iSunirm 155cm

iSunirm 155cm Headboard with Storage, Outlets, USB & Type-C Ports, LED Light

MODEL: 155CM

1. Introduction

Thank you for choosing the iSunirm 155cm Headboard. This headboard is designed to enhance your bedroom with practical storage, convenient charging capabilities, and ambient LED lighting. It features a robust construction, adjustable height, and a reversible design to suit various room layouts and preferences. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

2. Safety Information

- Always follow assembly instructions carefully.
- Ensure all screws and fasteners are securely tightened before use.
- Do not overload the shelves or electrical outlets.
- Keep electrical components away from water or excessive moisture.
- Use only the provided power cables and adapters.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.
- Keep small parts away from children during assembly.

3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. The package should include:

- Headboard panels (engineered wood)
- Metal frame structure
- 2x Bed frame adapters
- Power cables for charging station and LED lights

- All necessary hardware (screws, bolts, nuts)
- Assembly tools (e.g., Allen wrench)
- Instruction manual

4. Setup and Assembly

Assembly is straightforward with clearly labeled parts and detailed instructions. All required hardware and tools are included.

4.1. Adjustable Height and Reversible Design

The headboard's height can be adjusted to fit various bed frames. The charging station and storage shelves can be installed on either the left or right side of the headboard, offering flexibility to match your room layout.

Image: The headboard features adjustable height settings and a reversible design, allowing the storage and charging unit to be placed on either side (Option A or B) to best suit your needs. Dimensions are indicated for clarity.

4.2. Connecting to Bed Frame

The headboard includes two adapters for easy connection to your bed frame. These connectors are adjustable and

compatible with various bed frame sizes and styles. Adjustable foot pads are also provided to protect your floor and ensure stability on uneven surfaces.

Solo para estructuras de cama con orificios para las patas

El adaptador es adecuado para estructuras de cama con ancho insuficiente

Image: This image illustrates the adjustable feet and the bed frame adapters. The adapters are designed to connect to bed frames with various hole types, including round holes, vertical slots, and horizontal slots, ensuring broad compatibility and stability.

4.3. Step-by-Step Assembly

1. Unpack all components and verify against the package contents list.
2. Assemble the metal frame structure according to the diagrams in the included manual.
3. Attach the engineered wood panels to the frame, ensuring correct orientation for the reversible design.
4. Install the charging station and LED light strips into their designated slots.
5. Connect the power cables for the charging station and LED lights.
6. Attach the bed frame adapters to the headboard legs and then to your bed frame. Adjust the height as needed.
7. Tighten all fasteners securely.
8. Plug the headboard into a standard wall outlet.

5. Operating Instructions

5.1. Charging Station

The headboard is equipped with a convenient charging station, featuring 2 AC outlets, 1 USB port, and 1 Type-C port. This allows you to power up to four devices simultaneously. The power cable for the charging station is 150 cm long.

Image: The integrated charging station provides easy access to power with two AC outlets, one USB port, and one Type-C port, allowing multiple devices to be charged conveniently from your bedside.

5.2. Smart LED Lighting

The integrated LED lights offer over 60,000 colors and multiple flashing modes. Control the lights via a dedicated application on your smartphone. A music synchronization function allows the lights to change color and intensity in rhythm with your music. You can also set a timer for the lights to turn on or off.

