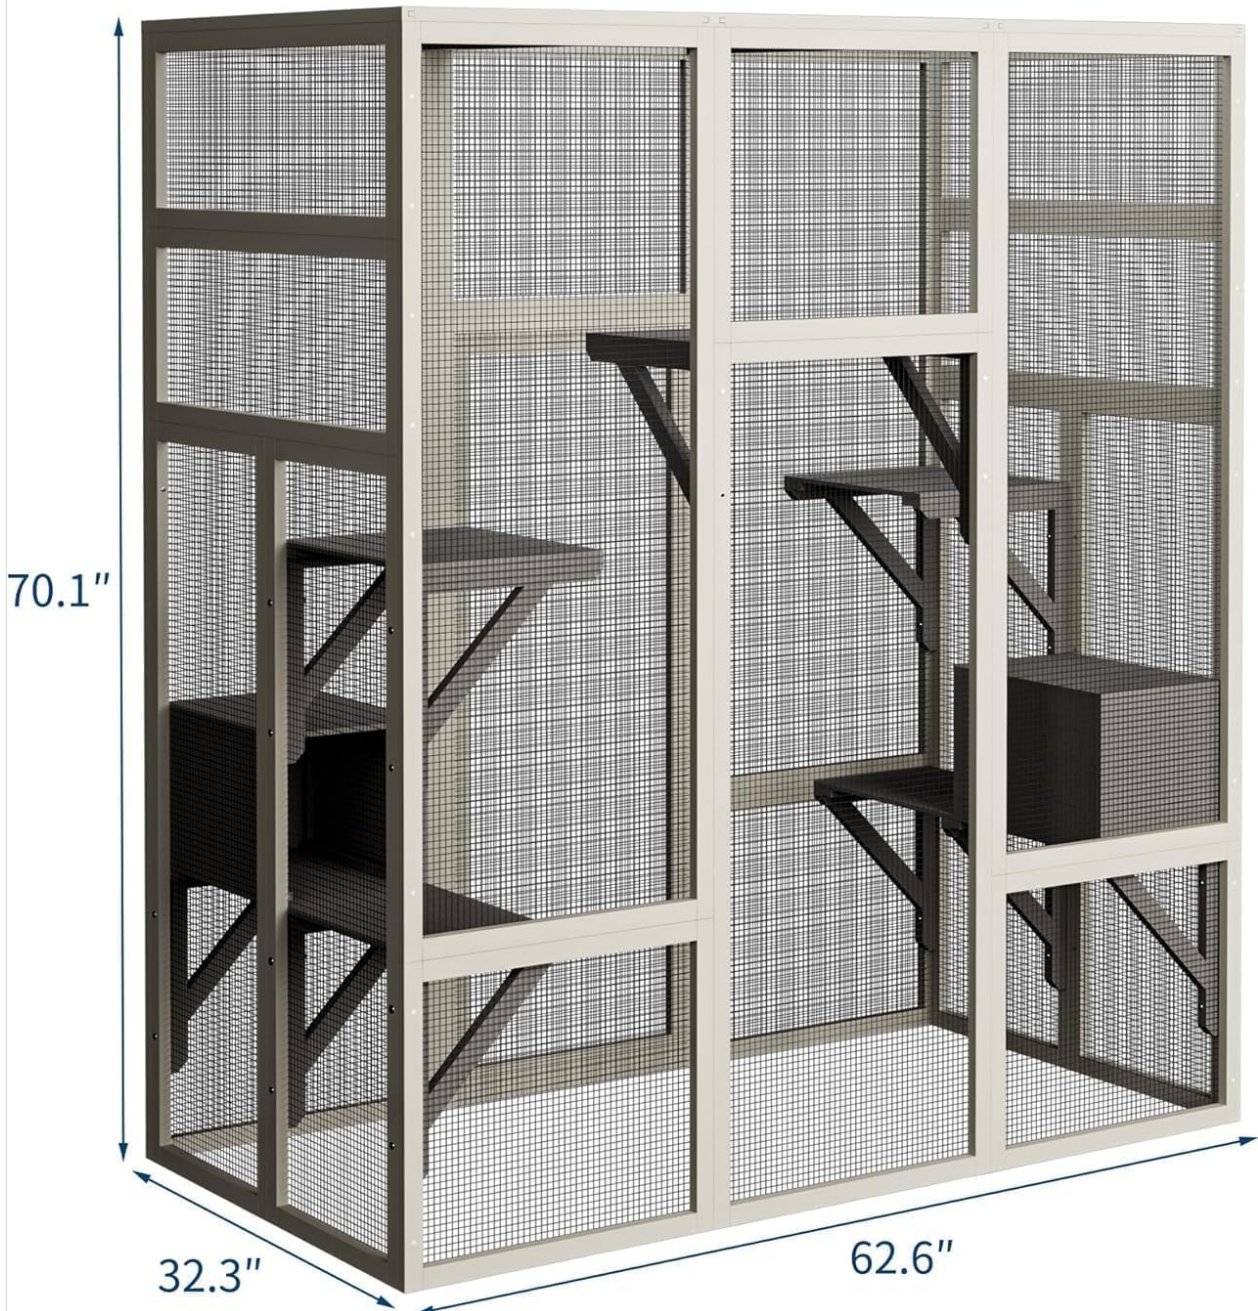

Figure 1: Overall dimensions of the Garvee Catio Enclosure. The enclosure measures approximately 70.1 inches in height, 62.6 inches in width, and 32.3 inches in depth.