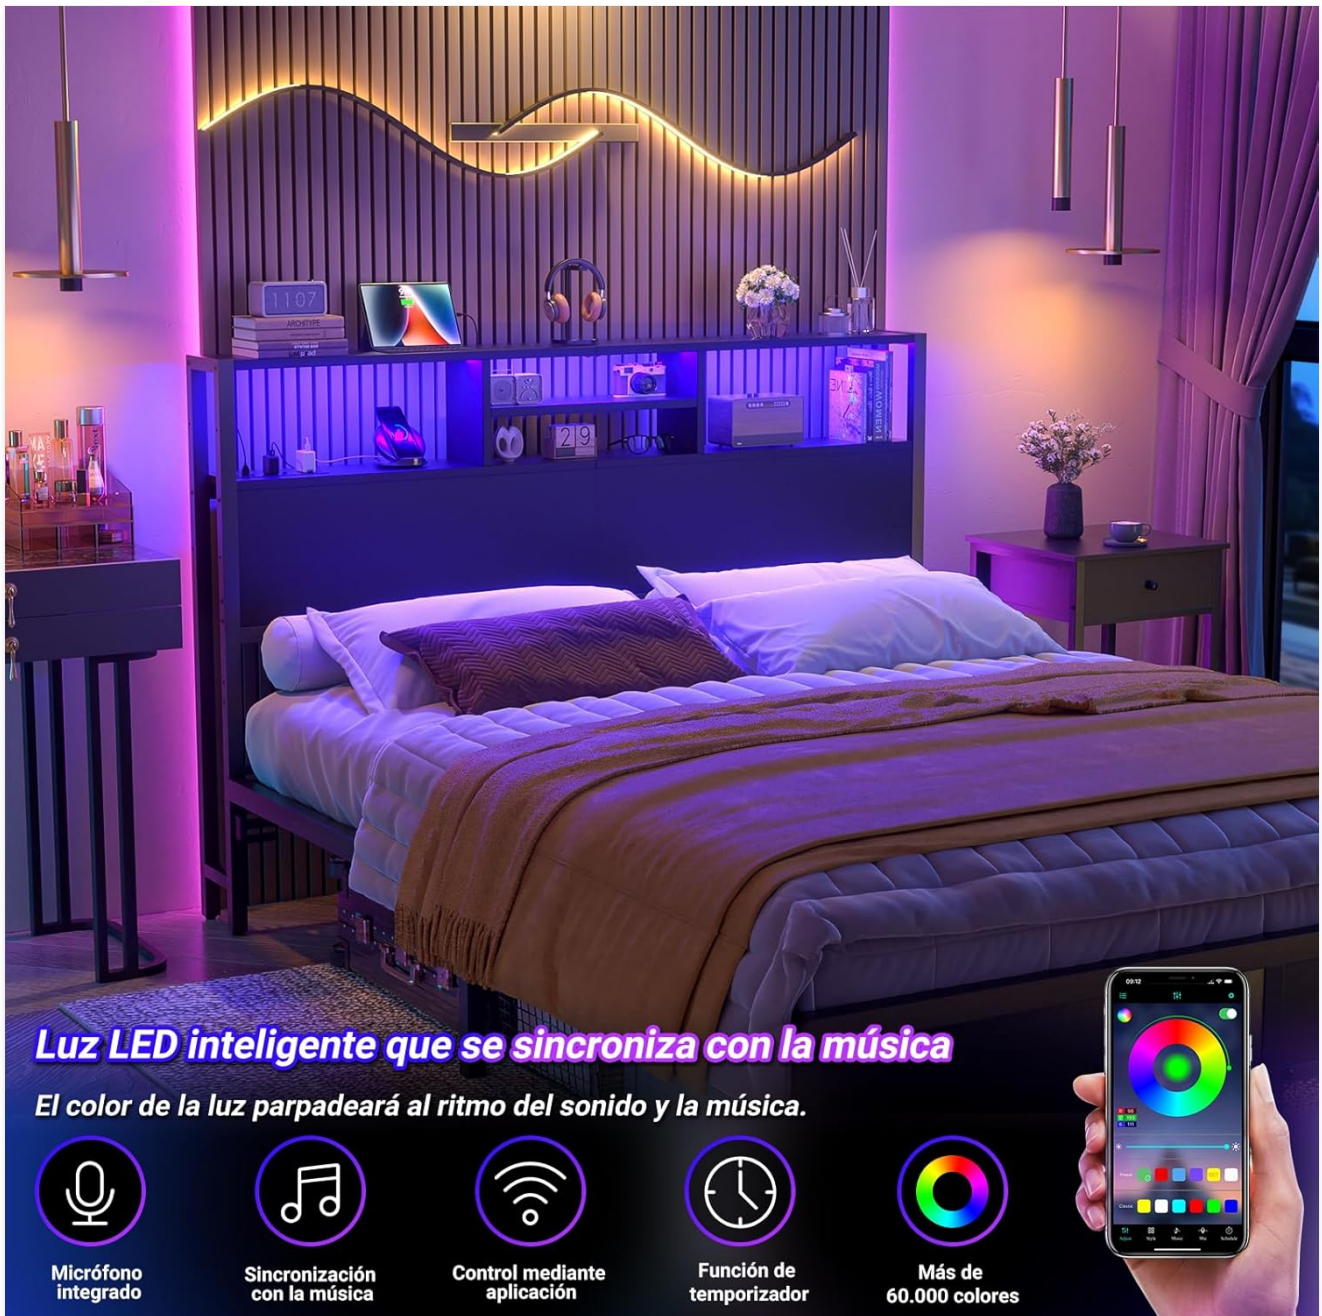

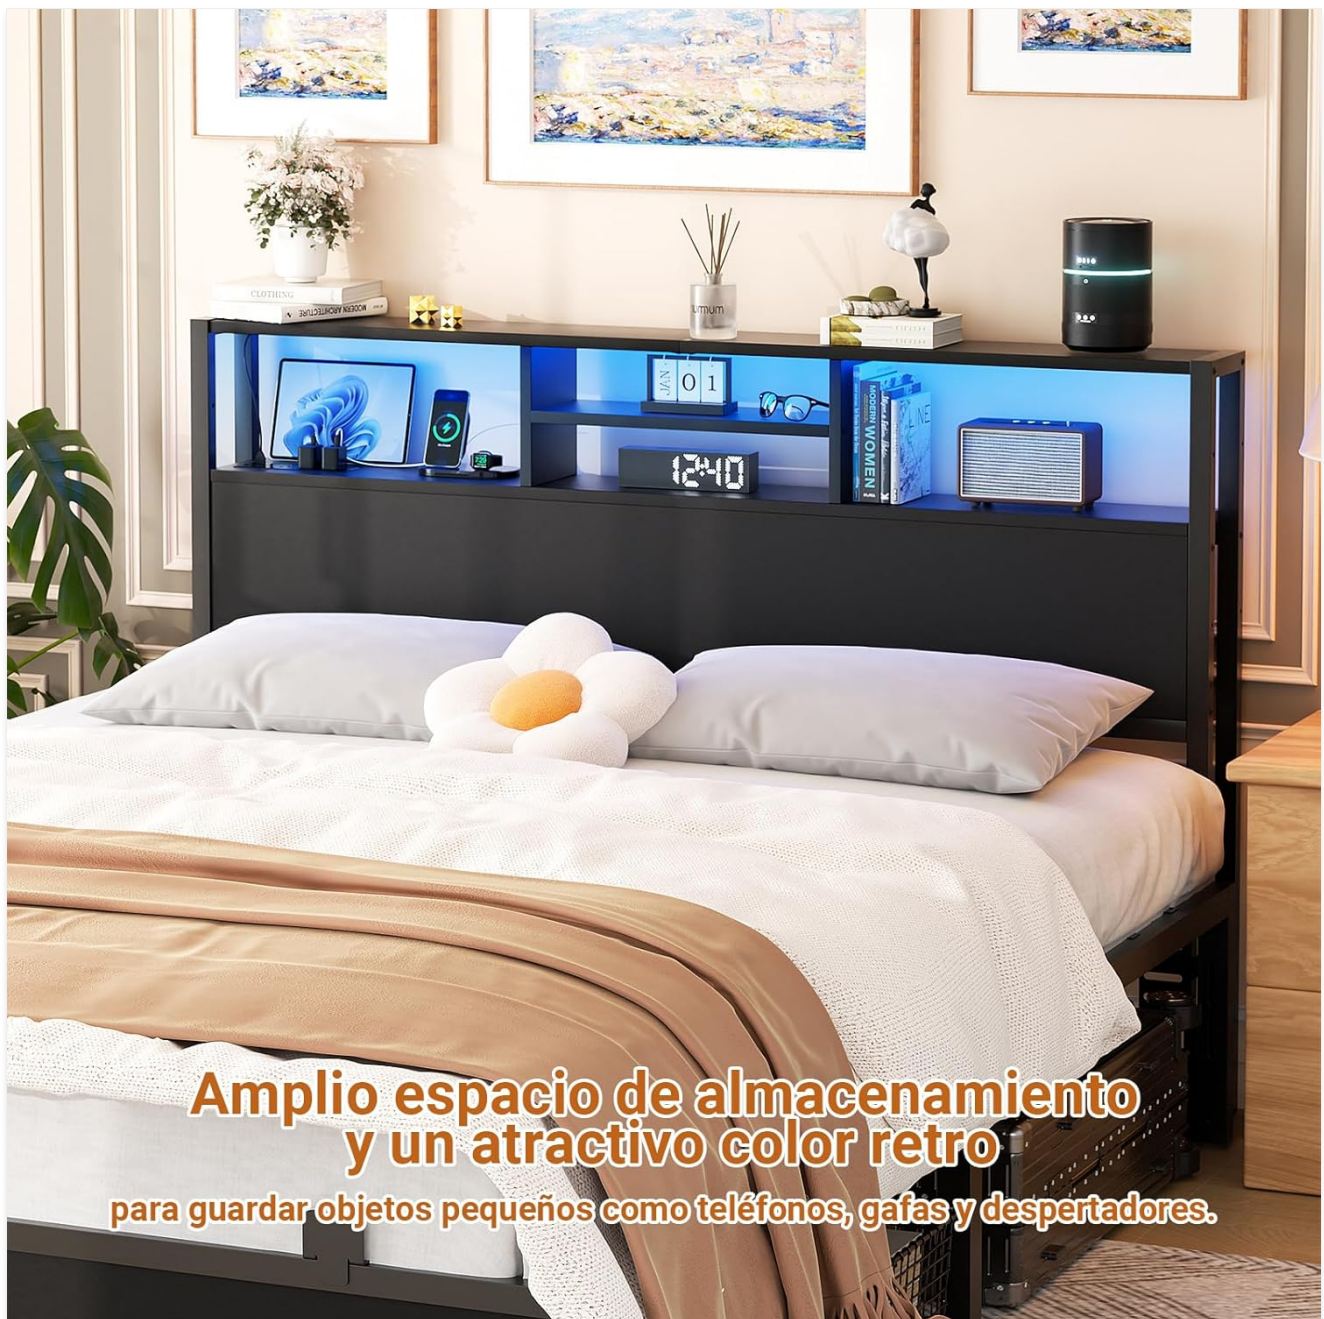

Image: This image demonstrates the smart LED lighting feature, showcasing its ability to synchronize with music and be controlled via a mobile application. The lights create an ambient atmosphere in the bedroom.

6. Features Overview

6.1. 3-Tier Storage Shelves

The headboard includes three levels of storage shelves, perfect for organizing books, phones, alarm clocks, and other personal items. This design helps maintain a tidy and comfortable resting environment.

**Amplio espacio de almacenamiento
y un atractivo color retro**
para guardar objetos pequeños como teléfonos, gafas y despertadores.

Image: This comprehensive view shows the headboard's key features: an integrated charging station for electronic devices, three tiers of storage shelves illuminated by LED lights, and adjustable feet for stability and height customization.

6.2. Durable and Stable Construction

Constructed from high-quality particle board and a sturdy metal frame, the headboard is designed for durability and stability. It resists wobbling and noise, ensuring a peaceful environment.

7. Maintenance

- Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Periodically check all fasteners and tighten if necessary to maintain stability.
- Ensure power cables are not pinched or damaged.

8. Troubleshooting

8.1. No Power to Charging Station or LED Lights

- Check if the headboard is properly plugged into a working wall outlet.

- Ensure all internal power connections within the headboard are secure.
- Verify that the wall outlet itself is functional by plugging in another device.

8.2. LED Lights Not Responding to App

- Ensure your smartphone's Bluetooth is enabled and connected to the headboard's LED controller.
- Restart the LED control application.
- Check if the LED power cable is securely connected.

8.3. Headboard Wobbles

- Ensure all assembly screws and bolts are fully tightened.
- Adjust the foot pads to compensate for uneven flooring.
- Verify that the bed frame adapters are securely attached to both the headboard and the bed frame.