## 2. SETUP AND ASSEMBLY

Carefully unpack all components and verify that all parts are present according to the included parts list. Assembly typically requires basic hand tools (not included). Follow the step-by-step instructions provided in the assembly guide that accompanies your product. Ensure the enclosure is assembled on a flat, stable surface.

### Assembly Video Guide:

Video 1: An assembly guide demonstrating the construction process of a Garvee cat enclosure. This video provides visual

instructions for connecting components and securing the structure.

## Key Assembly Steps:

1. **Frame Construction:** Assemble the wooden frame sections using the provided hardware. Ensure all connections are tight and secure.
2. **Mesh Installation:** Attach the rust-resistant steel mesh panels to the frame. Verify that the mesh is taut and free from gaps.
3. **Platform and Box Placement:** Install the multi-level platforms and lounging boxes at the desired heights. These should be securely fastened to support your cat's weight.
4. **Door and Latch Installation:** Attach the large front door and ensure the latches operate smoothly for secure closure.
5. **Roof Attachment:** Secure the waterproof fabric roof to the top of the enclosure, ensuring it is properly aligned to provide maximum weather protection.

## 3. OPERATING INSTRUCTIONS

The Garvee Catio Enclosure is designed for ease of use and to provide a stimulating environment for your cats.

### Access and Security:

- **Main Door:** Use the large front door for easy entry and exit. Always ensure the door is securely latched when cats are inside to prevent escape.
- **Window Access (Optional):** If configured, the enclosure can be connected to a window, allowing cats to move freely between your home and the catio. Ensure the window connection is stable and secure.

# WINDOW ACCESS DESIGN

Can be connected to a window and allow cats to enter freely

Figure 3: The catio enclosure featuring a window access design, allowing cats to enter and exit the enclosure directly from a home window.

## Utilizing Interior Features:

- **Platforms:** Cats can use the multiple platforms for climbing, observing their surroundings, and resting. Encourage exploration by placing toys or treats on different levels.
- **Lounging Boxes:** The two cozy sleeping boxes provide private and sheltered spots for napping and relaxation. Consider adding soft bedding for extra comfort.

# MULTI-LAYER SPACE DESIGN

5 platforms

2 cozy resting boxes

2 Strong Lock

Figure 4: Interior view of the catio, illustrating the multi-layer space design with five platforms, two cozy resting boxes, and a secure door lock.

## COMFORTABLE AND SPACIOUS

-  Comfortable platforms for afternoon naps
-  Safe space to lounge while watching the outdoors
-  Creates a stress-free haven for your cats

## 4. MAINTENANCE

Regular maintenance will extend the life of your Garvee Catio Enclosure and ensure a safe environment for your pets.

### Cleaning:

- **Wood Frame:** Wipe down the wooden frame with a damp cloth and mild soap as needed. Avoid harsh chemicals that could damage the wood finish.
- **Steel Mesh:** Clean the steel mesh with a brush or damp cloth to remove dirt and debris. Ensure it is dry to prevent rust, although the mesh is rust-resistant.
- **Platforms and Boxes:** Remove any bedding and clean platforms and lounging boxes regularly. Use pet-safe cleaning solutions.
- **Roof:** Periodically inspect and clean the waterproof fabric roof to remove leaves, dirt, or standing water.

## Inspection:

- **Structural Integrity:** Regularly check all screws, bolts, and connections to ensure they remain tight. Tighten any loose fasteners.
- **Mesh Condition:** Inspect the steel mesh for any signs of damage, tears, or rust. Repair or replace damaged sections promptly to maintain security.
- **Wood Condition:** Look for any signs of rot, splinters, or damage to the wooden frame. Address these issues to prevent further deterioration.
- **Door Latches:** Ensure door latches are functioning correctly and provide a secure closure.

## ALL - WEATHER PROTECTION FOR OUTDOOR FUN

UV-resistant, waterproof roof keeps cats sheltered from sun and rain

Figure 6: The UV-resistant and waterproof roof design, providing essential shelter from sun and rain for the catio's occupants.

## 5. TROUBLESHOOTING

This section addresses common issues you might encounter with your Garvee Catio Enclosure.

### Common Issues and Solutions:

- **Issue: Enclosure feels unstable.**

**Solution:** Verify that all screws and bolts are securely tightened. Ensure the enclosure is placed on a level surface. If on uneven ground, consider using shims to stabilize the base.

- **Issue: Door does not close securely.**

**Solution:** Check the alignment of the door and the latch mechanism. Adjust hinges or latches if necessary. Ensure no debris is obstructing the latch.

- **Issue: Water pooling on the roof.**

**Solution:** Ensure the waterproof roof fabric is taut and properly installed, allowing water to run off. Clear any debris (leaves, branches) that might be causing water to accumulate.

- **Issue: Cats are not using the platforms/boxes.**

**Solution:** Introduce cats to the different levels gradually. Place familiar blankets, toys, or treats on platforms and in boxes to encourage use. Ensure the spaces are clean and comfortable.

- **Issue: Signs of rust on mesh.**

**Solution:** While the mesh is rust-resistant, prolonged exposure to moisture can cause surface rust. Clean affected areas with a wire brush and apply a rust-inhibiting paint suitable for pet enclosures.

## 6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Garvee
Model Number	css65
Product Dimensions (L x W x H)	47.64" x 31.5" x 5.51" (Packaged) / Approx. 62.6"L x 32.3"W x 70.1"H (Assembled)
